

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. PREFACE.

TO THE PUBLIC.

. The following list of the POST OFFICES IN THE UNITED STATES has been compiled from the Theorem 1 to Theorem 1 to Theorem 2 to Theorem

It has been the aim of the publisher to render the work as correct as possible and for that purpose every pains and precaution have been taken. An agent and assistant were at first employed to copy the list from the original records, and the accompanying communication is given to show the case which was at that time taken to insure its accuracy.

POST OFFICE DEPARTMENT.

Appointment Office, October, 1852

Mr. Charles R. Rode of the City of New York, in compiling the present list of Post Offices and Postmasters in the United States, has had unrestrained access to the Records of the Department, and his agent, to my personal knowledge, has used great care, and been at much pains, to render the list complete and accurate. I therefore cheerfully express my conviction, that this list is the most correct as well as the fullest of any ever published.

CHAUNCEY SMITH.

Aware of the liability to errors of a work of this kind, the publisher decided, notwithstanding the expense already incurred, to have the proof sheets compared with the books of the Department, and they were consequently revised by gentlemen employed for that purpose, each name being critically examined.

While the publisher does not expect that the list will be entirely free from mistakes, he feels justified in claiming that every thing which the most scrupulous care could suggest has been done to avoid them, and he hopes in succeeding publications to correct all that may exist in this.

Very Respectfully,

CHARLES R. RODE.

received. In like manner, the British office collects its portion, also, of two cents per newspaper. Thus, though such paper comes (as it should do) marked "Paid," there is still the United States postage of two cents to be collected of the receiver. If the newspaper, however, has passed, or is to pass through Great Britain in the open mail, from or to some B -All letters to and from foreign countries, (the British North American Provinces excepted.) are to be charged with single rate of postage, if not exceeding the weight of half an ounce; double rate, if exceeding half an ounce, but not exceeding an ounce; quadruple rate, if exceeding an ounce, but not exceeding two ounces; and so on-charging Newspapers.—Between the United States and Great Britain, the United States postage on each newspaper is two cents, which must be collected whether the paper is sent or other foreign conntry, then the sum, in each instance, to be collected here, is four cents—two, United States and two, British. When conveyed in the Prussian closed mail, the post-

Newspapers and periodicals to foreign countries, (particularly to the continent of Europe,) must be sent in narrow bands, open at the sides or end; otherwise, they are charge-Periodicals.—Periodical Works and pamphlets are not entitled to transit conveyance through the United Kingdom of Great Britain and Ireland, but they may be sent from the United States to the United Kingdom, and vice versa, at two cents of United States postage each, if they do not exceed two ounces in weight; and at four cents per ounce, or fraction of an ounce, when they exceed that weight, to be collected in all cases in the United States; and the same will be subject to an additional like charge in the United Kingdom. Under the postal treaty with Great Britain, however, no pamphlet can be sent exceeding eight ounces in weight, and no periodical weighing over sixteen ounces. When sent to, or received from foreign countries, without passing through the United Kingdom, they will be chargeable with the regular United States rates, to be prepaid when sent, and collected when received; and the weight, according to act of Congress of 30th August, 1852, must not exceed four pounds. able there with letter postage.

Mr. Livingston has an efficient and trustworthy correspondent in every town and city of the United States: hence he enjoys peculiar facilities for making collections, and conducting other legal business at all points: and, in all cases, he holds himself answerable for prompt and proper attention to business transacted through him. Being familiar with the laws of every State, relative to taking and certifying depositions, affidavits, proofs of accounts, the forms of deeds, letters of attorney, articles of partnership, &c., and the manner of their authentication, he gives particular attention to these matters, and having the requisite blanks, he insures both accuracy and dispatch. He negotiates purchases and sales of lands in every State. and procures the investigation of titles, and the payment of taxes. Parties buying or selling lands located at a distance, will find it for their interest to call on him, as much of the expense of preparing and executing convey ances, &c., may be avoided, he having all the necessary forms, and being the proper officer to authenticate the papers. Mr. Lewill give the name of a prompt and reliable attorney at any place required free of charge.

TUBACCO, SNUFF AND SEGAS.—E. GOODWIN & BROTHER, 207 and 209 WATER-ST., two doors above Fulton-st., New York., MANUFACTURERS OF FINE CUT CHEWING AND SMOKING TOBACCO.

Below we hand dealers in our line a list of our brands of Tobacco, and would particularly invite attention to our Yellow Bank Tobacco, put up in the foil, and packed in boxes of 6 and 12 dozen each. Also, our Sarsaparilla Mixed Chewing Tobacco, put up in the foil, and packed in boxes of 6 and 12 dozen each. Also, our Sarsaparilla Mixed Chewing Tobacco, put up in 13 and 24 dozen boxes. And E. Goodwin's Patent Fine Cut Present Tobacco, the only article that is put up to keep good in any climate.

BEWARE OF DECEPTION.—Several persons are manufacturing an article in appearance similar to E. Goodwin's; E. G. & Brother would therefore caution their customers not to purchase unless each box and paper has printed labels with his name, and patented Feb. 16, 1843. In addition to the above we manufacture the Spanish Mixed Smoking Tobacco, and put up in any style to suit the purchaser. We also have a large assortment of Plug Tobacco, Pipes, Segars, &c., and think buyers will find it to their advantage to call and examine our stock before purchasing elsewhere.
