

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + Refrain from automated querying Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. All communications pertaining to postal and money-order accounts of postmasters, payments to railroads, star route contractors, and other creditors for services rendered to the Department, or the collection of debts due the Post Office Department by civil suit or otherwise should be addressed thus: "Auditor for the Post Office Department, Washington, D. C."
- 27. No communication intended for the Auditor should be enclosed in envelopes addressed to the Post Office Department. Requests for information and other business matters will receive prompt attention provided letters are addressed as above directed.

DOMESTIC MAIL MATTER.

CLASSIFICATION.

1. Domestic mail matter includes matter deposited in the mails for local delivery, or for transmission from one place to another within the United States, or to or from c: between the possessions of the United States, and is divided into four classes:

First. Written and sealed matter, postal cards and private mailing cards.

Second. Periodical publications.

Third. Miscellaneous printed matter (on paper).

Fourth. All matter not included in previous classes.

- 2. Porto Rico and Hawaii are included in the term "United States." The Philippine Archipelago, Guam, Tutuila (including all adjacent islands of the Samoan group which are possessions of the United States), and the Canal Zone are included in the term "Possessions of the United States." The term, "Canal Zone" includes all the territory purchased from the Republic of Panama, embracing the "Canal Zone" proper and the islands in the Bay of Panama named Perico, Naos, Culebra, and Flamenco.
- 3. Domestic rates and conditions apply to mail matter addressed to officers or members of the crew of vessels of war of the United States, to matter sent to the United States Postal Agency at Shanghai, China, and, with certain exceptions (see page 200 of this Guide) to that sent to Canada, Cuba, Mexico, and the Republic of Panama. The domestic rate applies also to letters, but not to other articles, addressed to Great Britain, Ireland, and Newfoundland, and to letters for Germany despatched only by steamers which land the mails at German ports (see page 201 of this Guide).
- 4. Pamphlet of General Postal Information.—A pamphlet of general postal information has been issued for free distribution to the public through postmasters. It contains the classification, conditions, and postage rates, for domestic and foreign mail matter. Postmasters should make requisition on the Fourth Assistant Postmaster-General (Division of Supplies) for the number sufficient for their needs.

FIRST-CLASS MATTER.

5. Written matter, namely: Letters, postal cards, post cards (private mailing cards), and all matter wholly or partly in writing, whether sealed or unsealed (except manuscript copy accompanying proof-sheets or corrected proof-sheets of the same and the writing authorized by law to be placed upon matter of other classes.— See secs. 462, 471, 478 and 483, P. L. and R.). All matter sealed or otherwise closed against inspection is also of the first class (secs. 413 and 489, P. L. and R.).

NOTE.—Typewriting and carbon and letter-press copies thereof are held to be an equivalent of handwriting and are classed as such in all cases.

DROP LETTERS.

6. For definition and treatment, see "Note" after section 414, and section 420, Postal Laws and Regulations.

POSTAL CARDS.

- 7. Postal cards issued by the Post Office Department may bear written, printed, or other additions as follows:
- (a) The face of the card may be divided by a vertical line placed approximately one-third of the distance from the left end of the card; the space to the left of the line to be used for a message, etc., but the space to the right for the address only.
- (b) Addresses upon postal cards * * * may be either written, printed, or affixed thereto, at the option of the sender. (Act of July 12, 1876, ch. 179, 1 Supp. 110.)
- (c) Very thin sheets of paper may be attached to the card on condition that they completely adhere thereto. Such sheets may bear both writing and printing.
- (d) Advertisements, illustrations, or writing may appear on the back of the card and on the left third of the face.
- (c) The addition to a postal card of matter other than as above authorized will subject the card, when sent in the mails, to postage according to the character of the message—at the letter rate if wholly or partly in writing or the third-class rate if entirely in print. In either case the postage value of the stamp impressed upon the card will not be impaired.
- (f) Postal cards must be treated in all respects as sealed letters, except that when undeliverable to the addressee they may not be returned to the sender. (See secs. 548 and 673.)
- (g) Postal cards bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when enclosed in envelopes tightly scaled to prevent the escape of such particles with proper postage attached, or when treated in such manner as will prevent the objectionable substances from being rubbed off or injuring persons handling the mails. (Sec. 416, P. L. and R.)

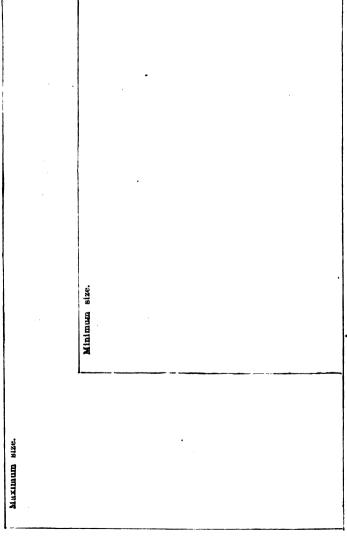

- 8. Double postal cards should be folded before mailing.—Intact double postal cards should be folded before mailing; postmasters should advise the public of this.
- 9. Either half usable separately.— Either half of a double domestic postal card may be used separately, but postmasters will not separate them.
- 10. Mailing reply part with initial half attached.— If the initial half of a double postal card be not detached when the reply half is mailed for return, the card is subject to postage according to the character of the message.
- 11. Reply postal cards to and from the Philippines.—The reply half of the Philippine double postal card of 1-cent denomination, overprinted with the word Philippine, shall be valid for postage when mailed in the United States and addressed to points in the Philippine Islands.

NOTE.—The United States 1-cent double postal card may be mailed from the United States to the Philippine Islands, and by arrangement with the Bureau of Posts of the Philippines, the reply half of the card is valid for postage when mailed in the Philippines and addressed to points in this country.

PRIVATE MAILING CARDS (POST CARDS).

- 12. Private mailing cards ("post cards") in the domestic mails must conform to the following conditions:
- (a) A "post card" must be an unfolded piece of cardboard not exceeding 9 by 14 centimeters (approximately $3\frac{2}{15}$ by $5\frac{2}{15}$ inches) nor less than 7 by 10 centimeters (approximately $2\frac{2}{15}$ by 4 inches), as shown by the following diagram:

Digitized by Google

- (b) It must in form and in the quality and weight of paper be substantially like the Government postal card.
 - (c) It may be of any color not interfering with a legible address and postmark.
- (d) It may or may not, at the option of the sender, bear near the top of the face the words "Post Card."
- (c) The face of the card may be divided by a vertical line; the left half to be used for a message, etc., but that to the right for the address only.
- (f) Very thin sheets of paper may be attached to the card, and then only on condition that they completely adhere thereto. Such sheets may bear both writing and printing.
- (g) Advertisements and illustrations may appear on the back of the card and on the left half of the face.
- (h) Cards, without cover, conforming to the foregoing conditions are transmissible in the domestic mails (including the possessions of the United States) and to Cuba, Canada, Mexico, the Republic of Panama, and the United States postal agency at Shanghai, China, at the postage rate of 1 cent each.
- (i) When post cards are prepared by printers and stationers for sale, it is desirable that they bear in the upper righthand corner of the face an oblong diagram containing the words "Place postage stamp here," and at the bottom of the space to the right of the vertical dividing line, the words "This space for the address."
- (j) Cards which do not conform to the conditions prescribed by these regulations are, when sent in the mails, chargeable with postage according to the character of the message at the letter rate, if wholly or partly in writing, or at the third-class rate, if entirely in print.
- (k) Cards bearing particles of glass, metal, mica, sand, tinsel, or other similar substances, are unmailable, except when enclosed in envelopes tightly sealed to prevent the escape of such particles, or when treated in such manner as will prevent the objectionable substances from being rubbed off or injuring persons handling the mails. (Sec. 418, P. L. and R.)

Note.—Cards mailed under cover of sealed envelopes (transparent or otherwise) are chargeable with postage at the first-class rate; if enclosed in unsealed envelopes, they are subject to postage according to the character of the message—at the first-class rate if wholly or partly in writing, or the third-class rate if entirely in print; and the postage stamps should be affixed to the envelopes covering the same. Postage stamps affixed to matter enclosed in envelopes can not be recognized in payment of postage thereon.

- 36. Unpaid matter, the sender of which is unknown, deposited in a post office, addressed for local delivery, is subject when delivered to the addressee to due postage at the single rate. - 44. For regulations relating to the free transmission in the mails of reading matter for the blind see section 518½, page 74, Supplement to Postal Laws and Regulations.

45. Limit of weight of mail matter (see secs. 487, 488, 496 and 509, P. L. and R., and sec. 513½, page 74, and amended par. 1, sec. 488, page 71, Supp. to the P. L. and R.)

TRANSPORTATION OF MAILS.

- 1. Alaska, dispatch of mails for.—All mails for Alaska are dispatched from Seattle, Wash. During the season of navigation all classes of mail are forwarded. During the winter season (from about October 1 to June 1), on account of the difficulty of transportation, the dispatch of mail for Alaska, except for offices on the southern coast, is limited, preference being given, first, to letters in their usual and ordinary form and postal cards; second, to single newspapers addressed to public libraries, newspaper publishers and to individuals. Books, catalogues, newspapers and periodicals sent to dealers for purposes of trade or otherwise, and merchandise, cannot be forwarded to interior offices during the winter season.
- 2. United States possessions, dispatch of mails for.— Mails for the Philippine Islands. Hawaii, Samoa and Guam are dispatched from Pacific Coast ports at the first available opportunity to secure the earliest arrival at destination. Mails for Porto Rico are dispatched by steamers from New York, N. Y. Mails for the Canal Zone are dispatched principally from New York, N. Y.; and, when the mails can be advanced, by steamers from New Orleans, La., and San Francisco, Cal.
- 3. Liquids, etc.—Admissible liquids and other articles liable to injure the mails, unless properly packed, must be put up for mailing as required by section 496, Postal Laws and Regulations. Postmasters are directed to give this matter special attention.
- 4. Diseased tissues.— Specimens of diseases, etc., must not be sent in the mails except as provided in section 495, Postal Laws and Regulations.
- 5. Posting letters at railway post offices.— The privilege of posting letters in mail cars and in letter-boxes at railroad stations collected from by railway postal clerks is intended only as an accommodation to travelers and to permit the mailing of a few late letters which cannot be deposited in post offices in time for their intended dispatch. Third and fourth-class matter must be fully prepaid. When in doubt if any article of those classes bears a sufficient amount of postage, railway postal clerks are instructed to carry it through to the terminus of their run, to be weighed and rated up.

PUBLIC ROADS AND POSTAL SERVICE THEREON.

6. The establishment and maintenance of public roads is a matter wholly within the jurisdiction of State and local authorities and a matter over which the Post Office Department has no control, and in cases where local authorities discontinue or permit the fencing up of a road in use as a post route so as to prevent performance of postal service, the discontinuance of such service is the Department's only alternative, and for any increase of distance or additional expense caused by the action of the local authorities in discontinuing or changing a road in use as a post route no additional pay can be allowed the contractor or sub-contractor for service on the route. Mail carriers have no authority to trespass upon private property, and the postal laws give them no special rights The law prohibits any wilful interference with or privileges as regards the use of public roads. the performance of postal service, but such prohibition does not authorize mail carriers to disregard State law or municipal ordinances as regards the use of public roads, nor authorize them to wilfully interfere with the rightful use of public roads by other parties. Neither is there any provision of law exempting mail carriers from the payment of toll or ferriage, as many seem to suppose is the case, and toll-gate keepers and ferrymen can rightfully refuse passage or ferriage to a mall carrier who refuses to pay the legal rate of toll or ferriage, but upon the tender of the lawful fee therefor a mail carrier must be promptly granted passage or ferriage, and a refusal thereof, in order to enforce payment of an indebtedness previously incurred, or for any other reason (except it be that ferriage be impossible or dangerous to life), would constitute a wilful obstruction of the mail, as prohibited by law.

STAR SERVICE SCHEDULES.

7. Postmasters should advise the Department whenever a change of schedule becomes necessary on a star route by reason of a change of the running time of trains on any railroad with which such star route connects, in order that proper action may be taken to have mails received and dispatched in such manner as will render the most expeditious service to the persons dependent upon the route for their mail supply; but changes of schedule entirely in the interests of the contractor or carrier should not be recommended.

COLLECTION AND DELIVERY OF MAIL ON STAR ROUTES.

- 8. On star routes where box delivery is required, such service may be had from the post office on either or on both sides of a box, but postmasters must not send mail matter for box delivery by carriers upon a verbal request; a written request for such delivery must be filed in the post office and mail must not be given a carrier under any circumstances, for delivery outside of the regular locked pouch, before it has reached the post office to which it is addressed. The Department does not prescribe any particular design of box or satchel to be used for this service, but the person providing either should see that it is of such character as to afford ample protection to his mail.
- 9. Collection and delivery of mail where star and rural delivery carriers use same road.— Delivery and collection of mail by star-route carriers will not be permitted over such portions of star routes as have in operation the rural delivery service, except as an additional or supplemental service when shown to be necessary and practicable.

10. Report cases where mail bexes on star routes are injured or destroyed maliciously.—Post-masters are expected to promptly report to the Second Assistant Postmaster-General, Division of Inspection, every instance coming to their notice in which boxes erected, for the reception of mail, along roads traveled by star-route carriers, are maliciously pulled down or injured.

PAYMENT FOR SERVICE.

11. All payments for carrying the mails on star, steamboat, railroad, electric car, screen wagon, pneumatic tube, mail massenger and special office routes, and for any temporary service that may be employed in conjection with said routes, are made by warrants drawn on the United States Treasury. Postmasters should not pay for such service, and must not expect the Department to refund any money they may have erroneously paid for the carriage of the mails. The Department cannot pay postmasters for carrying the mails, neither can it allow postmasters credit in their quarterly accounts for money paid by them for such service.

PAYMENTS OF SALARIES TO RAILWAY POSTAL CLERKS.

- 12. The acts of June 30, 1906, and March 2, 1907, still apply to payments to rallway postal clerks.
- 13. Regular, acting, and substitute clerks are entitled to one-twelfth the annual salary for a full calendar month's service regardless of the number of days in the month.
- 14. Regular clerks (including probationers) who enter the service during a 31-day month and perform full service to the end thereof are entitled to one-thirtieth of one month's compensation for each day's service, except for the 31st, for which nothing can be paid. If they enter the service during February and perform full service to the end thereof, they receive a full month's compensation less as many thirtieths as there were days elapsed prior to the date they begin service.
- 15. Regular clerks absent without pay a part of a month lose one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the month's compensation for each day's absence, according to the number of days in the month, provided substitutes are employed and paid from the lapsed salaries; if no substitutes are employed, the deduction is one-thirtieth for each day's absence regardless of the number of days in the month, and the last day of any month is counted as one-thirtieth.
- 16. Acting and substitute railway postal clerks for services during part of a month receive one-twenty-eighth, one-twenty-ninth, one-thirtieth, or one-thirty-first of the month's compensation for each day's service, according to the number of days in the month in which the service is performed.
- 17. Clerks who are promoted or reduced during a month receive one-thirtieth of one month's compensation for each day's service at each rate, except that in a 31-day month the 31st cannot be counted; in February the last day of the month in ordinary years is counted and paid for as three-thirtieths and in leap years as two-thirtieths.
- 18. When a clerk's pay office is changed during a month, either with or without change of salary, the amount to be paid by each postmaster will be computed on a 30-day basis, keeping in mind the rules in paragraph 4 concerning deductions for any absence without pay.
- 19. When a clerk is granted leave of absence with pay on account of sickness and required to furnish a substitute at his own expense, the regular clerk should receipt for the full amount of his salary during the period covered by his leave. The substitute's receipt for the amount paid him through his principal should be kept on file in the post office.

EMPLOYMENT OF TEMPORARY MAIL CARRIERS.

20. Postmasters should not employ any person to act in place of the regular mail carrier without first receiving authority from the Department to employ such temporary carrier, unless such employment is clearly justified by that section of the Postal Laws and Regulations which relates to temporary service under the class of service which it is proposed to replace. (Railroad Service, sec. 1201; Mail Messenger Service, sec. 1226; Star and Steamboat Service, sec. 1294.)

DUTIES OF POSTMASTERS AS TO REPORTING ARRIVALS AND DEPARTURES OF MAIL, ETC.

- 21. Use correct route numbers and termini.—All communications to the Department relative to mail routes should embrace the correct number and terminal points of such routes.
- ·22. Postmasters at terminal offices are directed to exercise especial care, in making out monthly registers of arrivals and departures of mails at their respective offices, to avoid the use of the route number given in the general advertisements, usually issued in September of one year for service from July 1 of the next year, when referring to service contracted for under a previous advertisement.
- 23. Report failures to supply.—Postmasters at intermediate offices on star and steamboat routes whose offices are not being supplied by the carrier both ways, that is, going and returning, will at once notify the Second Assistant Postmaster-General, Division of Inspection.
 - 24. Follow requirements in reporting arrivals and departures of mails.—Postmasters who are

required to report arrivals and departures of the mails are particularly cautioned to observe the following requirements of the Department:

(a) To keep a secord on blank Form 2201 of the exact time of arrival and departure of the mails using standard (railroad) time in every case, and to enter on the reverse side of said form the cause of each late arrival. Entries should be made at the time the mails are received and dispatched. Postmasters at reporting offices will be careful to give all the information called for on the various forms used.

These records must be ready at all times for the inspection of postal officials and forwarded to the Department promptly on the first day after the close of each month. These registers are the evidence upon which contractors are paid for the performance of the service, and they should receive their pay promptly; otherwise the efficiency of the service may be seriously affected.

- (b) To keep on file in their respective offices duplicates of all registers sent to the Department. It not infrequently happens that, because the original is lost in transit, or for some other reason, the Department desires a duplicate.
- (c) To enter in the body of the register in the column for that purpose, in plain figures, the actual time of arrival and departure each date. The exact time must be given and ditto marks must not be used.
- (d) To state on the face of the register the actual time of departure and arrival of the carrier. When, from any cause, a mail carrier is prevented from making the entire trip, postmasters should state on the back of the register the distance traveled from and to the office, naming the point, whether river, creek or post office, to which the carrier traveled, together with the cause of failure to complete the trip. This information will enable the Division of Inspection to give full credit for the exact distance over which service has been performed by the carrier.
- (c) To refuse to deliver the mail to the carrier in advance of the schedule hour for his departure. The carrier is subject to a fine for departing in advance of, as well as arriving after, the schedule time. Much complaint is made by patrons who have gone to a post office a few minutes before the schedule time for closing the mails and have found that the same had already been dispatched.
 - (f) To report promptly to the Second Assistant Postmaster-General:

Whenever any postmaster, assistant postmaster, or clerk employed in any post office, or any member of the immediate family of a postmaster or assistant postmaster, becomes a contractor, subcontractor, or carrier, or concerned in any contract for carrying the mail;

Whenever a carrier, without authority from the Department, changes from one road to another in performing the service, except where the regular road becomes impassable;

Any instance in which one carrier performs, on a single trip, service due on two or more routes.

- 25. A failure to observe strictly the above requirements will be regarded as sufficient ground for a recommendation for removal from office for neglect of duty.
- 26. Blank Form 2201 (Register of Arrivals and Departures of Mails) should never be used for reporting service to post offices not regularly established on a mail route and known as "Special Offices."
- 27. In forwarding Registers of Arrivals and Departures of Mails, postmasters should be careful to address the Second Assistant Postmaster-General, Division of Inspection.

MAIL EQUIPMENT.

- 1. Disposition of surplus serviceable mail bags and mail pouch locks.—All surplus mail bags of every description which are serviceable, and all surplus mail pouch locks in good condition must be forwarded (properly labeled, and bearing the name and postmark of the employee or office sending them) as soon as received, as follows:

- (f) From post offices in Michigan, Wisconsin, Illinois, Iowa, South Dakota, Nebraska, Utah, Wyoming, Idaho, Nevada, Washington, Oregon, Alaska, and from post offices supplied by the Ogden and San Francisco R. P. O. in California, east of Sacramento, to the postmaster at Chicago, Ill.
- (g) From post offices in Minnesota, North Dakota, and Montana, to the postmaster at Saint Paul, Minn.

- (A) From post offices in Missouri, Arkansas, Texas (with the exceptions noted in paragraph 3), Oklahoma, Kansas, Colorado, New Mexico, Arizona, and from post offices in the following counties in California: Los Angeles, Orange, Riverside, San Bernardino, San Diego, and Imperial, to the postmaster at Saint Louis, Mo.
- 2. Disposition of defective mail bags and mail pouch locks.— Defective mail bags and locks to be promptly disposed of according to sections 1351, 1366, and 1371, Postal Laws and Regulations, with the following exceptions: Eagle locks by ordinary mail to the Mail Lock Shop, Washington, D. C. Defective mail pouches of all sizes and styles from post offices and railway post office lines in the States of Michigan, Wisconsin, Minnesota, Illinois, Iowa, North Dakota, South Dakota, Nebraska, Utah, Montana, Idaho, Nevada, Washington, Oregon, and California, to the Sub-Mail Bag Repair Shop, Chicago, Ill. All other defective and serviceable equipment from these and other States to be forwarded as directed in the above paragraphs.
- 3. Care in examining mail equipment returned to mail bag depositories or storehouse .-- Surplus serviceable mail equipment returned to mail bag depositories and the Mail Bag Storehouse has to be reissued in the course of business without examination at certain periods of the year, and it is, therefore, incumbent upon all employees who may at any time have occasion to forward such serviceable equipment to see to it that no mail matter has been inadvertently left therein.
 - 4. Packing of equipment. Equipment should be packed as follows:
 - No. 1 sacks, 20 to the bundle, the twentieth being used as a packer.
 - No. 2 sacks, 20 to the bundle, the twentieth being used as a packer.
 - No. 2 pouches, 8 to the bundle, packed in a No. 1 sack. No. 3 pouches, 10 to the bundle, packed in a No. 1 sack.

 - No. 4 pouches, 15 to the bundle, packed in a No. 1 sack.
 - No. 5 pouches, 20 to the bundle, packed in a No. 1 sack. Catcher pouches, 15 to the bundle, packed in a No. 1 sack.
- 5. Allowance for tare and weight of mail sacks .-- Postmasters handling second-class matter from publishing houses and news agencies are authorized in weighing second-class mail matter in bulk for collection of postage, to allow 3 pounds 7 ounces for the weight of each sack of the No. 1 size, and 2 pounds 10 ounces for the weight of each sack of the No. 2 size used for the purpose. This supersedes Order No. 807 of August 27, 1903.
- 6. Loss of mail sacks issued to publishers and news agents.—Under section 1345, Postal Laws and Regulations of 1902, certain publishers and news agents are permitted to take mail sacks to their respective places of business, to be filled with printed matter for the mails. The publisher. or news agent, should be required by the postmaster to bind himself, in the usual way, to pay into the post office the sum of 65 cents for each No. 1 sack, and the sum of 50 cents for each No. 2 sack lost while in his custody.
- 7. An exact account is required to be kept with each publisher or news agent, in books now provided by the office of the Fourth Assistant Postmaster-General (Division of Supplies) of the number of sacks taken from, and returned to the post office. It is believed that this requirement is not being strictly adhered to at some post offices. It is incumbent upon each postmaster to see that all mail sacks issued under section 1345, above referred to, are duly accounted for within a reasonable length of time. Examinations of the books should be made at frequent intervals, and if it is found in any case that a publisher or news agent cannot account for such sacks as have been issued to him, the postmaster is expected to call upon him to make good the loss, in accordance with the agreement to that effect.
- 8. For money received from this source, receipts in triplicate are to be made; the original of which is to be delivered to the payor, the duplicate to be retained by the postmaster, and the triplicate sent to the Second Assistant Postmaster-General for proper action. The amount is to be deposited with other Government funds, and a suitable entry made in the postmaster's quarterly account to cover the transaction.

GENERAL SUPPLIES.

- 1. Postmasters and others connected with the postal service are informed that full instructions covering requisitions for general supplies are incorporated in the printed "List of Postal Supplies." This list is furnished in two editions - that for the use of postmasters at fourth-class post offices, and that for the use of postmasters at presidential post offices, the Railway Mail Service and the Division of Post Office Inspectors. These lists should be carefully consulted before requisitions for any class of supplies are made. Failure to do so frequently results in the submission of incomplete requisitions and their consequent return for revision or completion. The forms now in use for purposes of requisition are:
 - No. 1580A. For use at fourth-class offices only. General supplies.
 - No. 1580. Pink, old form, for use at third-class offices only. General supplies.
 - No. 1580. Pink, revised, for use by first and second-class offices only. General supplies.
 - No. 1579. Official envelopes.
 - No. 1567. Steel and rubber stamps.
 - No. 6053C. Bound money order forms.
 - No. 6054. Blank drafts.
 - No. 1580F. Follow sheet to be used with Form 1580, revised.

- No. 1581. Blank requisition for ordering from the Fourth Assistant Postmaster General,
 Livision of Supplies, specially printed facing slips. For the use of postmasters.
- No. 1581A. Blank requisition for ordering from the Fourth Assistant Postmaster General,
 Division of Supplies, specially printed facing slips. For the use of railway
 postal clerk.

No. 1581F. Follow sheets for use in connection with Forms 1581 and 1581A.

Care should be exercised in order that the proper form be used when submitting requisitions.

2. The following special instructions relate to several items of general supply, which should be carefully read in connection with the printed list.

SPECIALLY PRINTED FACING SLIPS - CHANGE IN THE ORDERING OF.

Beginning July 1, 1910, requests for specially printed facing slips will be made on blank requisition forms Nos. 1581, 1581a, and 1581-F direct to the Fourth Assistant Postmaster General, Division of Supplies, which office will place orders for the same with the printer. No more authorizations covering the cost of facing slips will be allowed.

When submitting requisitions for facing slips prepare copy in accordance with the instructions printed on the reverse side of requisition forms.

TYPEWRITERS.

3. Typewriters are furnished only to offices of the first and second classes and to stations doing sufficient business to warrant their use. Requests for typewriters should be made the subject of special correspondence.

MISCELLANEOUS OFFICE APPLIANCES.

4. Under this heading are included adding machines, duplicators, letter presses, numbering machines and trucks which are supplied only on special requisition to the larger post offices and should invariably be made the subject of a separate communication.

STATIONERY.

5. Stationery is furnished to first and second-class offices on regular requisition and in limited quantities to those of the third and fourth classes. (See List of Postal Supplies covering presidential and fourth-class post offices, respectively.)

STEEL AND RUBBER STAMPS.

6. Postmasters should be guided in ordering this class of supplies by the instructions contained in the List of Postal Supplies.

BLANKS.

- 7. When making requisitions for blank supplies Postmasters at first and second-class offices are requested to order sufficient quantities at one time to meet the requirements of their respective offices for a priod of three months. Postmasters at third and fourth-class offices should confine their requisitions, except in cases of urgent necessity, to one each year. It is especially desirable that postmasters will see that surplus stock does not accumulate in their offices. While the present policy of the Department is one of strict economy and conservatism in the matter of furnishing supplies, it is not expected that postmasters will allow the service to suffer for lack of necessary equipment or supplies, but that economy, so far as possible, considering efficiency of service, be exercised by each officer in the field.
- 8. Requisitions for specially printed forms, for blanks not listed in the List of Postal Supplies, or which are supplied by other bureaus, should not be entered on the regular requisition forms, but should be made the subject of a separate communication addressed to the bureau having jurisdiction over the forms desired. As a rule postmasters should send requisitions for forms used in the Railway Mail Service to the superintendent, Railway Mail Service, of the division in which their office is located. Further information of a specific nature will be found in the printed List of Postal Supplies.

FREIGHT SHIPMENTS.

9. For the information of those concerned there follows a copy of the Postmaster-General's Order No. 1545, relative to the dispatch and receipt of equipment and supplies for the postal service. Additional information along these lines will be found on page 19 of the List of Postal Supplies for offices of the fourth-class, and on page 68 of the List for presidential offices.

Order No. 1545.

JULY 1, 1908.

- Ordered, (1) All postal employees must observe the following instructions to facilitate the dispatch and receipt of equipment and supplies for the postal service:
- (2) All shipments by freight intended for the postal service must be made out on Post Office Department bill of lading (Form No. 1410), such form having been approved by the Comptroller of the Treasury.
 - (3) Read and observe all instructions on the bill of lading.

- (4) Every employee or contractor who issues a bill of lading for the shipment of government property, after carefully preparing the bill of lading (Form No. 1410) and two memorandum copies thereof (Form No. 1412) in accordance with instructions, will deliver to the agent of the transportation company who receives the shipment a shipping order (Form No. 1411). After the bill of lading has been signed by the agent of the transportation company the person issuing said bill of lading will fill out and sign the blank provided thereon for the consignor's certificate of shipment and forward the bill by mail to the consignee. He must also forward, properly receipted, one of the memorandum copies of said bill of lading to the officer designated thereon, with a weekly statement showing the charges made for freight shipped by him. The other memorandum copy is to be retained in the files of the consignor. All copies should be made at one time by means of carbon.
- (5) Great care should be taken to ascertain the correct weight of a shipment before entering the same in the bill of lading.
- (6) Any contractor or employee who improperly issues a bill of lading must write across the face of each sheet of the entire set the word "Void" and mail the set to the proper officer.
- (7) Any cartage charges advanced at the original point of shipment by a transportation company should be entered on the memorandum bill of lading.
- (8) When a shipment is made to a postmaster he will pay the drayage charges and take a receipt on the dray-ticket form enclosed with the bill of lading. If the officer or employee to whom the shipment is made is not a postmaster, he will pay the drayage charges and present the receipted dray ticket to the postmaster at place of destination, who will refund to him the amount paid. Postmasters will be credited by the Department in the settlement of their accounts with the amounts paid for drayage and amounts refunded by them to other officials upon the presentation of proper receipts.
 - (9) Postmasters must keep a record of dray tickets, on which no freight charges must be paid.
- (10) This arrangement for the payment of drayage charges at destination does not supersede or affect any previous arrangement made with transportation companies for the payment of drayage charges on shipments for the postal service.
- (11) No payment of any kind should be made by an officer or employee of the postal service for freight charges on a shipment covered by a Post Office Department bill of lading.
- (12) Upon receipt of the original bill of lading, check carefully, noting a space provided on reverse side thereof the condition and weight of shipment. Do not fail to give all the information required in consignee's certificate of delivery.
- (13) Should the original bill of lading fail to reach the consignee before the receipt of the shipment, he will issue a receipt (Form No. 1419) to the agent at designation, stating that the receipt is given because bill of lading No. —— has not come to hand.
- (14) All charges for freight must be settled on original bill of lading through auditing department of the transportation company making delivery of shipment.
- (15) In case the original bill of lading should be lost a certificate of shipment may be issued by the proper officer upon an application made by the consignee or the agent of the delivery transportation company, or both, if convenient. When such certificate of shipment is issued in lieu of the original bill of lading for settlement, it must be handled in the same manner as the bill of lading.
- (16) All freight charges must be adjusted by the Department on original bill of lading, or the certificate of shipment above referred to, accomplished and vouchered on the Post Office Department form of voucher for transportation of freight, certified by the proper officer of the transportation company.

MONEY ORDER BLANKS AND OFFICIAL ENVELOPES.

10. Full information relative to Money Order Blanks and Official Envelopes will be found in the List of Postal Supplies. Postmasters who have failed to receive this pamphlet should immediately make requisition on the Fourth Assistant Postmaster-General, Division of Supplies, for a copy.

SUMMARY.

- 11. The faithful performance of the duties of a postmaster depends as much upon the handling and the caring for all articles of supplies furnished by the Division of Supplies as it does upon the handling and caring for postal funds coming into their hands in due course of business, and anything short of the degree of care that ordinarily would be exercised by a prudent man in the management of his own affairs is negligence and a violation of his oath of office. When it is necessary to trust the ordering and the caring for supplies to subordinates, postmasters should adopt at their respective offices such efficient means as will safeguard all articles of supplies against depredation and waste.
- 12. All requisitions properly submitted to the Fourth Assistant Postmaster-General, Division of Supplies, will be given prompt attention. When for any reason it is deemed advisable to withhold action upon a requisition, the cause therefor will be made the subject of a communication between the Department and the office from which the requisition in question emanated. But should supplies ordered be not received within a reasonable time and no reason advanced by the Depart-

ment as to why they have not been sent, a second requisition marked "Duplicate." stating the date of the original, should be prepared and forwarded as above stated. In this connection, postmasters' attention is directed to the fact that supplies destined to any particular office, the aggregate bulk of which weighs 100 pounds or more, will invariably be forwarded by freight and postmasters should take cognizance of this fact and make a reasonable allowance of time when submitting requisitions.

13. The plan recently inaugurated by the Division of Supplies of furnishing to offices of the first and second classes press-copy invoices of shipments of supplies is an unqualified success, such invoices being the means of informing postmasters the articles of supplies shipped in response to their requisitions, the date of shipment, and whether sent by freight or mail. Despite the very plain instructions concerning the preparation and submission of requisitions printed on the reverse side of new requisition form No. 1580, many postmasters are not properly interpreting them, which only tends to hamper the successful carrying-out of the plan. In view of this fact and for the information of all concerned, herewith is reprinted from the February supplement to the Official Postal Guide a summary in explanation of the most important paragraphs, which should be carefully read and followed when preparing requisitions:

"Par. 2. It is absolutely necessary that requisitions be filled out in copying ink in order that press-copy invoices may be made at the Division of Supplies for forwarding to postmasters, thus giving them full information as to the treatment of their requisitions. Postmasters must

not press-copy requisitions.

"Par. 7. The efficiency of the press-copy invoice plan depends upon the strict adherence by postmasters to the instructions contained in this paragraph. The Department has, at great expense, catalogued (List of Postal Supplies) each and every article of supply kept in stock in the Division of Supplies which is ready for immediate distribution to postmasters, and no request for any article not li. 'ed therein (or subsequently published in the monthly supplement to the Official Postal Guide) should be included in requisitions calling for general office supplies. lgnoring this important feature will only result in the request being stricken from the requisition. When preparing requisitions the catalogue should always be consulted and the lowest numbered blank form a supply of which is to be requested should begin the requisition to be followed in numerical sequence by the others for which requisition is to be made. The same rule is to be rollowed in requesting articles listed under "Item" numbers. Write out the "description" called for on the requisition forms. If articles wanted cannot be found in the catalogue it is because they are not kept in stock in the Division of Supplies, and the matter should be made the subject of a letter.

"Par. 9. Offices of the first and second classes must anticipate their needs and order general office supplies in sufficient quantities at one time to meet their requirements for three months. and no more than four general requisitions for such supplies should be submitted in any one calendar year. Postmasters should be careful to order only such articles as they are entitled to use. When the use of certain blanks is especially authorized by the different bureaus of the Department, such authority must first be obtained before requisition is entered. All requisitions are carefully scrutinized and no article is ever allowed unless the office in question has previously been authorized to use it.

" Par. 10. It is not supposed that rubber and steel postmarking and canceling stamps and miscellaneous parts thereof, which are subject to wear and tear, will become unserviceable at an; specified time; nor can a postmaster's requirements for such articles be reasonably anticipated, and, therefore, requisitions covering this class of supplies must be made as the exigencies of the service may require and not submitted at stated periods. For this reason it has been deemed expedient to separate requisitions for these articles from those calling for general office supplies, which latter requisitions are forwarded only once in every three months. As a rule press-copy invoices of shipments of postmarking and canceling stamps will not be sent because, by reason of their peculiar nature, they are not kept in stock and must be ordered from contractors, who require time to manufacture them.

" Pars. 11, 12, 13, 14 and 15. Articles enumerated or described in these paragraphs, with tut few exceptions, are not kept in stock at the Division of Supplies, but must be ordered from the different contractors with which the Department has agreements, or must be manufactured or printed as the case may be. All requests for these articles must be the subject of a letter, in which should be included a brief statement as to the necessity for the article requested, together with any other information that will be helpful to the Division of Supplies in determining whether the article should be allowed. It is not necessary that every article desired should each be made the subject of a communication, but if more than one of the same general nature are needed they should be included in one communication."

14. Requests for allowances for the purchase of articles enumerated in paragraph 11 will not be granted except in special cases where articles not under contract are absolutely required to meet the needs of the service. Requesis for appliances not listed in the List of Postal Supplies should state the make, style, figure number, catalogue number dimensions, and all other details necessary to enable the Division of Supplies to secure the exact article required or a suitable ouostitute.

- 15. In requesting allowances for the repair of typewriters, scales, etc., competitive proposals from not less than three concerns doing repair work should be submitted with such requests. When typewriters and adding machines are to be repaired their serial number must be given.
- 16. Information concerning the furnishing of general supplies and all changes affecting the same are, from time to time, printed in the monthly supplements to the Official Postal Guide, which postmasters will please notice.

MONEY ORDERS.

- 1. New form to be introduced.— In giving effect to an act of Congress repealing the statute which provided that the postmaster issuing a money order should send a notice thereof by mail to the postmaster at the paying office (sec. 993, P. L. and R.) it is the purpose of the Department to provide a new form of domestic money order with a detachable coupon giving particulars which shall take the place of the advice and be presented with the money order at the office drawn on and there held. Introduction of the new form will be gradual. Supplies of the same will be furnished to postmasters by degrees, or as stocks of the present form become exhausted. Postmasters will make timely requisition for books of blank money orders, as heretofore; but it will not be necessary to ask that the forms to be furnished be of the new kind. Until otherwise directed, blank money orders of the present form for any office, whether in the possession of the postmaster or in the hands of the contractors, are to be used before forms of the new kind will be furnished. (See the paragraph herein numbered 4, relative to advices.) Full instructions describing features of the new form and governing the use thereof will be sent to postmasters at all money order offices in due course.
- 2. Care in issuing money orders.—Domestic money orders may not be drawn upon offices not included in the published lists of money order offices. A money order payable in a city having stations should be drawn on the main office and not on a station; for example, on "Chicago, Illinois," not on "Englewood Station, Chicago, Illinois." A money order, however, may be drawn on and paid at a branch office, or may be cashed on due presentation thereof at any station or branch of the office on which it is drawn.
- 8. Alterations forbidden.— A name or amount incorrectly written in a money order must not be altered. When a mistake of this kind is discovered before the order has been taken from the post office the postmaster should treat the order as spoiled and "not issued," and after causing any necessary amendment of the application should fill out and deliver to the applicant the order bearing the next higher number without charging an additional fee even if mistake was made by the latter in filling out his application originally.
- 4. Dispatch of advices.— By the first mail after issue of a money order of the present style the postmaster must forward the corresponding advice to the postmaster at the office of payment. Particular care should be taken not to delay unnecessarily the dispatch of advices of such orders issued at a late hour on Saturday. A money order of this kind may be cashed in advance of receipt of the advice, however, at the office drawn on, if it bears no evidence of erasure or alteration and is presented in due form by the payee or other responsible party. Application should then be made on Form 6006 for an advice.
- 5. Identification.— The person who presents an order for payment must be identified if unknown to the postmaster. The postmaster who pays a money order upon endorsement to an unknown or irresponsible person without knowing that the signature to the endorsement is the genuine signature of the payee, or without obtaining the signature thereto of some reliable person expressly guarantying the endorsement, does so at his own risk.
- 6. Payments.— When an order is presented by the payee for payment, or by the remitter for repayment, it matters not how many endorsements may appear or how many signatures there may be at the place for receipt thereon; payment or repayment, as the case may be, should be made, provided there is space for the payee or remitter to sign his name opposite or below the words "Received payment," and that the order is not irregular in any other respect nor invalidated by age.
- 7. Bank stamps.— The stamp impressions which banks ordinarily place upon orders left with or sent to them for collection are not regarded as endorsements transferring ownership of the orders.
- 8. Payments to banks.—When an order purporting to have been receipted by the payee, or first endorsee, is deposited in a bank for collection, the postmaster at the office drawn upon may effect payment to the bank, provided there be a guarantee on the part of the bank that the latter will refund the amount if it afterward appear that the depositor was not the owner of the order. An order thus paid should bear upon its back the impression of the stamp of the bank. The person receiving payment in the bank's behalf on an order thus receipted, the signature of the payee or endorsee being left undisturbed, may be required to write his name upon the back of the order.
- 9. Payments withheld.—When irregularities occur in money orders, postmasters should follow the instructions in section 1009 of the Postal Laws and Regulations, particularly when the amount named in the body of an order differs from the marginal figures or the amount named in the advice (or in coupon of new-style order). Failure to secure second advices or corrected statements of particulars in cases of discrepancy between written amount and marginal figures is likely to result in issuing postmasters charging one amount and paying postmasters claiming credit for payment of a different amount, thereby causing annoyance and delay in auditing.

13. The foregoing tables, or those in the Register of Money Order Post Offices, as amended by publication in the Monthly Supplements, should be kept in sight and referred to, in order to ascertain the correct fee to be charged for the issue of a money order. The tables of fees printed on the back of the applications for International money orders (Form No. 6701) are often misleading, because of changes made since some of such forms now in the hands of postmasters were printed. It is impracticable to issue a new edition and restock 8,000 post offices whenever a change of that kind is made, but due notice of any such change is always given in the Official Postal Guide.

14. International orders.— There are now in operation conventions for the exchange of money orders between the United States and fifty-eight countries named below:

^{*}Draw orders on domestic money order form.

- 15. Payment on an international order.— Upon receiving an international order, from the issuing postmaster, the remitter should forward it at his own cost to the payee, and should retain the receipt form. In the case of orders drawn for payment in Apla, Austria, Belgium, Bolivia, Chili, Costa Rica, Denmark, Egypt, Germany, Greece, Honduras (Republic), Hungary, Italy, Japan, Liberia, Luxemburg, Netherlands, Norway, Peru, Portugal, Russia, Salvador, Sweden, Switzerland, the order is to be forwarded as a means of identification of the payee, although payment is effected on an order of different form.
- 16. Rates of conversion.— The following are the rates adopted by this Department for the conversion into foreign money of amounts of International money orders issued in the United States:
 - (a) One pound sterling (£) is equal to \$4.87.
 - (5) One German mark is equal to 23 9-10 cents.
- (c) One French, Swiss or Belgian franc, or one Italian lira, is equal to about 19 4-10 cents (Frs. 5.15 = \$1).
 - (d) One Portuguese milreis is equal to \$1.08.
 - (e) One Danish, Norwegian or Swedish crown is equal to 26 9-10 cents.
 - (f) One Austrian or Hungarian crown is equal to 20 4-10 cents.
 - (g) One Netherlands florin is equal to 401/2 cents.
 - (h) One Russian rouble is equal to 51.46 cents, and \$1 is equal to 1 rouble, 94.33 copecks.
- (i) The money of British Honduras, Canada, Cuba and Newfoundland, is similar in denomination and value to that of the United States.
- (k) Amounts of orders payable in the Canal Zone, Mexico and the Philippine Islands are expressed in United States money, and the equivalent is paid thereon.
- 17. There is no fixed rate of conversion for money orders payable in Bolivia, Chili, Costa Rica, Egypt, Honduras (Republic), Hongkong, Japan, Peru, Salvador. The amounts are converted into the proper equivalents by the postal administrations of the countries of payment. Money orders drawn for payment in Antigua, Bahamas, Barbados, Bermuda, British Guiana, Dominica, Grenada, Jamaica, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent, Trinidad and Tobago, and Virgin Islands, are issued on Domestic money order form, and the amounts are expressed in dollars and cents only; payment is effected in those colonies in sterling money at the rate of £1 = \$4.87.
- 18. Card order for Germany or Apia.— With the advice of each international order drawn for payment in Germany or Apia a card order must invariably be forwarded to the proper exchange office. Advices and card orders payable in Germany should be forwarded to the New York Exchange Office, and those payable in Apia should be sent to San Francisco. Payment is effected both in Germany and Apia on the card order. (See model of card order in the "International List.")
- 19. Chinese and Japanese addresses.—Form 6083 should be filled by the remitter and attached to the advice of any order payable in Japan, or at a Japanese post office in China or Korea, whenever the remitter and payee are Japanese, Chinese or Korean.
- 20. Croatia and Slavonia.— Care should be taken in designating the nationality of orders to distinguish between orders payable in Austria or Hungary. Orders payable in Croatia and Slavonia are to be drawn as "Hungarian," not "Austrian." (See list of Territorial Divisions, International List.)
- 21. Transposed advices.—The transposition of advices is a frequent cause of complaint. Errors of this character will be avoided if:
 - (a) The application is numbered before the order is issued;
 - (b) The advice is completed at the moment the order is issued.
- 22. If this is impracticable, the advice before its dispatch should be carefully compared with the application and coupon bearing the same number.
- 23. In addition to the countries with which the United States maintains a direct exchange of money orders, there are a number of places and countries with which an "Indirect" exchange is carried on, through the intermediary agency of a foreign Post Office Department.
- 24. "Indirect Orders" are to be drawn on the country which is named as the agent, and are to be treated in every respect as if payable in that country. Such orders and their advices are not to be headed "China," "Turkcy," "Morocco," "Palestine" or "India," but the nationality is to be designated according to the country through whose agency payment is to be effected "France," "Germany," "Hongkong," "Japan," "Austria," or "Great Britain" as the case may be. If payment is to be made through Germany, a card order, Form No. 6309, should be issued and sent to New York with the advice.
- 25. For orders payable through Austria, Belglum, Denmark, Egypt, Germany, Hongkong, Japan, the Netherlands, Portugal, Sweden, and Switzerland the fees in Table No. 2 should be charged, while in the case of orders payable through France, Great Britain, and Italy the fees in Table 3 should be charged.
- 26. Remitters should be informed that orders drawn for payment through the French Post Office Department, through Hongkong, or New Zealand, or through the British Post Office Department if drawn for payment at Panama, should be forwarded to the payees, to whom payment will be made on the original order. In all other cases payment will be made on another order of different form, forwarded by the Post Office Department which effects payment. In the latter case it is, therefore, important that the full address of the payees, including place of residence, be furnished. For instance, the address, Bombay, India, or Jassy, Roumania, is insufficient; street and number should be given. (See Art. 33 for a partial list of large cities.)

- 27. In the case of orders forwarded through Germany, Great Britain, Italy, Sweden, or Switzer land, a small deduction is made from the value of the order, but no such deduction is made by Germany on orders payable in Heligoland, or the German Post Offices in Africa, or by Great Britain on orders payable at the British Postal Agency at Panama.
 - 28. For intermediary service the rates charged are as follows:

| Great Britain: For each sum of £5 or fraction thereof | 3 pence. |
|--|--------------|
| Italy: For each sum of 10 francs or fraction thereof | 10 centimes. |
| Sweden: One-half per cent. of face value of order | ⅓ per cent. |
| Switzerland: For each sum of 50 francs or fraction thereof | 25 centimes. |

29. If the deduction for fee as indicated above would equal or exceed the face value of the order applied for, the remitter should be so advised, and the order should not be issued.

30. Selection of agent.— It has hitherto been the practice of this Department when more than one foreign postal administration tendered its services as agent for the payment of money orders in a given locality to accept all such offers and include the names in the Indirect Exchange List, leaving the selection to the remitter's decision. This course has been found to cause confusion, and occasionally to lead to double payment; it has, therefore, been decided to name but one country as agent for any one locality, the selection being determined by considerations of economy in the charge for the service rendered or of greater expedition in transmission of the orders.

INDIRECT EXCHANGE LIST.

31. Subjoined is a list of countries and places with which an "indirect exchange" is maintained, with the name of the country which acts as agent.

34. Applications for duplicates of lost money orders issued or payable in Bahamas, Bermuda, British Guiana, British Honduras, Canada, Canal Zone, Cuba, Mexico, Newfoundland, the Philippine Islands, or the following islands in the West Indies: Antigua, Barbadoa, Dominica, Grenada, Jamaica, Montserrat, Nevis, St. Kitts, St. Lucia, St. Vincent, Trinidad and Tobago, Virgin Islands.— Postmasters in the United States should apply for duplicates of orders issued or payable in these countries, on Form 6002, and transmit such form to the Department, under cover of an envelope addressed to the Third Assistant Postmaster-General, Division of Money Orders, Washington, D. C.

35. Duplicates of invalid orders.—Applications should be made on Form 6002 to obtain a duplicate of an order issued or payable in one of the countries enumerated in the preceding paragraph which may have become invalid by reason of age. Application for such a duplicate should be sent, with the original order and advice, to the Third Assistant Postmaster-General, Division of Money Orders.

MONEY ORDER BUSINESS WITH MEXICO ON THE DOMESTIC BASIS IN EFFECT OCTOBER 1, 1909.

36. The instructions contained in Circular No. 6377 relative to the transaction of money order business with Canada, Cuba, and certain other countries, will for the present apply in general to the transaction of money order business with Mexico; special attention, however, is directed to the following features of the exchange with that country:

87. Money orders issued in the United States will be drawn in dollars and cents, in the same manner as all other orders drawn on the domestic form; but will be payable in Mexico in Mexican currency at the rate of two pesos for every dollar, and two centavos for every cent. The currency of Mexico consists of pesos and centavos, each peso containing one hundred centavos, and the Mexican peso is valued at fifty cents United States currency. Money orders for payment in Mexico must be carefully drawn on a duly authorized money order office in that country. The name of the office must be very plainly written, and the name of the State in which it is situated given. This is very important, as there are numerous offices of similar names in different parts of Mexico. In writing the name of the State the official abbreviation thereof may be used.

38. The alphabetical list of offices in Mexico, authorized to issue and pay money orders, with the States in which they are respectively situated, will be printed in the Register of Money Order Post Offices published annually by the Department.

89. Money orders issued in Mexico will be drawn in Mexican currency (pesos and centavos) and will be payable in the United States at the rate of one dollar for every two pesos, one cent for every two centavos.

40. The amounts of such orders will be in even numbers in so far as centavos are concerned, but should a money order be drawn through error for an odd amount in centavos, the paying postmaster will disregard the odd centavo, and pay the equivalent of the even sum. For example, should a Mexican order be drawn for twenty-five centavos, it would be payable in the United States for twelve cents (equals twenty-four centavos) only.

41. Each Mexican money order paid should be marked with red ink with the amount paid thereon in United States money, which should be one-half of the amount in Mexican money. This amount should be plainly written in the upper right-hand corner of the order and directly under the entry of Mexican money, example:

| Amount issued in Mexican | money | \$99.40 |
|--------------------------|-------|---------|
| Paid | | 49.70 |

If the conversion of Mexican money to the United States money results in one-half cent, such one-half cent is to be dropped.

42. A list of the numerals in the Spanish language from one to one hundred is printed in the Register of Money Order Post Offices published by the Department.

TREATMENT OF CANADIAN POSTAL NOTES WHEN PRESENTED FOR PAY-MENT IN THE UNITED STATES.

- 43. Canadian postal notes, if presented for payment within twelve months from the date of issue, may be paid at money order offices in the United States, provided that:
 - (a) They show no evidence of alteration or correction;
 - (b) Are properly drawn on the money order office where presented;
 - (c) Bear the impression of the date stamp of the issuing office;
- (d) Are presented by the payee named in the body of the postal note, and are receipted by him either on the face or the back of the note.

Payment should not be refused because a note:

- (e) Bears an indistinct date:
- (f) Is drawn on a station of the office where presented;
- (g) Fails to designate the paying office correctly or omits entirely to name it.
- Before paying an imperfect note, however, the postmaster should satisfy himself of the identity and responsibility of the payee, as well as that his office is the one intended.
- 44. Canadian postal notes are drawn and payable for fixed sums printed on the notes; post-masters should effect payment for such sums only, and should not include therein the value of Canadian postage stamps, if any, attached thereto.
- 45. Canadian postal notes have no advices, they are not negotiable, they are payable only to the payers named, and their transfer by endorsement is prohibited. The stamp impressions placed thereon, however, by banks forwarding them for collection are not to be regarded as endorsements.
- 46. Except as otherwise provided herein, the terms of section 1004, Postal Laws and Regulations, are applicable to the payment of Canadian postal notes.
- .47. Payment of a Canadian postal note should be refused (a) when it is presented at a money order office other than the one drawn upon, or by a person other than the one named therein; (b) when it lacks the stamp of the office for which it was printed; (c) or bears evidence of alteration.
 - 48. The holder of a rejected note should be advised to return it to the sender for repayment,
- 49. Postal notes must be properly receipted before payment, and immediately thereafter must be stamped with the impression of the money order dating stamp of the paying office.
- 50. Credit for payment of Canadian postal notes should be taken in the money order statement and the paid notes should be transmitted to the Auditor as vouchers, with the statement in which credit is claimed.

BRITISH "POSTAL ORDERS" NOT PAYABLE IN THE UNITED STATES.

- 51. Postmasters in the United States must not "cash" British "postal orders," or "postal orders" (postal notes) originating in any British possession, except Canada,
- 52. The conventions between the United States and other countries provide for the exchange of regular money orders only. Holders of "postal orders" other than Canadian must be informed that such instruments are not payable in the United States and that they should be returned to the senders. In an exceptional case, a postmaster may, at the request of the owner, send such "postal order" to this Department, for transmission to the British Office, with a request for payment by means of an international money order for the same amount, less fee and poundage due, but the practice of receiving remittances in this form must not be encouraged.
- 53. "Postal orders" are printed in fixed denominations, without advices, and must not be confounded with the regular international money orders, which have corresponding advices, and in which the amount is written by the issuing postmaster.

DEFECTIVE FOREIGN MONEY ORDERS, CASHED IN THE UNITED STATES, NOT TO BE SENT TO THE ISSUING POSTMASTERS FOR REIMBURSEMENT.

- 54. Defective money orders, issued in other countries, and cashed by postmasters in this country under the provisions of section 1003, Postal Laws and Regulations, are sometimes returned to the issuing postmasters for reimbursement by draft or otherwise.
- 55. Orders issued in another country, and cashed under the provisions of the said section, should invariably be sent, with the corresponding advices, to the Third Assistant Postmaster-General, Division of Money Orders, for adjustment.
- 56. Forms Nos. 6079 and 6588, employed for the exchange of irregular orders between post offices, are to be used only in transactions between postmasters in the United States, and must never be sent to a postmaster in another country.

PAID INTERNATIONAL MONEY ORDERS TO BE TRANSMITTED TO AUDITOR WITH MONEY ORDER STATEMENTS.

57. Postmasters are requested to cause international forms to be enclosed with statements in a separate package from the domestic paid orders, and wrapped in such manner that they will be fully protected from injury in transit.

INTERNATIONAL ORDERS PAID AND INTERNATIONAL ORDERS REPAID MUST BE TAKEN UP SEPARATELY UNDER APPROPRIATE HEADINGS IN POST-MASTERS' MONEY ORDER STATEMENTS.

- 58. The former practice of claiming credit for authorizations for repayment of international orders issued with international orders paid under the single heading "International Orders l'aid and Repaid" must be discontinued, for the reason that under such an arrangement it is not practicable to ascertain accurately the total amount of orders paid that have been issued in foreign countries.
- 59. Postmasters authorized to transact international money order business must claim credit for authorizations for repayment of international orders under a separate heading to be designated "International Money Orders Repaid." They must first write the heading "International Orders Paid" and thereunder enter particulars of paid international orders, then write the heading "International Orders Repaid." and enter thereunder the particulars of international orders repaid under authorizations issued by the Department.
- 60. Postmasters will understand that these instructions apply solely to business conducted on the international basis and by means of international money order forms, and does not apply to international business transacted on the domestic basis on domestic money order forms,

BRITISH AND FRENCH ORDERS.

61. Postmasters at international money order offices are requested to observe strictly, in the future, sections 1084 and 1085 of the Postal Regulations. Large and constantly increasing numbers of British and French orders are received by the Auditor which are not endorsed with the amounts paid in United States currency and, more important still, the International, or exchange number which is stamped on the back of every British or French advice is not written in red ink on the face of the order at time of payment, as required by the regulations referred to. This is a serious omission, imposing a large amount of extra labor on the auditing force, and, as a consequence, settlements are greatly delayed.

"SPECIAL" MONEY ORDER APPLICATIONS BEARING PRINTED NAMES AND ADDRESSES OF PAYEES.

- 62. "Special" applications are no longer furnished by this Department. Postmasters are notified that ordinary applications (6001) are not to be supplied to business firms or individuals who request them for the purpose of having same overprinted with their names and addresses.
- 63. If, however, those requesting "special" applications are willing to furnish entirely at their own expense fac similes of the ordinary applications, No. 6001, with their names and addresses printed therein, postmasters will advise such applicants to first obtain permission from the Third Assistant Postmaster-General (Division of Money Orders) through the postmaster at the place where their business is located. Such "special" applications for money orders must be made on blanks of the form prescribed by the Department, which will require that it be furnished with a sample of each edition of "special" applications thus printed.

STEEL CLIPS, PINS, ETC., NOT TO BE USED IN ATTACHING ADVICES.

64. At many large offices machines are used for opening the envelopes containing money order advices. Envelopes which contain enclosures fastened with metal fastenings greatly injure these machines, and in some instances destroy delicate portions of the machinery. All postmasters are, therefore, enjoined to exercise great care in this matter.

APPLICATIONS FOR MONEY ORDERS THROUGH RURAL CARRIERS.

- 65. Postmasters at rural delivery offices are directed to make it a practice, when mailing to the remitter the receipt for amount of a money order issued upon application made through a carrier, to enclose a blank application, Form 6001, for the remitter's use when next in need of a money order
- 66. It has been brought to the notice of the Department that such a practice already obtains to some extent and results advantageously, not only serving to impress upon the patron the fact that the money order system is conducted for the convenience of the public, but causing him, when next he desires to make a remittance, to have an application prepared and ready for the carrier, instead of delaying the carrier while one or the other of them fills out a form of that kind.
- 07. To the blank application may be appended a slip briefly advising the patron as to the purpose for which it is sent.
- 68. This is not to be construed as authorizing any relaxation of the rule which requires that carriers take with them on their trips, as a part of their equipment, a supply of blank applications for the use of intending remitters.

TRANSFERS OF POSTAL OR MONEY ORDER FUNDS.

- 69. Much annoyance and delay in auditing money order accounts are caused by irregularities in entering in money order statements transfers of funds from or to the money order account.
- 70. Postmasters must comply strictly with the requirements of sections 1100, 1101 and 1102 of the Postal Laws and Regulations.

- 71. Any transfer of funds from postal to money order account must be entered as a debit in the money order statement, and as a credit in the general postal account, and if a surplus remains on hand after payment of the money orders for which the funds were transferred, the residue must not be re-transferred to postal account, but must be deposited as surplus money order funds.
- 72. If it becomes necessary to transfer money order funds to postal account (sec. 1101), the item must be entered as a credit in the money order statement and as a debit in the postal account.
- 73. The transfer of fractions of dollars is prohibited; all transfers must be made in complete dollars; and in any case notice thereof must be sent immediately on Form 6024, in a separate envelope addressed to the Auditor for the Post Office Department, Recording Division,

INVALID DOMESTIC MONEY ORDER ADVICES.

- 74. The Auditor for the Post Office Department has called attention to the fact that large numbers of invalid domestic advices are received which are not accompanied by Form 6688 as required by section 1132. Postal Laws and Regulations. Such carelessness on the part of post-masters results in the performance of much labor in the office of the Auditor which would otherwise be unnecessary.
- 75. It is important that postmasters at money order offices promptly forward to "The Auditor for the Post Office Department, Washington, D. C.," monthly statements (Form 6686) on which are listed all advices of unpaid invalid domestic money orders, and that such advices accompany the list. See in this connection section 1035, Postal Laws and Regulations. It is especially necessary, in order that the work of the Auditor may be facilitated, that postmasters comply strictly with the requirements of the sections here mentioned.

MONEY ORDER STATEMENTS.

- 76. Money order statements in many cases are not rendered promptly at the close of the periods for which statements are required, and many entries and additions therein are not verified.
- 77. The statements must be prepared carefully, and forwarded to the Auditor promptly at the close of the period covered thereby, conformably to section 1125 of the Postal Laws and Regulations.
- 78. In issuing money orders, especially on taking up a new book of money order forms, care must be exercised to avoid breaks in sequence of numbers.
- 79. When entering issued or paid money orders in the statements separate lists should be made of domestic and international orders, and they should not be combined in the recapitulation or in the summary.
- 80. In entry of credit for certificates of deposit the name of the depository office should not be omitted.
- 81. Care should be exercised in making press copies of money order statements. The cloths used for this purpose should not be too damp, as this causes the writing to become blurred. The entries should remain clear and distinct, and the statements should not be forwarded to the Auditor when not in legible condition.

SURPLUS MONEY ORDER FUNDS AND RESERVES.

82. It is observed that in many instances postmasters do not remit surplus money order funds as instructed in sections 1110, 1112, 1113 and 1114 of the Postal Laws and Regulations, and that others do not report on lower left-hand corner of the statement summaries the dates and amounts of remittances in transit for which no certificates of deposit have been received, or the dates and amounts of remittances that will be made of funds already on hand. Some postmasters at offices where money order reserves have been granted full to enter the amount thereof in the space provided on the lower right-hand corner of money order statement summaries, while others claim reserves when none have been authorized by the Department in pursuance of section 1114. Such carelessness or willful omissions of entries materially affects the efficiency rating of postmasters. Printed instructions on money order statement blanks are for the guidance of postmasters, and should be observed in rendering weekly or monthly reports of money order business. See section 270 of the Postal Laws and Regulations.

MONEY ORDER DEPOSITARY POSTMASTERS TO FORWARD THE ORIGINAL CERTIFICATE OF DEPOSIT TO AUDITOR WITH MEMORANDUM OF REMITTANCES, FORM 6025, BEGINNING JULY 1, 1909.

83. Section 1119 of the Postal Laws and Regulations as amended by Order No. 1373 of May 13, 1908, has been further amended to read as follows — the change effective July 1, 1909:

"Sec. 1119. Postmasters at depository offices for money order funds must enter every deposit of such funds in the proper account, and on a 'Memorandum of Remittances Received on Money Order Account' (Form 6025), which will be forwarded to the Auditor for the Post Office Depart-

- ment at fine close of the period designated (weekly or monthly, as the case may be) for the rendition of money order statements. Postmasters at depository offices will charge in their money order statements the total of cash received, as shown on the 'Memorandum of Remittances' for a given period.
- "2. Certificates of deposit are numbered consecutively and will be issued in duplicate for every deposit, the one marked 'Original' to be sent to the Auditor for the Post Office Department with the 'Memorandum of Remittances' and the one marked 'Duplicate' to be sent to the depositing postmaster to be retained by him as a voucher.
- "3. A special form (O) will be provided to be used when the remitting postmaster fails to receive Form O¹, when a Post Office Inspector requires a certificate of deposit covering a collection, or when the supply of regular blank certificates (Form O¹) becomes exhausted, in which case the number will be continued and written on the forms O until regular certificates are received, when those corresponding in number with the special forms which have been issued must be destroyed."
- 84. Postmasters will observe that while certificates of deposit on money order account will continue to be issued in duplicate for every deposit, the duplicate certificate only is to be sent to the remitting postmaster for retention by him as a voucher. The original certificate must be forwarded to the Auditor for the Post Office Department by the depositary postmaster with memorandum of remittances. Form 6025.

POSTAGE STAMPS AND OTHER STAMPED PAPER.

1. In connection with the following instructions, the attention of postmasters is directed to the Postal Laws and Regulations of 1902 (secs. 132 to 140, 328 to 340), and to the Supplement of 1907 (secs. 137 and 255). For amendments to sections 255, 329, 336, 337, 1580 to 1587, and 1591, see pages 36, 42, 43, 78 to 97 inclusive of this Guide.

REQUISITIONS FOR STAMPED PAPER.

2. Supplies of postage stamps and other stamped paper must be secured from the Third Assistant Postmaster-General, Division of Stamps, by requisition on the following blank forms:

For ordinary and special delivery stamps, postal cards, ordinary stamped envelopes,

For books of stamps, No. 3203 or revised form No. 3201,

For postage-due stamps, No. 3285 or revised form 3201.

For international reply-coupons, revised form 3201; see also paragraph 45, page 38.

- 3. A consolidated form, numbered 3201, is now furnished postmasters for use in drawing requisition for ordinary and special-delivery stamps, due stamps, stamp books, international reply-coupons, postal cards and ordinary stamped envelopes.
- 4. Frequent requisitions (except for special-request envelopes) must be avoided. Postmasters must carefully estimate their probable needs, and make requisition for three to nine months' supply of stamps, stamp books, cards, envelopes, etc., at the same time, but not exceeding the amount that can be given adequate protection. See section 356, Postal Laws and Regulations, also page 48, of this Guide, as to care of stock. Large requisitions greatly facilitate and simplify the Department's work, and minimize accounting in post offices. See paragraphs 10, 13, 14 and 16, page 35.
- 5. Postmasters must not register requisitions or receipts for stamped paper, enclose them with quarterly reports, certificates of deposit, or papers intended for or addressed to other bureaus. They should be sent by ordinary mail in penalty envelopes plainly addressed to the Third Assistant Postmaster-General, Division of Stamps, Washington, D. C. The words "Division of Stamps" must be included in the address on the envelope; if omitted, the filling of requisitions may be delayed. Official envelopes and requisition blanks are furnished by the Fourth Assistant Postmaster-General, Division of Supplies.
- 6. Requisitions and receipts must be signed legibly, in writing and with ink, by the post-master himself when possible, and exactly as his bond is signed. In the absence of the postmaster, or after his death or suspension and pending the appointment of an acting postmaster, the postmaster's assistant or bondsman should sign, writing his own name and title in full under those of the postmaster. (See secs. 246 and 248, P. L. and R.)
- 7. When requisition is made for an unusually large supply of postage stamps or other stamped paper to fill a special order, the postmaster should give the name and business address of the purchaser, and state where the matter originated and is to be mailed.
- 8. Communications to be separate from requisitions. Communications must not be written on requisitions (excepting the statements required by paragraphs 69, 72 and 81, pages 42 and 43 of this Guide), or on receipts, and the latter must be signed and returned unaltered, promptly on arrival of the stock. Any remarks should be made in a letter, bearing names of post office and state and the postmaster's signature, and pinned to the requisition or receipt.

QUANTITIES OF STAMPED PAPER SUPPLIED.

9. Postage stamp supplies are furnished in the following minimum quantities, or multiples thereof:

Ordinary stamps, 100 of either 1, 2, 3, 4, 5, 6, 8, 10 or 13 cent; 20 of 15 cent; 10 of 50 cent; 5 of either \$1, \$2 or \$5. The 13c, \$2 and \$5 stamps will be discontinued when the Department's present stock on hand becomes exhausted.

Special-delivery stamps, 10.

Stamp books, 10 of a single denomination and size. See paragraph 14.

Due stamps, 100 of either 1, 2, 3 or 5 cent; 50 of 10 cent; 10 of either 30 or 50 cent.

Postal cards, 500 of either "K" or "McKinley" domestic single; 250 of either "D" domestic or "F" foreign reply; 100 of "E" foreign single.

Ordinary stamped envelopes or newspaper wrappers, 250 of a single size, quality and denomination.

Special-request or office-request stamped envelopes, 500 of a single size, quality, denomination and return-card.

- 10. Requisition should be made for 10.000, 50,000 or 200,000 stamps of each denomination, or for multiples of these quantities, provided the stamps will be needed within a reasonable time; that is, 10,000 2-cent rather than 7,000, 50,000 rather than 30,000, 200,000 rather than 150,000. For convenience in handling, postage stamps are put up in sealed packages of 10,000, with the margins of the sheets stitched together. The issuing of stamps in this form is of advantage to postmasters as well as to the Department. Postmasters whose sales amount within nine months to 10,000 or more stamps of any denomination should make requisition for lots of 10,000 or multiples of 10,000, provided they can be protected. See paragraph 4, page 34.
- 11. "McKinley" 1-cent postal cards are issued only in lots of 500, 1,000, 2,000, 5,000, or multiples of 5,000. Cards in sheet form, for printing purposes, are issued only in boxes containing 12,000.
- 12. Sheets of postal cards.— "McKinley" 1c postal cards are furnished in sheets of 30 each, when desired in that form for printing purposes. The sheet is 5 cards wide by 6 cards from top to bottom; the size of the sheet is 28.25 by 19.5 inches, including %-inch trim on each side. To be valid for postage, the cards must be cut accurately to regulation size, 3.25 by 5.5 inches. To secure postal cards in sheet form, the word "Sheets" should be plainly written on the requisition blank opposite the item.
- 13. To facilitate the issuing of postal cards, stamped envelopes and newspaper wrappers, postmasters should so far as possible draw requisitions for full cases of 5,000 or 10,000. That is, 5,000 rather than 3,000; 10,000 rather than 7,000, etc. In these quantities the cards and envelopes are put up in wooden cases or boxboard containers which withstand shipment better than paper-wrapped packages.
- 14. Books of stamps are packed in boxes containing 1,000 of the 12-stamp books or 500 of the 24 or 48-stamp books. For the smaller post offices they are packed in boxes containing 60 books of 12, 24, or 48 stamps. Boxes are also issued containing a total of 60 books of different varieties, thus:

| | BOOKS OF | | | | | | | | | | |
|---------------|----------------------|----------------|--------------|------------------------|------------------------------------|--|--|--|--|--|--|
| 24 1c stamps. | 12 2c stamps. | 24 2c stamps. | 48 2c stamps | Total number of books. | Total value. | | | | | | |
| 10 10 | 30 40 50 50 | 10 10 10 | 10 | 60 60 60 60 | \$24.60 17.40 17.40 15.00 | | | | | | |

15. Three of the boxes of 60 laid side by side correspond to the size of a sheet of postage stamps. When a postmaster's requisition calls for both sheets and books of stamps, they are packed together, for the purpose of reducing the number of separate packages.

16. Postmasters at the smaller offices can secure so few as 10 books of a single variety. They are urged, however, to draw their requisitions for boxes of 60 when possible.

TIME REQUIRED FOR FILLING REQUISITIONS.

- 17. The time usually required for shipment of stamps, stamp books and international reply coupons after the postmaster's requisition is received at the Department, is three business days; for postal cards, two or three days; for plain stamped envelopes, two to six days; for special-request and office-request envelopes, six days. By adding the length of time required for requisitions to reach the Department and for delivery from the respective distributing agencies, the postmaster can determine about the date supplies should reach him. During the first month of the quarter, however, requisitions cannot always be filled quite so promptly. (See paragraph 3, sec. 331, P. L. and R.)
- 18. A copy, bearing at the top the word "Duplicate" and the date of the original requisition, should be submitted if stamped paper is not delivered in due course.

19. Invoices are enclosed in the package with stamps, stamp books and international reply-coupons, but are mailed separate from stamped envelopes and postal cards.

20. The Third Assistant Postmaster-General should be notified of the registry number of a shipment received without invoice. If the invoice is received, and not the supplies, give date of invoice. Shipments are sometimes divided and forwarded in separate mails from the agencies. Postmasters should wait a reasonable time before reporting non-receipt of stock invoiced them.

21. Requests for expediting requisitions for stan.) supplies have become so numerous as to be a burden to the Department because of the extra work involved. Requisitions are filled promptly, and paragraph 2, section 331, Postal Laws and Regulations, requires requisitions to be made well in advance so that stock will not become exhausted, and for a sufficient quantity to avoid frequent requisitions. (See also sec. 4, page 34, of this Guide.) Shipments will no longer be expedited unless satisfactory explanation is made of the necessity therefor, such as loss by burglary, destruction by fire, or to meet an unexpected business demand which could not with reasonable foresight be provided for without expediting. Telegraphic requisitions, and requests for expediting of such common varieties as 1c and 2c stamps, 1c postal cards, or No. 5 2c plain stamped envelopes, are especially objectionable.

"OUTSIDE" SALES OF STAMPED PAPER.

22. Postmasters who sell postage stamps or other stamped paper in large or unusual quantities to persons who properly post and receive their mall at other offices, must report such sales as provided in paragraph 23. (See secs. 329 and 1578, P. L. and R., as amended, pages 78 to 97 inclusive of this Guide.) This should not be construed, however, to apply to the sale of stamps for return postage or in reasonable amounts to translents.

23. The statements of stamped paper sold for use elsewhere, formerly required by Order 907½ of August 11, 1904 (sec. 255, par. 2, Supplement of 1907 to the P. L. and R.), to be made in connection with Form 3240, will hereafter be made at the close of each quarter in a letter addressed to the First Assistant Postmaster-General, Division of Salaries and Allowances. The statement of such sales will be itemized by the postmaster as to dates, amounts of purchases, and business addresses of the purchasers, and must bear the following form of certificate:

"I hereby certify on my oath of office that the foregoing is a true and correct statement, and that to the best of my knowledge and belief it shows all the stamp supplies sold at this office for use elsewhere."

CANCELLATION OF STAMPS.

24. Postmasters at offices of the fourth class are instructed to take credit in their report of cancellations for the face value only of stamps canceled, not including special-delivery stamps or ordinary stamps when affixed to mall matter for the purpose of effecting special delivery; no credit for cancellation of the latter is allowed. (See sec. 257, P. L. and R., and pars. 5 and 6, page 65 of this Guide.)

25. All postmasters at post offices of the fourth class are hereby instructed not to claim credit for the cancellations of postage stamps on matter diverted from other post offices to their post offices for mailing, and they will report to the Department (Office of the Third Assistant Postmaster-General), all such cases coming to their knowledge. The report should show the amount of postage stamps canceled on such diverted matter and the names and addresses of the senders thereof

26. Special attention is directed to the provisions of sections 163 and 555 of the Postal Laws and Regulations; also to sections 329 and 1578 as amended, pages 78 to 97 inclusive of this Guide.

INVALID STAMPS; PERFORATING OF STAMPS FOR IDENTIFICATION.

27. Section 562, Postal Laws and Regulations, edition of 1902, has been amended to read as follows:

Section 562. When matter bearing previously used stamps is deposited for mailing (except as provided in section 627 as to forwarding mail matter), it should be treated as "held for postage." (See sec. 571.) Upon receipt of stamps to pay postage they should be affixed and canceled, and the mail forwarded to addressee.

28. Mutilated or defaced postage stamps, fractional parts of stamps, postage-due stamps, stamps cut from embossed stamped envelopes, newspaper wrappers, or postal cards, or stamps other than postage stamps, can not be used or counted in prepayment of postage, and matter bearing such stamps must be treated as "held for postage," except when bearing special-delivery stamps, as to which see section 772.

29. United States postage stamps, to be acceptable for postage, must be without defacement: Provided, That for the purpose of identification only, and not for advertising, it shall be permissible to puncture or perforate letters, numerals or other marks or devices in United States postage and special-delivery stamps. The punctures or perforations shall not exceed one thirty-second of an inch in diameter, and the whole space occupied by the Mentifying device shall not

exceed one-half inch square. The puncturing or perforating must be done in such manner as to leave the stamp easily recognizable as genuine and not previously used. The use of ink or other coloring matter in connection with such puncturing or perforating is prohibited.

30. When postage or special-delivery stamps are so affixed to mailable matter that one overlies another, concealing part of its surface, the stamp thus covered will not be taken into account in prepayment.

POSTAGE STAMPS AND STAMPED ENVELOPES NOT TO BE USED BY POST-MASTERS FOR OFFICIAL CORRESPONDENCE.

31. Postage stamps and stamped envelopes furnished for sale to the public must not be used by postmasters to mail requisitions or receipted invoices for stamp supplies to the Department nor for official correspondence. Postmasters should keep themselves supplied with official envelopes by timely requisitions upon the Fourth Assistant Postmaster-General, using Form 1579 for the purpose. When, however, a postmaster's official envelopes are exhausted, he should use a plain. unstamped envelope, endorsed with ink as prescribed by section 512, Postal Laws and Regulations, as amended. (See pages 78 to 97 inclusive of this Guide.)

UNPERFORATED POSTAGE STAMPS.

- 32. The Department is prepared to issue postage stamps without the usual perforations, when desired in that form for sale to the public for use in automatic stamp-affixing or stamp-vending machines.
 - 33. The unperforated stamps are in sheets of 400 each.
- 34. To secure them, requisition should be made on Form 3201, with the word "Unperforated" plainly written on the face of the blank.
- 35. Unperforated stamps may be sold to the public in any quantity not less than a sheet of 400; but postmasters will not be supplied with such stamps to be sold for use on mailings to be dispatched from other than their own post offices. In this connection attention is directed to paragraphs 22 and 23, page 36 of this Guide.
- 36. Postmasters will notify purchasers that the unperforated stamps should be cut apart accurately. (See para. 28, page 36.)

STAMPS IN COILS.

- 37. The Department is now prepared to issue limited quantities of postage stamps in coils of 500 or 1,000, for use in stamp-vending and stamp-affixing machines. The stamps are coiled on paper cores ½ inch in diameter. To secure stamps in this form postmasters will make requisition on Form 3201, and attach to it a letter stating—
 - 1. Whether the stamps are desired for use in a stamp-vending or stamp-affixing machine.
 - 2. Whether the stamps are desired in coils of 500 or 1,000 stamps each.
 - 3. Whether the strips should be arranged with the stamps endwise or sidewise.
 - 4. Whether the blank margin between the stamps should be perforated or unperforated.
 - 88. The cost of coiling will be charged to purchasers of stamps in coils, as follows:

| | Stan | nps per |
|--|------|---------|
| | (| Joil. |
| | 500. | 1,000. |
| Stamps, unperforated, coiled endwise or sidewise | вc. | 9c. |
| Stamps perforated, coiled endwise or sidewise | 8c. | 12c. |

POSTAGE DUE STAMPS.

39. For instructions as to the use of postage due stamps see the following sections, Postal Laws and Regulations of 1902: 134, 412, 614, 616, 618, 621, 622, 1580. Also sections 257, 331, 332, 376, 397, 407, 420, 421, 422, 424, 531, 557, 562, 571, 603, 617, 619, 620, 623, 632, 668, 672, 674, 677, 684, 690, 696, 702, 703, 706, 757, 772, 873, 959, 961.

NEW SPECIAL-DELIVERY STAMP.

- 40. It has been ordered, that the manufacture and issuance to postmasters of special-delivery stamps of the design approved November 30, 1908, series of 1908, described on page 7 of the January, 1909, Supplement to the Official Postal Guide, be discontinued; and that the manufacture and issuance of the special-delivery stamp of the series of 1902, described in section 769, Supplement of 1907 to the Postal Laws and Regulations, be resumed.
- 41. The special-delivery stamp of 1908 will continue to be valid for special delivery service. The size of this stamp is 1.01 by .84 inch; color, green. In the upper left corner is the denomination, 10, in figures enclosed in a circle. Running diagonally from the lower left corner appears an olive branch entwining the winged hat of Mercury. In the lower right-hand portion of the stamp is the inscription "U. S. Postage Special Delivery," in a rectangular panel.

INTERNATIONAL REPLY-COUPONS.

42. These reply-coupons, of the denomination of 6 cents each, are issued for the purpose of sending to correspondents in any of the countries named below. The foreign correspondent may exchange the coupons for postage stamps of that country equal in value to a 5-cent United States postage stamp, using the stamp for reply postage. The countries in which the reply-coupon is valid are as follows:

43. Notification has been received from the postal administration of Brazil that it cannot participate in the exchange of international reply-coupons until after the National Congress of that country shall have reduced its postage rates. Postmasters should advise purchasers of international reply-coupons that until further notice the reply-coupons will not be redeemable in Brazil.

Honduras (Republic of).

44. Persons to whom the reply-coupons are sold should be instructed to inform their correspondents abroad that the reply-coupon is not itself good for postage, but must be exchanged at the post office for a postage stamp.

45. Postmasters who have reason to believe there will be a demand from their patrons for the reply-coupons should make requisition on the Third Assistant Postmaster-General, Division of Stamps, for a supply. If the postmaster is not provided with the new consolidated requisition Form 3201, mentioned in section 3, page 34, of this Guide, requisition should be made in a letter written on paper of proper size for filing (8 by 101/2 inches), in the following terms:

AARON, WASHINGTON COUNTY, WYO.,

September 26, 1907.

Division of Stamps, Washington, D. C.

SIR: Please furnish this office 10 of the 6-cent international reply-coupons; value, 60 cents. Respectfully, John Doe. Postmaster.

46. The reply-coupons will be issued to postmasters in lots of 10 or multiples of 10. They may be sold to the public singly or in any quantity desired for prepaying replies from foreign correspondents.

47. The postmark of the selling post office must be stamped legibly in the circle on the left-hand side of all reply-coupons sold to the public.

48. Reports have been received from abroad that foreign postal administrations refuse to redeem international reply-coupons, received from correspondents in this country, which do not bear the postmark of the selling post office. Postmasters must be careful not to omit the postmark from the left-hand circle on reply-coupons sold and from the right-hand circle on those redeemed.

49. Postmasters to whom the reply-coupons are issued by the Department will include their value at 6 cents each in Articles A and B of their quarterly account to the Auditor. The value of those remaining on hand must be included in Article C and the value of those sold during the quarter in Article 1. In other words, postmasters will treat the reply-coupons exactly the same as ordinary postage stamps in their account to the Auditor.

For redemption of international reply-coupons see page 46 of this Guide.

STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

- 50. A copy of the current price schedule of stamped envelopes and newspaper wrappers must be kept posted conspicuously in the post office where the public can read it. If the postmaster has none, application should be made to the Fourth Assistant Postmaster-General, Division of Supplies, for copies of the 1907 schedule, which appears on pages 40 and 41 of this Guide.
- 51. Nos. 5 and 13 envelopes are the sizes in most common use. No. 5 2-cent first quality should be secured if only a single variety is kept for sale.
- 52. Nos. 1, 10 and 11 are furnished in first-quality white only; all other first-quality envelopes are white or amber. No. 6 second-quality is supplied only in white paper; all other second-quality envelopes are buff or blue. Unless otherwise requested by postmasters, their requisitions for first quality are filled with white envelopes, and requisitions for second quality envelopes (except No. 6 white) are filled with half blue and half buff.
- 53. Nos. 6 and 8 1-cent envelopes are issued with gummed flaps for mailing of local drop letters at non-free delivery post offices only, or with ungummed flaps for mailing of third-class matter.
- 54. Care should be taken not to make requisition for envelopes of an unsalable size, quality, or denomination. The postmaster will be held responsible for errors of this kind, and credit at postage value only will be allowed by the Department in redemption.
- 55. The manufacture and issuance of No. 12-B 4-cent newspaper wrappers has been discontinued.

OPEN-END STAMPED ENVELOPES.

- 56. The Department is now prepared to furnish 1-cent plain and special-request stamped envelopes in what is known as the "open-end" pattern, intended for the mailing of third-class matter.
- 57. In this envelope one of the side flaps instead of the top flap remains unsealed. It is well adapted to the mailing of circulars. The unsealed end flap admits of ready examination of contents. The opening is smaller than in envelopes with top flap unsealed, affording less chance of loss of contents in transit or of other pieces of mail matter getting caught in the opening. Postmasters will invite the attention of interested patrons to this new envelope.
- 58. The Nos. 5, 6, 8 and 13 stamped envelopes of the several colors are supplied in the "open-end" pattern. The selling prices are the same as for the corresponding envelopes of the regular open-top pattern; see page 40.
- 59. To secure the new envelopes, requisition must be made on Form 3201 for plain and on Form 3202 for special-request, with the word "open-end" plainly written on the same line of the blank. In the absence of indication that "open-end" envelopes are wanted, the regular envelopes with open top will be supplied.
- 60. No requisition will be filled for plain "open-end" envelopes alone unless accompanied with a satisfactory reason as to why supplies of stamps, due stamps, stamp books, postal cards, and other plain stamped envelopes are not included. See paragraph 4, page 34, of this Guide.

SALES OF ODD QUANTITIES OF ENVELOPES AND WRAPPERS.

61. In making sales of stamped envelopes and wrappers in quantities other than as shown in the price schedule, it is expected that postmasters will evince a proper spirit of accommodation, but they are not required to lose the fraction of a cent; and if the postmaster cannot make change, the purchaser must tender the exact amount for the number required. (See par. 6, sec. 330, P. L. and R.)

62. When the schedule price of a single envelope is 3 cents and that of a single wrapper is 2 cents, and both are purchased in the same transaction, 4 cents, and not 5 cents, will be required; and the same principle applies to all similar sales of different qualities or denominations. That is, where several envelopes of different styles are sold, the postmaster will retain only the fraction of a cent on the whole purchase, and not on each envelope.

SPECIAL-REQUEST ENVELOPES.

- 63. Special-request envelopes are printed in the upper left corner with a request to return after a given number of days, and the name and address of the purchaser, without additional charge for printing.
 - 64. Section 336, Postal Laws and Regulations, Edition of 1902, has been amended as follows:
- "SEC. 336. Postmasters must make requisitions for special-request envelopes (see sec. 137), on blank Form 3202, promptly upon receiving orders therefor. All orders are, however, subject to acceptance by the Department.
- "2. Postmasters shall require the purchaser to deposit with his order the difference between the schedule and the postage value of the envelopes (for example, \$1.24 per thousand on No. 5 first quality), the postage value to be collected when the envelopes are delivered to purchasers.
- "3. Receipt blanks, Form 3202a, for advance deposits on stamped envelopes, are furnished by the Fourth Assistant Postmaster-General, Division of Supplies.
- "4. The postmaster will be held accountable for advance deposits upon orders for stamped envelopes in the same manner and to the same extent as for other receipts of the post office; but such deposits should not be transmitted to the postmaster's depositary before he receives the stamped envelopes from the Department. Upon receiving such envelopes the postmaster will include the amount of their postage value and of the advance deposit made in respect of them with proceeds from his sales of other stamp supplies, and remit the same with his next ensuing deposit of postal funds."
- 65. Rules governing printing of return-cards. The Act of Congress approved June 26, 1906, contains the following provision:
- "Provided, That no envelope shall be sold by the Government containing any lithographing or engraving nor any printing nor advertisement, except a printed request to return the letter to the writer."
- 66. No advertisement or special device of any kind nor the names of addressees, will be printed on stamped envelopes by the Department. The matter to be printed will be limited to (1) a request to return after a given number of days; (2) the name of the purchaser (individual, firm. corporation, institution, association, or society); (3) rural delivery route, post office box number, street address (in the case of city delivery post offices only), or the name of a building and room number therein, or the names of intersecting streets, in lieu of a street address; (4) the name of post office or branch post office, county and State. Any portion of the foregoing, except the name of the post office and State, may be omitted, when desired by the purchaser of the envelopes, If the address to which undelivered letters are returnable is not thereby made indefinite. For example, if the name of the purchaser of special-request envelopes is omitted the box number. street number, or room number and name of building should be substituted therefor. The form of return request for stamped envelopes intended to enclose letters will be, "After 5 days, return to;" for envelopes intended to enclose third-class matter, "Postage for return will be sent on notice after 5 days to;" the number of days in either case to be not less than 3 nor more than 30, at the purchaser's option. Where postal stations for the receipt and dispatch of mails are located outside of the corporate limits of the city or town in which is located the principal office to which they are attached, the name of the branch post office may be substituted for that of the principal post office, at the option of purchasers of special-request envelopes,

BRANCH POST OFFICES.

- 67. Postal stations for the receipt and dispatch of mails that are located outside of the corporate limits of the city or town in which is located the principal office to which they are attached shall be known as branch post offices, and the name of every such branch post office shall be separately entered in its alphabetical order in the list of post offices in the Postal Guide.
- 68. Section 337, paragraph 5, of the Postal Laws and Regulations has been amended as follows:
- "The name of the post office or branch post office where the envelopes are ordered must always be a part of the card, and it will be spelled as in the Official Guide."
- 69. Names indicating or incidentally disclosing the nature of the purchaser's business or vocation will not be printed on stamped envelopes unless it be certified by the postmaster in writing on his requisition therefor that such name is used under corporate charter, copartnership agreement, or other articles of organization so designating the concern, or that it is the name under which the purchaser is actually doing business with the public; that is to say, that the name asked to be

printed has not been assumed merely to secure an advertisement of the purchaser's business on special-request envelopes.

- 70. The name and title of an officer of a firm, corporation, institution, association, or society will be printed when so desired; for example, "John Doe, Treasurer, Washington Educational Association."
- 71. Such titles as "M. D.," "D. D. S.," "Rev.," "LL.D.," etc., will be printed when they are clearly for purposes of identification and not for advertisement.
- 72. The name of a branch or department of a purchaser's business will be printed only when necessary to insure return of undelivered letters to the writer, and where such branch or department is shown as a part of the return card, the postmaster must explain in writing the necessity for adding it.
- 73. Special-request envelopes must be purchased and will be delivered only through the post office or branch post office to which the card directs their return.
- 74. No variation will be made in the location of the return-card in the upper left-hand corner of the envelope, or in the style or size of type, the color of ink, or the form of request adopted by the Department. The name of the post office will be spelled, and the name of State abbreviated, only as they appear in the Official Postal Guide.
- 75. All requisitions must be accompanied with a legible copy of the return-card desired. If obtainable, a printed letter-head or business card of the purchaser should be attached to his first requisition. With each box of special-request envelopes is furnished a slip of paper bearing the printed return-card, which the postmaster should preserve and attach to his next requisition for the same purchaser, unless a change in the card is desired. In all cases of error caused through illegible or incomplete copy for return-card, the postmaster will be held responsible therefor and credit will be allowed at postage value only in redemption.
 - 76. Return-cards will not be printed on newspaper wrappers or postal cards.
- 77. The sole object of the return-card on stamped envelopes as printed by the Department is to secure the return of undelivered letters to the writer, and any matter which is not in harmony with that purpose will not be printed thereon.
- 78. Printing on stamped envelopes by purchasers.— The foregoing regulations do not prevent persons from having stamped or unstamped envelopes printed in any manner they may desire by a private printing office and at their own expense, but a space should be reserved for the postmark.

 79. Style of return-cards.— The style of card and size of type are shown as follows:

For envelopes intended to enclose letters. For envelopes intended to enclose third-class matter.

After 5 days, return to ALGER, SMITH & CO., BLACKRIVER, Alcona Co., MICH. Postage for return will be sent on notice after 5 days to JOHN JONES, 789 State St., WASHINGTON, D. C.

- 80. When a name too long for the large type indicated in the preceding paragraph is to be printed, a smaller condensed style of type will be used.
- 81. To secure the letter form of return-request, requisitions for 1-cent envelopes must be accompanied with a statement that they are desired for local use at a non-free delivery office.
- 82. If the name and address of the purchaser are desired, without a request to return, the postmaster should draw an ink line through the words "After....days, return to" in the space above signature on Form 3202. All undelivered letters which do not bear on the envelope a request to return within a specified time are required by law (see sec. 670, P. L. and R.) to be held thirty days in the post office at destination before they are returned, and purchasers should be so informed.
- 83. Printer's slips with special-request requisitions.— Postmasters who have been supplied with the revised blank Form 3202 should fill out the printer's slip, which is divided by a perforated line from the requisition portion of the blank. The slip must agree with the requisition; if errors in filling the requisition result from discrepancies, the postmaster will be held responsible.
- 84. Rejected special-request envelopes.— When special-request envelopes are refused by the purchaser because of misprinting or other mistake, a new requisition on Form 3202, marked "To replace rejected envelopes invoiced (date)," may be sent to the Third Assistant Postmaster-General, Division of Stamps. The rejected envelopes should be sent to the Third Assistant Postmaster General, Division of Redemption, with a letter of explanation mentioning the date of Department's invoice. (See sec. 338, P. L. and R.)
- 85. Office-request envelopes.—Office-request envelopes are for general sales, and hear in the upper left corner a request to return, a blank line for the name of the purchaser, and the printed post office address, thus:

| For non-free delivery offices. | For city delivery offices. | For rural delivery routes |
|--------------------------------|----------------------------|-----------------------------------|
| After days, return to | Afterdays, return to | Afterdays, return to |
| | | |
| AARON, GA. | LITTLE FALLS, N. Y. | R. D. Route No. 1. FREDERICK, MD. |

86. Office-request and special-request envelopes are of much advantage to the public and to the postal service, as their use insures the return of undeliverable letters to the writer. Plain stamped envelopes should be furnished only when specially desired by purchasers.

87. No. 8 is the smallest envelope printed with an office-request card.

REDEMPTION OF STAMPED ENVELOPES.

- 1. Uncanceled, unserviceable and spoiled stamped envelopes presented in a substantially whole condition may be redeemed from the public at their postage value only in postage stamps or other stamped paper; Provided, that stamped envelopes bearing a printed return card or address may be redeemed only from the original purchaser thereof. Stamped envelopes and newspaper wrappers which bear no printing indicating the original purchaser may be redeemed when presented by any responsible person. In case of doubt, or where large quantities are presented for redemption, especially in the case of office-request stamped envelopes bearing the blank return card of some other post office, the matter should be referred with a statement of all the facts to the Third Assistant Postmaster-General, Division of Redemption, and instructions awaited. (See sec. 339, P. L. and R., as amended.)
- 2. Office-request envelopes received from a discontinued post office should be sent with the postmaster's next shipment of damaged stamped paper to the Third Assistant Postmaster-General, Division of Redemption, with an itemized statement of the quantity, for credit at full value.
- 3. Special-request envelopes refused by the purchaser on account of misprinting or other mistake should be returned as directed in section 338, Postal Laws and Regulations. At the same time a new requisition should be drawn for 500 envelopes, or a multiple of 500, and marked "To replace envelopes misprinted (or of the wrong denomination, wrong size, or wrong color), on invoice of (date)." If the mistake occurred through the fault of the Department, or of the manufacturer of the envelopes, credit for the full value of such envelopes will be given in the postmaster's account; if the error occurred through the fault of the postmaster, or of the person ordering the envelopes, credit for their postage value only will be given. The postmaster must not dispose of special-request envelopes to other than the person for whose use they were ordered. (Sec. 338, P. L. and R.)

REDEMPTION OF POSTAL CARDS.

- 4. Uncanceled and unserviceable postal cards, not treated by bronzing, enameling, or other process of coating, may be redeemed in postage stamps or other stamped paper only, at 75 per cent of their postage value, when presented by the original purchaser.
 - 5. Parts or pieces of cards will not be redeemed.
 - 6. Each unused half of a reply postal card will be regarded as a single card.
- 7. When the redemption value of the cards includes the fraction of a cent, such fraction will accrue to the Department.
 - 8. Postal cards will be redeemed at the rates shown in the schedule printed below:

9. An "original purchaser" is one who purchased the stamped envelopes or postal cards at a post office. Postmasters must refuse redemption of stamped envelopes or postal cards purchased at post offices other than their own, or which bear a return card or printed address other than that of the person offering them for redemption, unless satisfied that the person presenting them is the original purchaser.

REDEMPTION OF POSTAGE STAMPS.

- 10. Postage stamps, whether affixed to envelopes or not, must not be redeemed from the public, nor exchanged for other stamps, postal cards, or stamped envelopes, except as provided in paragraph 6, section 339, as amended by Order No. 2019, dated January 20, 1909. Postage stamps and international reply-coupons damaged in the office of the postmaster may be returned for redemption, if accompanied with a statement to this effect.
- 11. Stamps removed from embossed stamped envelopes, newspaper wrappers, or postal cards, can not be redeemed, and are valueless for postage. (See par. 3 of sec. 562, P. L. and R.)
- 12. Stamps must not be removed from stamp books by postmasters, nor may less than a book be sold or returned to the Department for credit.
- 13. All postmasters having in stock "Official Stamps" (black in color), and official stamped envelopes of this Department and of the War Department, must return them at once to this Department.

DIRECTIONS FOR RETURNING STAMPED PAPER FOR CREDIT.

- 14. Unsalable or undamaged postage stamps, stamp books, stamped envelopes, postal cards, and newspaper wrappers must NOT be returned without permission first obtained.
- 15. Stamped envelopes, stamp books, postal cards, and other stamped paper, returned to the Department, must be securely wrapped, showing plainly name of office and State, and sent by registered mail, addressed to the Third Assistant Postmaster-General (Division of Redemption) and as far as practicable should be forwarded in one package. Each shipment must be accompanied with a letter of advice containing a statement showing the number of pieces of each denomination and the value of the stock sent, with the reason for its return, signed by the postmaster, naming his office and State. The postmaster must also certify in his letter of transmittal that none of the postage stamps has been redeemed from the public, and that all envelopes and postal cards bearing printed return cards or addresses have been redeemed from original purchasers. (Secs. 339, 340, 341, P. L. and R.) The stock returned must be counted, prepared for mailing, registered and dispatched in the presence of a disinterested witness.

16. The following is the form of letter to accompany stamped paper sent the Department for redemption:

- 17. The postmaster's name and title must be signed to the letter.
- 18. Each kind and denomination of stamped paper, except postage stamps, must be separated into packages of 25, 50 or 100, and the stamps impressed thereon arranged to uniformly cover one another. Postage stamps of different denominations must not be mixed.
- 19. Postmasters should not tear stamps apart, but should, as far as practicable, forward them to the Department in full sheets. More than one-half a stamp must be returned or no credit will be allowed therefor.
- 20. Stamps that are stuck together should be separated by soaking in hot water. They should then be pasted carefully on sheets of paper, 100 stamps to a sheet, in ten regularly arranged rows of ten stamps each. Any stamps over the full sheets of 100 should be pasted on a separate sheet of paper in regularly arranged rows of ten stamps each. More than one denomination should not be pasted on a sheet.
- 21. Shipments should not be made to the Department oftener than once a quarter, and should be made at least thirty days prior to the end of the quarter, so that the credit may be included in the same quarter. Large shipments should be made in cases or boxes, but not in mail pouches or sacks. Those received too late will be credited in the next quarter.
- 22. Postmasters will not take credit for redeemed, damaged, or spoiled stock returned to the Department until authorized to do so. Authorizations of credit will be forwarded to postmasters as soon as practicable after the receipt of the shipments.
- 23. Stamped paper will not be sent in exchange for that returned. Requisition must be made on the proper form for stock desired to replace that sent to the Department for credit.

REDEMPTION OF INTERNATIONAL REPLY-COUPONS ISSUED BY FOREIGN COUNTRIES.

- 24. Postmasters are hereby authorized and directed to redeem international reply-coupons issued by this Department and by the countries named on page 38 of this Guide, when presented for that purpose. To be redeemable, the reply-coupon must be in a whole condition; parts or pieces of reply-coupons will not be redeemed. The reply-coupons must not be redeemed in cash, but in United States postage stamps to the value of 5 cents for each reply-coupon redeemed. Five-cent stamps should always be used for the purpose when the postmaster has that denomination in stock, or denominations which are multiples of 5 cents if the letter to be mailed requires more than a single rate of postage.
- 25. Postmasters will stamp their postmark, bearing date the day of redemption, within the hemisphere on the right-hand side of all reply-coupons redeemed from the public.
- 26. Promptly after the close of each quarter, and at no other time, postmasters will send by registered mail to the Third Assistant Postmaster-General, Division of Redemption, for credit, wholly separate from all other stock, all the reply-coupons of foreign issue redeemed from the public during the quarter, accompanied with a separate letter of transmittal in the following

AARON, WASHINGTON COUNTY, WYO., January 1, 1908.

The THIRD ASSISTANT POSTMASTER-GENERAL,

Division of Redemption,

Washington, D. C.

SIR: I send you herewith for redemption 10 reply-coupons of foreign issue, for which I have exchanged postage stamps to the value of 5 cents each during the quarter ended December 31, 1907.

RICHARD ROE, Postmaster.

- 27. Credit for the value of redeemed foreign reply-coupons must not be claimed in the postmaster's account until authorized by this office. Notice of credit will be sent only at the close of the quarter in which they are received at the Department.
- 28. Postmasters will take notice that the reply-coupons issued by foreign countries are not themselves valid for postage, but must be exchanged for postage stamps to the value of 5 cents for each reply-coupon.
- 29. Reply-coupons sold by postmasters in this country, which may become damaged or unserviceable, may be redeemed in postage stamps from the original purchaser only at the value of 5 cents each. They should be sent to the Department with the regular shipment of redeemed stamped paper for credit, but should not be included with those issued in foreign countries which are to be sent separate from all other stock.

POSTAL FUNDS.

1. Must not be sent to the Department nor to the Auditor.— Postmasters must send their postal remittances to their designated depositaries. Neither the Post Office Department nor the Office of the Auditor for the Post Office Department is a depositary for postal funds, and remittances so sent may be returned at the depositing postmaster's risk of loss. The special attention of postmasters is directed to sections 362 to 370 (See amendment to sec. 370 found on page 44, par. 8), 801, 838, and amended note to section 1111 of the Postal Laws and Regulations, particularly to sections 363, 366, and 367, for detailed instructions relative to the time and manner of making postal remittances. Remittances in currency and coin must be sent to designated depositaries by registered mail in an official penalty envelope free of postage or registration fee. When remitting, secure paper of the highest denominations that can be obtained, but remittances should not be

delayed for that purpose. Coin must be enclosed in a strong envelope and so securely wrapped as to prevent loss in transmission.

- 2. Postmasters are encouraged to remit surplus postal funds by means of national or State bank drafts. Before doing so, however, they must obtain the consent of their depositaries. Drafts should be drawn on a national or State bank located in the same city with the depositary. (See secs. 127, 369, and amended note to sec. 1111, P. L. and R.) The use of private bank drafts and personal checks for remitting postal funds is prohibited.
- 3. Letters of transmittal to accompany deposits of surplus postal funds (Form No. 8044a, for Presidential offices, and Form No. 3044, for offices of the fourth class) should, in every case, accompany deposits of surplus postal funds. Supplies of these forms will be furnished upon application by postmasters to the Fourth Assistant Postmaster General (Division of Supplies).

4. Postmasters at depositary offices are requested to report to the Department cases of habitual carelessness on the part of remitting postmasters.

5. Postmasters at Money Order Offices, not authorized to use drafts, who desire to remit surplus money order funds by means of drafts other than those of national or State banks drawn upon national or State banks, or by checks of firms, or individuals, must apply to the Third Assistant Postmaster-General (Division of Money Orders) for special permission and instructions. (See par. 3, sec. 1111, P. L. and R.)

DEPOSITARIES.

- 6. All postmasters at offices of the Presidential and fourth classes will deposit their surplus postal funds with the postmaster in their State as indicated below. This does not include money order funds.
- 7. Postmasters are cautioned not to send their remittances to this Department, nor to the Auditor for the Post Office Department. (See sec. 364, P. L. and R.)

- 8. Section 370, paragraph 1, of the Postal Laws and Regulations, is hereby amended to read as follows:
- "Sec. 370. Postmasters should take credit in their quarterly accounts for postal deposits. Postal accounts must be rendered to the Auditor for the Post Office Department promptly at the close of each quarter and not delayed awaiting the receipt of duplicate certificate of deposit. Certificates must be examined on receipt, and, if any error is found therein, immediate notice should be sent to the depositary in order that the necessary correction may be made."

GOVERNMENT PAPER CASHED WITH POSTAL FUNDS.

9. It has been ordered to strike out second paragraph of note to section 977, Postal Laws and Regulations, and add a note to section 369, Postal Laws and Regulations, as follows:

"Note.—Postmasters will be permitted to cash with postal funds Government paper of any kind (disbursing officers' checks, which include disbursing postmusters' checks in payment for rural delivery service, pension checks, Post Office Department warrants, etc.), provided they are received from responsible persons, whose endorsement thereon the postmaster is willing to guarantee, and provided such paper will be accepted at par by the depositary to which the postmaster must remit it as surplus postal funds."

PROMISSORY NOTES NOT ACCEPTABLE FOR THE ISSUE OF MONEY ORDERS.

10. Paragraph 2, of section 977, Postal Laws and Regulations of 1902, as amended June 1, 1907, is as follows:

"Promissory notes must not be accepted in any case for the issue of money orders; but in payment therefor Government paper of any kind (disbursing officers' checks — which include disbursing postmasters' checks in payment for rural delivery service — pension checks, Post Office Department warrants, etc.) may be received from responsible persons whose endorsement thereon the postmaster is willing to guarantee, provided such paper will be accepted at par by the depositary to which the postmaster remits surplus money-order funds. Subject to these conditions, such Government paper may be cashed with money-order funds, and forwarded for deposit as surplus money-order funds in accordance with section 1110."

SAFE-KEEPING OF PUBLIC FUNDS AND PROPERTY BY POSTMASTERS.

11. Order No. 453, dated November 15, 1905, amending section 359 of the Postal Laws and Regulations, has been rescinded, and the following amendment substituted thereof:

"Any postmaster may, at his own risk and expense, place any public funds and property in his custody in any bank located in the town, city or county in which the postmaster resides, for safe-keeping; that is to say, such funds and property may be kept in a receptacle under the depositing postmaster's exclusive control, and the receptacle placed in a safe deposit vault of such bank, or otherwise entrusted to it for safe-keeping, at the risk and expense of the depositing postmaster. Under no circumstances may such funds or property specially deposited in any bank for safe-keeping be used by the bank or become a part of its assets, or be mingled with its regular deposits. Nothing in this section shall be so construed as to affect the claim of any postmaster to credit or reimbursement on account of loss resulting from burglary, fire or other unavoidable casualty."

12. All postmasters are required to make regular remittances to their designated depositaries, as provided by sections 362 to 370, Postal Laws and Regulations.

13. Section 358 of the Postal Laws and Regulations, Edition of 1902, has been amended as follows:

"Sec. 358. Any postmaster having public money belonging to the Government, at an office within a city or town where there is no treasurer or assistant treasurer of the United States, or designated depositary, may deposit the same temporarily, at his own risk and in his official capacity, in any national or State bank in the State in which the said postmaster resides, or in which his office is located, or within a reasonable radius of his post office in an adjacent State, but no authority or permission is or shall be given for the payment to or receipt by a postmaster or any other person, of interest, directly or indirectly, on any deposit made as herein described."

14. Where temporary deposits are maintained by postmasters in national or State banks, regular remittances must be made to their depositaries as provided in sections 362 to 370.

Note.—"Public money" includes postal, money-order and other funds. See section 1108 as amended, as to temporary deposit of money-order funds at offices where there is an assistant treasurer or a designated depositary; section 379 as to use of checks in payment of expenses of offices.

15. Section 1108, paragraph 1, of the Postal Laws and Regulations of 1902, has been amended as follows:

"Postmasters may deposit the money-order funds of their offices in a national bank or a State bank, or may make a special deposit thereof for safe-keeping in any other bank, as provided in amended sections 358 and 359."

16. The "Note" under section 1111 of the Regulations has been amended as follows: "such paper other than national or State bank drafts cannot be used to remit postal funds."

17. The above amendments are made by reason of the amendment to section 3847. Revised Statutes, act of Congress of May 27, 1908.

DUPLICATES OF POST OFFICE DEPARTMENT WARRANTS AND DISBURSING POSTMASTERS' CHECKS.

18. Sections 3646 and 3647 of the United States Revised Statutes, were re-enacted and amended by act approved February 23, 1909, so as to read as follows:

"Sec. 3646. Whenever any original disbursing officer's check is lost, stolen, or destroyed, the Secretary of the Treasury may authorize the officer issuing the same, after the expiration of six months and within three years from the date of such disbursing officer's check, to issue a duplicate thereof upon the execution of such bond to indemnify the United States as the Secretary of the Treasury may prescribe: Provided, That when such original disbursing officer's check does not exceed in amount the sum of fifty dollars the Secretary of the Treasury may authorize the issuance of a duplicate at any time after the expiration of thirty days and within three years from the date of such disbursing officer's check: Provided further, That whenever any original check or warrant of the Post Office Department has been lost, stolen, or destroyed the Postmaster-General may authorize the issuance of a duplicate thereof, at any time within three years from the date of such original check or warrant, upon the execution by the owner thereof of such

bond of indemnity as the Postmaster-General may prescribe: And provided further, That when such original check or warrant does not exceed in amount the sum of fifty dollars and the payee or owner is, at the date of the application, an officer or employee in the service of the I's Office Department, whether by contract, designation, or appointment, the Postmaster-General may, in lieu of an indemnity bond, authorize the issuance of a duplicate check or warrant upon such an affidavit as he may prescribe, to be made before any postmaster by the payee or owner of an original check or warrant.

"Sec. 3647. In case the disbursing officer or agent by whom such lost, destroyed, or stolen original check was issued is dead or no longer in the service of the United States it shall be the duty of the proper accounting officer, under such regulations as the Secretary of the Treasury may prescribe, to state an account in favor of the owner of such original check for the amount thereof and to charge such amount to the account of such officer or agent: Provided, That in case a check drawn by any officer or agent of the Post Office Department is lost, stolen, or destroyed a duplicate thereof may be issued under regulations prescribed by the Postmaster-General, as set forth in section thirty-six hundred and forty-six."

Blank forms of affidavit and indemnity bond which bear printed instructions for their execution may be obtained upon application to the Third Assistant Postmaster-General (Division of Finance).

POSTMASTERS' ACCOUNTS.

19. General.— Inconvenience and delay in auditing postal accounts are often caused by postmasters forwarding with their quarterly reports informal or insufficient vouchers for authorized expenses incurred in conducting the business of their offices. The Postal Laws and Regulations require that the business of each quarter be kept separate from that of every other quarter. To carry out this provision it is necessary that postmasters include in their quarterly reports vouchers for all authorized expenses incurred during that quarter. Vouchers must never be withheld to be forwarded with the postal accounts for subsequent quarters, and vouchers or pay-rolls must never include parts of two quarters. Bills should be made out against the post office with the name of the postmaster added, and be properly receipted in the full name of the dealer furnishing the supplies. See following page concerning Evidence of Proper Payment of Vouchers. To secure uniformity and facilitate the settlement of accounts, postmasters at Presidential offices should observe the following instructions:

20. Itemizing.—All vouchers should show the date of purchase, the quantity bought, price per unit item and total amount paid, to enable the Auditor to examine the computations and determine whether the credit claimed is correct. Postmasters at first and second-class offices should enter on each bill for miscellaneous or incidental items their authority for the expenditure—giving date, division and initials—and the title of the appropriation to which the expenditure is chargeable; use the title given in the Department letter, authorizing the expenditure.

21. Form of vouchers.—Vouchers for light and fuel may be on Form No. 1526-P, or on the printed bill heads of the dealers furnishing the supplies; if on the latter, a sticker, Form No. 1526-S, must be attached to the bill and the required certificate made, showing that the supplies have been received. If the postmaster is a dealer in coal, oil, etc., and purchases supplies of himself for the use of the post office, the bill must be receipted by himself, and clearly state on its face that he is a dealer in the supplies furnished. The vouchers should always show the date of purchase, quantity bought by weight, count or measure, the price per gallon, bushel, ton, etc., and the computations be carefully examined to see that the quantity multiplied by the price equals the total amount of the bill.

22. Services, rent, etc.— Vouchers for services rendered for rent, for gas, electric light, transportation of letter carriers, etc., should show on their face the exact period of time covered by the payment, giving dates from and to, inclusive, and be strictly limited to one quarter. They must never embrace parts of two quarters. Bills furnished by gas or electric companies must show the meter readings and the price per unit of measure; or if the service is rendered under an agreement at a fixed rate per light, day, month, quarter or year, that information must be noted on the face of the voucher. Vouchers for transportation of letter carriers must be itemized to show the date of purchase, number of tickets bought, price per ticket and amount, unless the service is rendered at an agreed rate per month or quarter, in which case that fact must appear on the voucher.

23. Name of appropriation to be given on all vouchers.— In connection with the blank accounts and vouchers furnished for the use of postmasters in rendering their quarterly postal accounts, the several bureaus and divisions of the Post Office Department are hereby directed to name, in the letters of authorization sent to the postmaster, the appropriations to which expenditures are chargeah'e, and to instruct the postmasters to note the appropriations on all vouchers for articles purchased or services performed other than personal services for which payrolls or salary vouchers are provided.

In naming the appropriations the titles to be used are those found in the yearly Digest of Appropriations issued by the Secretary of the Treasury.

PAYMENTS FOR RENT OF POST OFFICE QUARTERS TO AGENTS OF LESSORS.

24. Section 3477, Revised Statutes, directing that all transfers and assignments of claims on the United States, and all powers of attorney or other authorities for receiving payment of such claims shall be absolutely null and void, is modified by the act making appropriations for the service of the Post Office Department, approved May 27, 1908, as follows:

"Hereafter the provisions of section thirty-four hundred and seventy-seven of the Bevised Statutes shall not apply to payments for rent of post office quarters made by postmasters to duly authorized agents of the lessors".

25. Blank powers of attorney to receive payments for rent of post office quarters have been prepared and may be obtained by requisition on the Fourth Assistant Postmaster-General, Division of Supplies.

26. Clerk hire.— First and second class.—At first and second-class offices, clerks should be paid on regular pay-roll. Form No. 1500-S (small) or 1500-L (large). Assistant postmasters should be paid on Form No. 1526-C, and the latter securely pinned to the regular clerks' pay-roll.

27. Third class.—At third-class offices, clerks should be paid on separate blanks, Form No. 1526-A.

- 28. Receipts.— The signatures to receipts on vouchers should be in writing, except that the name of a company may be printed or stamped if followed by the written signature of the person authorized to receive payment. Concerning the evidence of proper payment of vouchers, see Treasury Department Circular No. 52 1903, below.
- 29. Certificate.—All vouchers for services or supplies must contain a certificate of the proper officer that the services have been rendered, and in case of supplies, that they have been delivered and show by whom received. The postmaster must attach his written signature to the required certificate, except that if the postmaster is ill or necessarily absent, and the certificate is made by the assistant, the name of the postmaster may be stamped, followed by the written signature of the assistant postmaster. When pay-rolls consist of two or more sheets of the same form number or when two or more sheets of Form No. 3954, Special Delivery vouchers are used, one certificate on the last sheet of the pay-roll or vouchers will be sufficient.
- 30. Allowances.— Allowances for clerk hire, rent, light and fuel are not perquisites of the office, but are amounts fixed by the Department which the postmaster may expend if the needs of his office require it, and they are only available for services or purchases within the fiscal year for which they are made. Credits for actual expenditures will be given as the quarterly allowances accrue. If a postmaster exceeds his accrued allowance the excess will be suspended and credited in whole or in part in any subsequent quarter of the same fiscal year in which the expenditures are less than the accrued allowance.
- 31. Required with every account.—To avoid correspondence, trouble and delay in the actilement of postal accounts, it is important that all necessary statements and vouchers accompany the account, and that they be in proper form.
 - 32. Each quarterly presidential postal account must be accompanied by:

Form No. 1511, statement of stamps, etc., received during the quarter.

Form No. 1537, box account.

Vouchers and pay-rolls for all authorized expenditures made. No credit can be allowed unless supported by proper vouchers, bearing a certificate that the service has been performed, or the article received.

Form No. 1559 (pink), statement of the vouchers accompanying the account.

This should be a statement in detail of all the vouchers except those relating to clerk hire at first and second-class offices, railway mail service, and city delivery service.

33. Before mailing.— After the report is prepared it should be examined before mailing to see that nothing has been omitted, and that each statement and voucher is complete and in proper form. Postmasters and assistant postmasters should familiarize themselves with, and follow the printed instructions on the various blanks furnished by the Department.

EVIDENCE OF PROPER PAYMENT OF VOUCHERS.

34. The following circular issued by the Comptroller of the Treasury is published for the information of postmasters, who must furnish vouchers in accordance therewith:

TREASURY DEPARTMENT CIRCULAR No. 52-1903.

The following regulations, in the matter of the evidence required by the accounting officers as proof of payment of vouchers, are published for the information and guidance of the disbursing officers of the United States:

- (1.) Vouchers must be stated in the name of the person, firm, company, or corporation rendering the service or furnishing the articles for which payment is made.
- (2.) If the payer be a partnership, the receipt to the voucher should be signed in the usual firm signature; if an incorporated or unincorporated company the receipt should be in the company name, followed by the autograph signature of the officer (with his title) authorized to receive the money and receipt therefor.

- (8.) Evidence of the authority of the officer receipting for an incorporated or unincorporated company must accompany the voucher, or be on file, unless the payment is made by a check drawn on a United States depository, to the order of the company, and that fact, with the date and number of the check and the name of the depository, is stated on the voucher.
- (4.) When a disbursing officer is satisfied that an attorney, agent or officer is authorized to receipt for his principal, whether an individual, firm, company, or corporation, the receipt of the principal by the attorney, agent, or officer will be sufficient, without proof of authority accompanying the voucher, provided that payment is made by a check drawn on a United States depository and payable to the order of the principal, and the memorandum required in the preceding paragraph is made upon the voucher.
- (5.) All vouchers for services or supplies must contain a certificate of the proper officer that the services have been rendered, and in case of supplies, that they have been delivered and show by whom received.
- (6.) These regulations will not affect any additional regulations of the several departments, but are intended as a statement of the requirements of the accounting officers as proof that payments are made to the proper persons.

HOW TO ACCOUNT FOR STAMPS, ETC., RECEIVED DURING THE QUARTER.

35. With each quarterly presidential postal account postmasters must forward a statement on Form No. 1511 of all postage stamped paper received during the quarter; this should be prepared as follows:

Norg.—The word "invoice" used below means the bill of the Post Office Department which the postmaster receives for the stock.

- 36. Date of invoice.— Enter the Department date, which is found in the upper left-hand corner of the invoice.
- 37. Date received.— Enter the date on which the stock is received. Do not enter stock for which a requisition was made during the quarter, and which you expect to receive, but which has not reached you at the time the report is made.
- 38. Description.— Describe in general terms the kind of stock, whether "Stamps," "Books of stamps," "Postage-due stamps," "Envelopes," "Special-request envelopes," or "Postal cards." It is not necessary or desirable to itemize and give in detail the quantity, denomination, size, quality. etc., of the stock.
- 39. Amount.—In this column enter the total amount of each invoice, no matter how many items it may contain.
- 40. General. Use one line and only one line on the statement, Form No. 1511, for each invoice, following the instructions above. If it happens that there are two or more invoices bearing the same date, but for different kinds of stock, use one line for each invoice.
- 41. Stock from discontinued offices.— First, enter stock received direct from the Department and make a total thereof. Next enter stock received from discontinued offices, using one line on the statement for each office, giving the name of the late postmaster, the office and (without itemizing) the total value of stock received from that office. Make a separate total of stock received from discontinued offices.
- 42. Entries on postal account.—Carry the total amount of stock received from the Department to Article B on the quarterly postal account. Charge the total amount of stock from discontinued offices by an entry between Articles A and B, reading, "Stock received from discontinued offices, \$....." If there is only one case, enter the name of the office instead of the words "discontinued offices."

EXCESS REVENUE FROM SALE OF STAMPED ENVELOPES AND NEWSPAPER WRAPPERS.

- 43. Section 372, Postal Laws and Regulations, edition of 1902, has been amended by adding the following paragraphs:
- "4. Postmasters will charge themselves in their quarterly postal accounts with the difference between the invoice value of stamped envelopes and newspaper wrappers and the amount received from their sale. This difference consists of the known, determined gain accruing in fractions of a cent from the sale of envelopes and wrappers singly or in odd lots.
- "5. The difference will be ascertained, whenever an inventory is taken, by deducting the amount for which the postmaster would be accountable under the method followed in determining Article 1 of his quarterly postal account from the amount of cash received from the sale of postage-stamp supplies since the previous inventory; for example:

| A. | Amount of postage-stamp supplies on hand at last inventory | \$250 00 |
|----|--|-----------------|
| В. | Amount of postage-stamp supplies received from Department since last inventory | 106 20 |
| c. | Total to be accounted for | 356 20 92 48 |
| | - | 263 72 |

| D. | Deduct credit for damaged stock returned to Department \$2 00 Deduct credit on dead letter bills | | |
|----|--|------------|----------|
| | · · · · · · · · · · · · · · · · · · · | \$2 | 10 |
| 1. | Amount of postage-stamp supplies sold since last inventory Deduct from cash received from sale of stamp supplies since last inventory | 261 262 | 62 49 |
| 2. | Amount received in excess over invoice value from sale of stamped envelopes and wrappers singly or in odd lots | 0 | 87 |

- "6. Branch post offices, postal stations, stamp clerks, and rural-delivery carriers having a fixed credit for stamp supplies will ascertain this difference by adding the stock and cash on hand at the time of inventory and deducting therefrom the amount of such fixed credit.
- "7. Postmasters will instruct superintendents of branch post offices and stations, clerks in charge of numbered stations, stamp clerks, and rural carriers to begin the accounting required herein at once.
- "8. Postmasters supplied with Official Account and Record Books and with quarterly postalaccount blanks providing for this item of postal revenue will enter the difference in the appropriate columns and articles.
- "9. Postmasters of the first, second, and third classes supplied with Official Account and Record Books which do not provide for this item of postal revenue will interline it in their record of Daily Sales at the time of inventory and in their Monthly Statement of Receipts. Postmasters of the fourth class will record it at the foot of the page headed "Daily Record of Cancellations and Sales."
- "10. Postmasters not supplied with quarterly account blanks providing for this item will make the following entry in the blank space at the foot of the left-hand side of their quarterly postal account:
 - To excess over Department invoice value from sale of stamped envelopes and newspaper wrappers singly or in odd lots.....
- "11. Postmasters at fourth-class offices who do not report an excess gained from this source will explain the reason therefor in the space reserved for explanations on page 1, and postmasters at first, second and third class offices on page 4, of their quarterly postal accounts."

QUARTERLY NEWSPAPER AND PERIODICAL REPORTS.

44. Many postmasters, even at the larger offices, persist in sending to the Auditor for the Post Office Department, with their quarterly postal accounts, the statement of postage at one cent a pound collected in money on second-class matter mailed by publishers and news agents (Form 3551, Presidential, and Form 3551-a, fourth-class), thereby causing unnecessary work and delay in the settlement of accounts. Those statements, together with the manifold copies of receipts given to publishers and news agents, should be forwarded promptly at the close of the quarter direct to the Third Assistant Postmaster-General, in accordance with the instructions of section 408 of the Postal Laws and Regulations, printed on the back of the forms.

THIRD AND FOURTH CLASS MATTER.

- 45. Section 483%, paragraphs 6 and 7 of the Postal Laws and Regulations, edition of 1902, has been amended to read as follows:
- "6. A receipt (Form 3603) for each mailing must be issued by the postmaster to the sender. This receipt must show the class of matter mailed, the permit number, the total number of pieces in the mailing, the amount of postage chargeable on a single piece, and the total amount paid."
- "7. At the close of each quarter the postmaster shall send to the Auditor for the Post Office Department, together with the duplicate receipts of Form 3603, and the quarterly postal account, a certificate (Form 3604 for Presidential offices, or Form 3605 for fouth-class offices), showing the total amount of postage collected during the quarter on matter mailed under the provisions of this section, which amount must be charged in the quarterly postal account."

FORWARD QUARTERLY POSTAL ACCOUNTS TO THE AUDITOR.

- 46. All offices.—All postal accounts must be prepared and forwarded to the "Auditor for the Post Office Department, Washington, D. C.," immediately after the close of each quarter by ordinary mail. (Do not register 'them.) Postmasters must not wait for a notice from the Auditor before sending in their accounts. Never enclose postal accounts in a "money-order" envelope.
- 47. Fourth-class. Mail reports in "No. 17" envelopes which bear the printed address of the Auditor. These envelopes are furnished by the Fourth Assistant Postmaster-General. Make requisition for them on Form No. 1579.
- 48. Presidential.—Always paste a green address label, Form No. 1554, on the face of the envelope in which the account is mailed. Be careful to forward all necessary statements and vouchers with the account.

APPEALS FROM THE SETTLEMENTS OF THE AUDITOR.

- 49. It is ordered by the Comptroller that hereafter upon an appeal to the Comptroller from a settlement by an Auditor no revision of an item upon which payment has been accepted will be made.
- 50. If such appeal is predicated solely upon an account consisting of a single item upon which payment has been accepted, in such case such appeal shall be peremptorily dismissed and the proper certificate of no differences made. If such appeal is predicated upon an account consisting of different items and payment has been accepted upon one or more items, leaving items in such account appealed from upon which payment has not been accepted, no revision shall be had upon the items in said account upon which the payment has been accepted.
- 51. But if, in the judgment of the Comptroller, the account, in either of the above cases, as an entirety in the interest of the Government should be revised, then he will make a revision of the claim as an entirety.

GENERAL RULES FOR POSTMASTERS IN THE CONDUCT OF THEIR OFFICES.

- 1. Postmaster's residence.—A postmaster must reside within the delivery of the post office to which he is appointed or in the town or city in which it is located.
- 2. Aliens in postal service.—An alien may be appointed postmaster, provided he has declared in proper form his intention to become a citizen of the United States, and can take the oath prescribed in section 235, Postal Laws and Regulations. This ruling applies also to assistants and clerks
- 3. Personal attention to official duties.— Postmasters at Presidential post offices are required to give their personal attention to the business of their offices, and must not absent themselves therefrom for a longer period than two days, without authority granted upon written application to the Department.
- 4. Authority to administer oaths.—Under section 208, Postal Laws and Regulations, a duly commissioned postmaster is, by virtue of his commission, authorized to administer the oath of office to any person, whether employed in the postal service or in any other Department of the Government. He is not empowered to take affidavits or acknowledgments, or to perform such other duties as usually pertain to the office of justice of the peace or notary public, except as provided in ruling 66, page 57 of this Guide.
- 5. Form of oath.—Postmasters should understand that in the appointment of assistants, clerks, or other employees in their offices, they must use the printed blank form of oath furnished by the Department. Written forms will not be accepted.
- 6. Leaving lobby open. Lobbies of post offices may remain open when no one is on duty if the screen work extends to the ceiling and if all doors, windows and wickets connecting the lobby with the working portion of the office are securely locked.
- 7. Delivery of late mails.— Postmasters are not obliged to open, assort and deliver the same evening a mail which arrives after 9 P. M.; but there is nothing to prohibit their doing so.
- 8. Employees' hours of service. The hours during which clerks in post offices are required to be on duty are regulated by the postmasters in whose offices they are employed; but the hours of service of employees in offices of the first and second classes are subject to approval by the Department.
- 9. Night service.—Postmasters will not be permitted to place in operation "night service" at post offices or stations where such service will involve any additional expense for clerk hire, or for fuel or light, without first submitting the matter for consideration by the First Assistant I'ostmaster-General, Division of Salaries and Allowances.
- 10. Replies to inquiries.—Section 549, Postal Laws and Regulations, forbids postmasters to furnish complete or partial lists of names of their patrons under any circumstances, or to furnish information concerning mail matter except under certain conditions, but postmasters are expected to extend to all persons the courtesy of a respectful reply to inquiries addressed to them in their official capacity, and they may use penalty envelopes for that purpose, if stamps be not enclosed with the inquiries.
- 11. Information desired by Government officers. Postmasters are directed to reply promptly to inquiries made by United States Pension Agents concerning the addresses of pensioners, so far as it is possible to do so without incurring expense. The Post Office Department does not construe section 549, Postal Laws and Regulations, to forbid the furnishing of such information to the Pension Bureau, nor should it be enforced to the embarrassment of the business of another Executive Department, or of the official representatives of foreign countries in the United States.
- 12. Testifying regarding mail. A postmaster summoned as a witness should obey the summons and go into court but should refuse to testify in regard to mail matter, at the same time exhibiting to the court section 549, Postal Laws and Regulations. He should then testify if so directed by the court.
- 13. Telephone inquiries.— In answering telephoned inquiries concerning mail matter postmasters should be careful not to give information to any person whose voice is not recognized as that of some one authorized to receive such information.

- 14. Official endorsements and testimonials.—No postmaster or other postal officer or employee is permitted, without special authority from the Postmaster-General, to give any endorsement, recommendation or other testimonial, in his official capacity, to any private enterprise or business having any connection with the postal service or with postal affairs, or that appeals in any way for support to other postal employees.
 - 15. Care of post offices. Postmasters are enjoined to keep their offices neat and clean.
 - 16. Smoking in post office. -- A postmaster has the right to prohibit smoking in his office.
- 17. Maintenance of order. Postmasters must depend upon the local authorities to prevent disorderly persons from committing breaches of the peace in their post offices. When local protection is refused, the Department can only close the post office.
- 18. Retiring postmaster's responsibility.— A postmaster is responsible for the proper management of his office and for the safe-keeping of the contents thereof until his successor has been appointed and has entered upon the duties of the office.
- 19. Rights of sureties.— The surety of a postmaster has the right to examine his accounts, but said surety has no right to examine mail matter awaiting delivery or passing through the office unless the required oath of office has been previously administered to him.
- 20. Recruits for Army and Navy.— Postmasters are directed to aid recruiting officers of the United States Army and Navy so far as possible by displaying recruiting posters in conspicuous places in the post office lobbies and by distributing to young men who may be interested in the subject any printed matter relative to enlistment in the Army and Navy that is sent to them for that purpose from the War and Navy Departments.
- 21. Sale of postmarking supplies. Postmasters are directed to forward to the Fourth Assistant Postmaster-General, Division of Supplies, all circulars and communications received by them from firms or corporations advertising the sale of postmarking supplies.
- 22. Advertising on postmarking stamps forbidden.—Postmarking dies shall not be used for advertising purposes, except by special permission from the Post Office Department (application for which should be made to the First Assistant Postmaster-General).
 - 23. Waste paper and old files. See section 357, Supplement to Postal Laws and Regulations.

MAIL DEPOSITED FOR DISPATCH.

- 24. Wrapping. -- For manner of wrapping mail matter, see sections 489 and 490, Postal Laws and Regulations.
- 25. Space for address and postmark.—For regulations as to space for address and postmark on mail matter, see secttion 492, Postal Laws and Regulations.
- 26. Examination of mail.— For examination of mail matter at offices of mailing and delivery, see section 492, Postal Laws and Regulations.
- 27. Dispatch of actitiously addressed mail.—Although fictitiously addressed matter is undeliverable under section 625. Postal Laws and Regulations, such matter should not be withheld from dispatch if otherwise mailable and properly prepaid.
- 28. Inviolability of seal.—No post office inspector, postmaster or any other person connected with the postal service, except those employed for that purpose in the Division of Dead Letters, has authority, without legal warrant therefor, to break the seal of any letter passing through the mails.
- 29. Mutilations of mail by canceling machines.—Postmasters should issue necessary instructions to their employees enjoining care in postmarking and back stamping mail by canceling machines. Letters containing bulky enclosures should not be run through the canceling machine, but, instead, should be hand-stamped.
- 30. Failure to cancel postage stamps.— The provisions of section 564, Postal Laws and Regulations, must be compiled with.
- 31. Washington, D. C., and the State of Washington.—The utmost care should be used in the distribution and dispatch of mail intended for Washington, D. C., and for the State of Washington.
- 32. Letters of Soldiers, Sailors and Marines.— For the conditions under which such letters may be transmitted in the mails, without prepayment of postage, see amended section 422, Postal Laws and Regulations.

MAIL RECEIVED FOR DELIVERY.

- 33. General rules.— The delivery of letters is not controlled by statutory provision but by the rules and regulations of the Post Office Department. Persons applying for registered letters and presenting money orders for payment should, if not known, be required to prove their identity. Persons applying for advertised letters should be questioned as to the place or places whence they may be expecting correspondence. In the general delivery of a post office, the postmaster should exercise sound discretion in the delivery of letters to persons claiming to be the persons named in the address, who may not be known to him. (See P. L. and R., sec. 634.)
- 34. Debtors' mail.—A postmaster has no right to withhold the delivery of any mail matter on the ground that the addressee is indebted to him.

- 35. Prisoner's mail.—A letter addressed to a person imprisoned to await trial, upon indictment, or pending indictment, should be delivered in accordance with the order of the person addressed. In the absence of an order, the mail may be delivered to the sheriff or officer having charge of the prisoner.
- 36. Mail addressed "in care of . . ."—When a letter arrives at a post office addressed to one person in the care of another, and the postmaster has received no instructions from the person for whom it is intended, it is his duty to deliver it to the first of the two persons named in the address who may call for it.
- 37. Delivery in transit.—A postmaster at whose office mail in transit is lying addressed to a post office the regular supply of which is cut off by flood or other accident making the mail route impassible is authorized to deliver such mail to the persons addressed upon their personal or written application, or to deliver it to the postmaster of the office of address, to be taken by him to his own office for delivery to his patrons.
- 38. Mail specially held for delivery.— When a postmaster has been requested to hold an ordinary letter or parcel (without the card of the sender) that remains uncalled for or has good reason to believe that it can be delivered to the person addressed, he may endorse it "Specially held for delivery," and retain it not longer than three months before sending it to the Division of Dead Letters. If, at the expiration of three months, the facts shall warrant the further holding of the letter, authority therefor should be obtained from the First Assistant Postmaster-General.
- 39. Advertised letters Postage due on.— The attention of postmasters is directed to section 668, Postal Laws and Regulations, which requires that all letters published as undelivered shall be charged with one cent in addition to the regular postage, to be accounted for as part of the postal revenue.
- 40. Card letters in boxes and general delivery.— Letters in post office boxes and general delivery must be looked over frequently in order that return requests thereon may be complied with.
- 41. Letters opened by mistake.— A letter that has been opened inadvertently, or upon a wrong delivery, may be returned to the writer without additional charge when it bears a card or return request. Postmasters must not open letters to ascertain the name and address of the writer.
- 42. Endorsement of undeliverable letters.—Postmasters must endorse upon the envelopes the proper reason for the non-delivery of letters. Letters which have been refused must be endorsed "refused," not "unclaimed." (Se sec. 676, P. L. and R.)
- 43. Cancelling of address on letters returned to writer.— In returning letters postmasters should avoid obliterating the addresses. A light line drawn through the address will cancel it without rendering it illegible.
- 44. Missent mail.— Postmasters should make frequent and careful examination of undelivered mail in their offices in order that missent mail may be forwarded to the offices addressed with as little delay as possible. Such mail should be stamped or endorsed "Missent to ———," giving the name of the post office, so as to show to what place it was wrongly sent. (See secs. 609, 610 and 1506, P. L. and R.)
- 45. Backstamping of post cards.—Section 611, Postal Laws and Regulations, as amended, does not require the backstamping of post and postal cards at the offices of address. No postmarks should be placed on the message or picture side of such cards.

FORWARDING.

- 46. General regulations.— For general regulations, see section 627, Postal Laws and Regulations.
- 47. Correction of address.— In forwarding several pieces of mail tied up in bundles, the new address should be placed on each separate piece.
- 48. After delivery to representative of addressee.— A letter that has been delivered to a representative of the addressee may be returned unopened and with corrected address to the office from which delivery was made and forwarded without additional postal charge.
 - 49. Drop letters:
- (a) Drop letters prepaid 2 cents.—A drop letter prepaid 2 cents may be forwarded to another office without additional postal charge.
- (b) Drop letters prepaid 1 cent.—A drop letter prepaid 1 cent may be forwarded on payment of 1 cent additional postage.
- (c) Exception to requirement of prepayment of deficient postage.— Drop letters prepaid 1 cent. (See sec. 420, P. L. and R.)
 - 50. Erroneously delivered mail. (See sec. 630, P. L. and R.)
- 51. Misdirected mail.— (See sec. 620, P. L. and R.) Letters should not be forwarded under cover of official envelopes and should not be forwarded on trial. A postmaster at whose office a letter cannot be delivered may forward such letter to another office if he has special reason to believe it can be delivered therefrom.
- 52. Mail addressed to discontinued post office.— Mail matter of the second, third and fourth classes addressed to a discontinued post office may, when the office to which such mail is ordered sent by the Department is not convenient for the addressees, be transmitted to such office as they may designate, without additional charge.
- 53. Mail addressed to persons whose post offices have been changed by rural route changes.

 Patrons of any office, who, on account of the establishment of or a change in rural delivery service, receive their mail from the rural carrier of another office, may have their mail matter of

the second, third and fourth classes sent to the latter office for delivery by the rural carrier without a new prepayment of postage, provided they first file with the postmaster at the former office a written request to that effect. This is not to be construed as "forwarding" within the meaning of the law.

54. When mail of obvious value of the second, third or fourth class is received addressed to a person who has filed a forwarding order, notice on form 3548 should be sent advising him that the matter will be forwarded on receipt of postage therefor.

55. Mail of the second, third or fourth class, the addressee of which has been notified by form 3548 of the amount of postage required for forwarding, may be delivered to the addressee at the office from which the notice emanated, without payment of the forwarding charge, provided he shall first revoke his order for forwarding, thus relieving the postmaster of sending notices that are to be inoperative.

UNDELIVERABLE MATTER.

- 56. General rules.— For undeliverable first-class matter (including postal cards and post cards) and official matter, see sections 670 and 673, Postal Laws and Regulations.
- 57. Objectionable post cards.—Section 573 of the Postal Laws and Regulations provides that "All matter which is manifestly obscene, lewd or lascivious, " " will, when deposited in a post office, be withdrawn from the mails and sent to the Dead Letter Office." Under this rule every post card bearing a picture or language that is obscene, indecent or improperly suggestive, scurrilous, defamatory, or threatening, etc., should be immediately withdrawn from the mails and forwarded without delay to the Fourth Assistant Postmaster-General, Division of Dead Letters. If there is doubt as to whether a card is sufficiently objectionable to warrant its exclusion, it should be forwarded to the Assistant Attorney-General for the Post Office Department for decision. Postmasters are directed to exercise all possible vigilance in the enforcement of this regulation. (See sec. 498, P. L. and R.)
- 58. Mail of obvious value. Matter of obvious value within the meaning of section 485, Postal I.aws and Regulations, is held to be not only such as the postmaster may so regard, but all registered matter, and such as bears the pledge of the sender that return postage will be provided if notification is furnished of non-delivery and amount of postage required.
- 59. Notice to sender. If matter of the second, third or fourth class of obvious value is undeliverable, the postmaster must notify the sender of that fact by card notice (Form 3540) and give him an opportunity to furnish the return postage, or, in the case of third and fourth-class matter, to withdraw the matter, if he so prefers, from the mails (either himself or through some person authorized by him) at the office where it is held, upon payment of one cent postage for each card notice sent him. The stamp representing such postage must be affixed to the matter itself when withdrawn, and be canceled by the postmaster. (See par. 2, sec. 485.)
- 60. Bulk notice Withdrawal by sender. No more notices of non-delivery of third or fourth-class matter than are actually necessary should be sent. When there are several pieces of undeliverable third or fourth-class matter of obvious value from the same sender, one notice on Form 5540 may be used to cover as many of such pieces as practicable, and the form should be suitably altered with the pen to show that it is for a bulk number of pieces, the names and addresses on which are not to be given unless demanded; but when demanded, a separate notice must be furnished for each piece and postage therefor be collected as provided above. When the sender, personally, or through some one authorized by him, upon receipt of a bulk notice, elects to withdraw such matter from the mails at the office of address, all pieces covered by such notice must be withdrawn at the same time. 'Such pieces may not be distributed among several persons.

Note.—There is no provision of law by which the sender of undeliverable second-class matter may withdraw it in this manner from the mails at the office of address.

61. Period of retention.—After the sender of second, third or fourth-class matter of obvious value has been notified of its non-delivery postmasters should hold such matter not longer than two weeks, unless the office of mailing be so remote from the office of address that a response could not be received from the sender within that time, in which case the matter will be held not exceeding four weeks; except that six weeks may be allowed for the notice (card Form 3540) to be dispatched and returned between any post office in the territory of Hawaii and any other United States post office outside of that territory, and ninety days for such service between any post office in the territory of Alaska and any other United States post office not in that territory.

62. Habitual failure to redeem pledge.—Whenever the addressees or senders of undeliverable mail matter of the third and fourth classes bearing the sender's pledge to furnish return postage habitually fail to redeem it by providing postage for forwarding or returning after having been sent official card notice in accordance with the Regulations, postmasters should inform them that thereafter no notice of postage required on undelivered matter will be sent. Postmasters should keep a record of the mailing of postage notices in order to fully sustain such action.

63. Mail without value.— The senders of third-class matter that is obviously without value and does not bear the senders' pledge to furnish return postage should not be notified of the non-delivery of such matter.

64. Mail for local delivery.—Undeliverable matter of the third and fourth classes addressed for local delivery at the office of mailing must not be returned to the sender by city or rural carrier without a new payment of postage on each piece at the rate chargeable thereon when the matter was originally mailed.

65. Destruction of samples, etc.— Undeliverable samples of merchandise sent for advertising purposes, or articles of like character having no salable value, should not be sent to the Division of Dead Letters from post offices having city delivery, but should be destroyed and a suitable record kept of their disposal. (Sec 674, P. L. and R., as amended by Order No. 1392.)

PENSION VOUCHERS.

- 66. Postmasters at fourth class offices have authority to execute pension vouchers and to charge a fee therefor. (See sec. 281, P. L. and R.)
- 67. All vouchers have printed instructions as to the method and manner of their execution plainly stated thereon, which should be carefully read and fully complied with.
- 68. Cashing pension checks from money order funds.— See amended sections 369 and 977, Postal Laws and Regulations.

ENDORSEMENTS ON GOVERNMENT PAPER CASHED BY POSTMASTERS.

69. All postmasters who cash pension checks, Post Office Department warrants, or disbursing postmasters' checks, etc., with postal or money order funds, as provided in sections 369 and 977 as amended, Postal Laws and Regulations, must require that the payees or owners endorse such paper to the order of the postmaster, giving name, official title, and post office. Remitting postmasters, in turn, must endorse such paper to the order of the depositary postmaster. The endorsements should read as follows:

| (First endorsement) |
|----------------------------------|
| "Pay to the order of |
| John Doe, Postmaster, |
| (signed) John Smith." |
| (Second endorsement) |
| "Pay to the order of Postmaster, |
| (signed) John Doe, |
| Postmaster, ———." |
| Tostmuster, ————. |

70. Postmasters must not accept or remit to their depositaries Government paper endorsed in blank.

FUNCTIONS OF REGISTRY AND MONEY ORDER SERVICES.

- 71. It is enjoined upon postmasters and post office employees to encourage the use of the money order and registry systems. They should recommend to the public that postal money orders be used, whenever available, instead of cash, for remittances by mail, and when postal money orders are not available, that money should be sent by registered mail, and that all other valuable mail matter should be registered so that it may be kept under special supervision and insured, to the extent of the indemnity afforded, against loss in the mails.
- 72. Disregard of this order, or any disparagement of the registry or money order systems, whether by making unfavorable comparison with other means of transportation or otherwise, will interfere with the policy of the Department and be deemed sufficient ground for removal of the offender.

REPORTS CONCERNING LOSSES OF MAIL MATTER.

- 73. The attention of postmasters and other postal officials is invited to section 505, Postal Laws and Regulations, relative to reports concerning losses of mail matter, etc. It is important that complainants be urged to execute Form 1510 in all cases, and that postmasters execute section B of the form before forwarding same. If foreign mail is referred to, postmasters must obtain facsimiles of the foreign addresses used, written on separate envelopes or slips of paper. This is absolutely necessary in the case of mail matter addressed to Austria-Hungary, France, Germany, Greece, Italy, Russia, and Turkey. The facsimile must give full name of addressee, correct name of post office, and the name of the province or kingdom in which the post office is situated.
- 74. Communications of the Chief Inspector tracing foreign mail matter are not being answered promptly by all postmasters; in many instances reports are seriously delayed and in some cases replies are not received, which is in violation of sections 272 and 903, Postal Laws and Regulations. In future, each such violation will be made the subject of inquiry and appropriate action taken.

INQUIRIES BY POSTMASTERS AS TO MAIL MATTER IN THE PHILIPPINES AND CANAL ZONE, TO BE ADDRESSED TO THE CHIEF INSPECTOR.

75. United States postmasters must not address inquiries to postmesters or postal officials in the Philippines nor Caual Zone regarding alleged loss, rifling, damage, delay, wrong delivery, or improper treatment of mail matter, registered or ordinary. All inquiries on these subjects will be made by the Chief Inspector. Postmasters will report to him inquiries or complaints of this character. (See sec. 505, P. L. and R.)

NOTICE OF REWARD.

78. In Order No. 3171, dated June 2, 1910, effective July 1, 1910, the Postmaster-General offers to pay rewards, provided Congress shall make the necessary appropriation, or authorize the payment of such rewards, for the arrest and conviction in the United States courts of persons charged with robbing the mails, making armed assaults on persons having custody thereof, burglary of post offices, and the larceny of postage stamps or funds therefrom. Rewards offered are, \$1,000 for the arrest and conviction of persons on the charge of robbing the mails while being conveyed in a mail car attached to a railway train; \$500 for the arrest and conviction of persons on the charge of robbing the mails while being conveyed over any post route, other than a railway; \$250 for the arrest and conviction of persons on the charge of attempting to rob the mails while being conveyed over any post route by assaulting the person having custody thereof, and by shooting or threatening with dangerous weapons; not more than \$200 nor less than \$50 for the arrest and conviction of persons on the charge of breaking into and stealing from a post office, or larceny therefrom; not more than \$200 nor less than \$25 for the arrest and conviction of any mail carrier on any star route on the charge of embezzling or stealing mail matter, or any valuable thing contained therein; not more than \$200 nor less than \$50 for the arrest and conviction of persons on the charge of stealing mail matter or any valuable thing contained therein while being conveyed over any post route, or while in the custody of any mail messenger, or while being conveyed to or from any railroad depot, or of robbing or stealing from the mails while remaining at any railroad depot awaiting transfer; for the arrest and conviction of accessories to the above mentioned offenses the same rewards will be paid as for the principal offenders.

77. Larceny from post office stations, street letter boxes, or other receptacles will be regarded under this offer the same as larceny from a post office proper.

78. Postmasters and subordinates at the offices, and contractors and subcontractors on routes, where the offense is committed are barred from receiving rewards for arrests and convictions.

79. The Department reserves the right to refuse payment of reward when there has been collusion or improper methods have been used to secure arrest and conviction thereunder; and to allow only one reward where several persons have been convicted of the same offense, or one person has been convicted of several offenses, unless the circumstances entitle the claimant to a reward on account of each such conviction, and to grade rewards from the minimum to the maximum sum according to the circumstances of the particular case. Applications for reward should be addressed to the Chief Post Office Inspector, Washington, D. C., and claims will not be entertained unless presented to a postal official within six months from the date of conviction. Unless the offense charged in the indictment under which an offender has been convicted is enumerated in the Offer of Reward, a claim will not be entertained by the Department.

80. In order that all claimants for reward may have an opportunity to present their claims within the prescribed limit, the Department will not take action looking toward the adjustment of claims within six months from date of conviction of offenders.

81. Circulars giving more complete information will be mailed upon request.

POSTAL SERVICE EMPLOYEES.

 13, 1905, no Government employee shall be concerned in any manner in the instruction of applicants for examinations before the Civil Service Commission, under penalty of dismissal from the service.
- 2. Probationary appointments of post office employees.—The civil service act provides that there shall be a period of probation before any absolute appointment, and civil service Rule VII fixes the probationary period at six months.

AUTHORITY FOR EXPENDITURES FOR CLERICAL AND CARRIER SERVICE.

- 10. Postmasters are not authorized to expend money for clerical or carrier service without obtaining in advance a specific allowance from the Department, except
 - (a) For substitutes for clerks and carriers absent without pay. (See page 61 hereof.)
- (b) For substitutes for clerks and carriers absent on civil service duty or in attendance as witnesses for the Government at a United States court, for which purposes such expenditures may be made as are absolutely necessary, the amounts being reported to the proper division of the office of the First Assistant Postmaster-General promptly at the end of each quarter so that allowances to cover the expenditures may be granted. On the pay-rolls sent to the Auditor credit for payments should be claimed in the column headed "Auxiliary and Temporary Service," Form 1622 being used for clerks and Form 1662 for carriers.
- 11. Great care should be exercised to make no expenditure without authority, as credit for unauthorized expenditures will not be allowed by the Auditor. In cases of emergency, allowances may be requested by telegraph.
- 12. Care should also be used to take receipts on the proper pay-roll and to enter the expenditures in the proper column thereof. Every allowance letter will contain explicit instructions for claiming credit, which should be exactly followed.
- 13. At the close of each quarter postmasters should report promptly, on Form C-225, amounts paid during the preceding three months to regular and substitute clerks, and the amounts deducted for absences without pay; a similar report for the carrier service should be made on Form D-9.

PAYMENT OF SALARIES.

- 14. Receipts for payments of salary to post office employees must not be taken before the payments are actually made. The pay-rolls or other receipt forms must be fully made out in ink before they are signed, and the exact amount paid to each employee must be entered thereon. This applies to semi-monthly rolls as well as to quarterly pay-rolls submitted to the Auditor as vouchers.
- 15. Paragraph 9 of section 385, Postal Laws and Regulations of 1902, as amended reads as follows: "9. Postmasters must be prepared to pay salaries semi-monthly within three days (including Sundays and holidays) after the expiration of the fifteenth and last day of the month, except when both a Sunday and a holiday fall within said three days, in which event the period within which payments shall be made may be extended one day. Whenever the postal funds of the office are not sufficient to make such payments transfers should be made from the money-order to the postal account. If the available postal and money-order funds combined are insufficient for this purpose, application should be made on Form 3011 to the Third Assistant Postmaster-General, who will cause an accountable warrant to be issued for the sum needed. Form 3011 may be obtained upon requisition to the Third Assistant Postmaster-General."
- 16. See sections 1396, 1397 and 1402, Postal Laws and Regulations, as to salaries of officers of the Railway Mail Service and railway postal clerks.

COMPENSATION OF REGULAR CLERKS AND CITY CARRIERS.

- 17. All payments to regular clerks and city carriers and all deductions for absence without pay must be computed by the salary tables of 1904.
- 18. For each full calendar month's service a clerk or carrier is entitled to one-twelfth of his annual salary. For absence without pay during any full calendar month he loses one-twelfth of his annual salary. When a clerk or carrier is absent during an entire month that fact should be stated in the quarterly pay-roll.
- 19. A clerk or carrier appointed during a thirty-one-day month receives one-thirtieth of one month's compensation for each day he works except the thirty-first. A clerk or carrier appointed during February receives one-thirtieth of one month's compensation for each day he works except the last day of the month, for which in ordinary years he receives three-thirtieths and in leap years two-thirtieths.
- 20. A clerk or carrier separated from the service before the end of any month receives one-thirtieth of one month's compensation for each day he works during the month.
- 21. For each day's absence without pay on the part of a regular clerk or carrier one-thirtieth of one month's compensation should be deducted. This rule applies to the last day of a thirty-one-day month and to the last day of February as well as to all other dates.
- 22. Absence without pay of regular clerks and carriers should be recorded in eighths of days and fractions thereof. At the end of the pay period the recorded absences should be added and deduction made for the nearest whole number of eighths of days, one-half of an eighth or more being regarded as one-eighth and less than one-half of an eighth being ignored. Clerks should not be excused for fractions of eighths of days unless absolutely necessary.

COMPENSATION FOR AUXILIARY, SUBSTITUTE, AND TEMPORARY SERVICE.

23. In the absence of specific instruction to the contrary, postmasters should pay for all service performed by substitute clerks and carriers at the rate of 30 cents an hour. In making payments they should observe carefully the following instructions:

24. Enter in each substitute's service record (Form 1592 or 1593) the exact length of time, in hours and minutes, during which he actually serves every day, whether Sunday, holiday, or working day. At the end of each half month find, by adding such entries, his total time of service during that period, and pay him for the nearest whole number of hours, counting a fraction of an hour amounting to 30 minutes or more as one hour and ignoring a fraction amounting to less than 30 minutes. Thus, for 29 hours and 30 minutes pay \$9; for 29 hours and 29 minutes pay \$8.70. Substitute clerks should not be employed for fractions of hours unless absolutely necessary.

SUBSTITUTES FOR ASSISTANT POSTMASTERS.

25. A substitute for an assistant postmaster can not be paid from his lapsed salary, but when absolutely necessary the Department will authorize the employment of a temporary clerk at the rate of 30 cents an hour during the absence of an assistant postmaster in excess of the fifteen days allowed by law.

SUBSTITUTES FOR EMPLOYEES ABSENT WITHOUT PAY.

- 26. Postmasters are authorized, without application to the Department, to utilize the amounts deducted during each quarter from the salaries of regular clerks absent without pay for the employment of substitutes for such clerks at the rate of 30 cents an hour, and similarly to utilize the amounts deducted from the salaries of regular carriers absent without pay for the employment of substitutes for such carriers at the rate of 30 cents an hour, either in the quarter in which the deductions are made or in any subsequent quarter of the same fiscal year. The Auditor will allow credit each quarter for the actual expenditures only.
- 27. Should the amount deducted in any quarter from the salaries of regular clerks or carriers, plus any unexpended balance brought forward from the preceding quarters of the same fiscal year, prove insufficient to pay for necessary substitute service at the rate of 30 cents an hour, application should be made to the Department at the close of the quarter for a supplemental allowance to cover the deficiency. The Department believes, however, that as a rule the deductions will be sufficient to pay for all necessary substitute service. Supplemental allowances will be granted only in exceptional cases.
- 28. It should be borne in mind that allowances for clerical service and allowances for carrier service are granted out of separate appropriations. Care should be exercised to use each allowance for the object for which it was granted, and on the pay-rolls sent to the Auditor, to enter the amount expended in the proper column numbered 2 for auxiliary service, 3 for vacation service, or 4 for service vice regular employees absent without pay.

SUBSTITUTES FOR LABORERS ABSENT WITHOUT PAY.

29. If a regular laborer is absent without pay and it is necessary to fill the vacancy, the postmaster is authorized to select any one eligible for appointment to serve at the same salary as the regular laborer during such laborer's absence. The name of the substitute, the number of days he served, and the name and salary of the employee for whom he served should be reported at the end of the quarter to the First Assistant Postmaster-General (Division of Salaries and Allowances). The Auditor will be authorized to allow credit for his salary as a regular employee for the time during which he served. He should sign the regular pay-roll (Form 1623).

PROMOTIONS, REDUCTIONS, AND TRANSFERS.

30. Fifteen days before the end of each quarter recommendations should be submitted to the Department either for or against the promotion of every clerk and carrier who at the end of the quarter will have completed a year's service in any of the grades from \$600 to \$1000 inclusive at a first-class office, or from \$600 to \$900 inclusive at a second-class office.

31. Promotions to the 1200-dollar grade at first-class offices and to the 1100-dollar grade at second-class offices are not automatic, but are granted as a reward for especially meritorious service when vacancies occur by death, resignation, reduction, or removal, or when additional positions in those grades are authorized by Congress. Recommendations against such promotions need not be submitted, the absence of a favorable recommendation being sufficient.

32. Recommendations for the promotion of clerks should be submitted on Form C-204 (in triplicate) and of carriers on Form D-104 (in triplicate). Recommendations that promotion be withheld from clerks should be submitted on Form C-205 in duplicate and recommendations that promotion be withheld from carriers, on Form D-105 in duplicate.

33. If a clerk or carrier has been absent without pay for any cause for ninety days or more during the year following his appointment or his last promotion, whether granted leave of absence or dropped without prejudice, he should not be recommended for further promotion

until the completion of another quarter's service; if he has been absent one hundred and eighty days or more, he should not be recommended for promotion until the completion of two more quarters' service; if two hundred and seventy days or more, not until the completion of three more quarters' service.

- 34. A clerk or carrier falling of promotion must remain in the same grade for two quarters (six months) longer before becoming again eligible for promotion. A clerk or carrier who is reduced to a lower grade may be restored to his former salary (or partially restored if he has been reduced more than one grade) at the beginning of the next quarter or of any quarter thereafter. One year after being restored to his former salary, he will be eligible for further promotion, provided his record in the meantime has been satisfactory. Thus, if a clerk or carrier fails of promotion on October 1, 1910, he will not be again eligible until April 1, 1911. If a clerk or carrier is reduced on October 15, 1910, he may be restored to his former salary on January 1, 1911, and will be eligible for further promotion on January 1, 1912.
 - 35. Attention is invited to the following Executive Order, dated January 31, 1902:
- "All officers and employees of the United States of every description, serving in or under any of the Executive Departments, and whether so serving in or out of Washington, are hereby forbidden, either directly or indirectly, individually or through associations, to solicit an increase of pay or to influence or attempt to influence in their own interest any other legislation whatever, either before Congress or its committees, or in any way save through the heads of the Departments in or under which they serve, on penalty of dismissal from the Government service,"
- 36. No recommendation for the promotion of any employee in the classified service shall be considered, except it be made by the officer or officers under whose supervision or control such employee is serving; and such recommendation by any other person with the knowledge and consent of the employee shall be sufficient cause for debarring him from the promotion proposed, and a repetition of the offense shall be sufficient cause for removing him from the service. (Approved July 2, 1902.)
- 37. Transfers from the clerical to the carrier force and the reverse, and from one office to another, are made only on the recommendation of the postmasters affected. All questions of transfer should therefore be taken up directly with such postmasters.
- 38. An employee transferred from clerk to carrier or vice versa, or from one office to another should receive full credit for his service before the transfer.
- 39. Recommendations for the transfer of a clerk to the carrier force and the reverse should include a statement as to whether each applicant is physically able and otherwise qualified to perform the duties of the position to which his assignment is recommended, and should be submitted to the First Assistant Postmaster General on the proper form in quadruplicate, accompanied by the written application of each employee affected. For transfers from the clerical to the carrier force use Form D-102; for transfers from the carrier to the clerical force and for mutual transfers between clerks and carriers use Form C-202.
- 40. The ruling of the Civil Service Commission regarding transfers between the substitute clerk and the substitute carrier force is as follows:
- "Transfers [of regular employees] to the substitute force of a post office . . . may be made to any position on the substitute list. A substitute transferred from one post office to another shall go to the foot of the substitute list.
- 41. "The transfer of a substitute within a post office from the clerk to the carrier substitute force, or vice versa, may not be made except to the foot of the substitute roll: Provided, That a mutual exchange of positions between a substitute clerk and a substitute carrier may be made, but not to any higher position on the substitute roll than that to which each would have been entitled if his original appointment had been to the roll to which transferred: And provided further, That when a substitute is transferred from the clerk to the carrier roll, or vice versa, and afterwards retransferred to the roll upon which his name originally appeared, then his name shall be entered upon such roll in the order of his original appointment."
- 42. A substitute clerk can not be appointed directly to the position of regular carrier nor a substitute carrier directly to the position of regular clerk.
- 43. Transfers from the substitute clerk to the substitute carrier roll should be reported to the First Assistant Postmaster-General on Form 1101 in quadruplicate; transfers from the substitute carrier to the substitute clerk roll and mutual transfers between substitute clerks and substitute carriers should be reported on Form C·202 in quadruplicate.

FILLING OF VACANCIES IN CLERICAL AND CITY CARRIER FORCES.

- 44. When a vacancy occurs in the post office force, whether caused by an employee's separation from the service, promotion, or reduction, changes may be recommended as follows:
- 45. Vacancies in positions above the highest grade of clerks and carriers.—When a vacancy occurs in a position above the highest grade of clerks and carriers (that is, a position paying more than \$1,200 a year), the postmaster may recommend the promotion to such position of an employee occupying any other position above the highest grade of clerks and carriers (that is, the \$1.200 grade), or the promotion of a clerk or carrier of the highest grade in the office concerned, provided that such clerk or carrier has served satisfactorily during the preceding year. Such changes may take effect on any day following the date on which the vacancy occurs.

- 46. Vacancies in clerk and carrier grades.—A vacancy in the ciercal or carrier grades (that is \$600 to \$1,200) may be filled only by the appointment of a cierk or carrier at \$600, except when the Department authorizes the postmaster to fill it by reinstatement or transfer. Appointments should, whenever possible, take effect on the day following the date on which the vacancy occurs.
- 47. If the vacancy is in the \$1,200 grade at a first-class office, or in the \$1,100 grade at a second-class office, the postmaster may, when reporting the vacancy, recommend (on Form D-104 or C-204) the promotion to such grade at the beginning of the following quarter of any employee who has served satisfactorily for one year in the next lower grade.
- 48. Vacancies in mechanical and subclerical positions.— A vacancy in a mechanical or subclerical position (carpenter, janitor, laborer, etc.) may be filled, as heretofore, by promotion or by appointment, the changes to take effect on any day following the date on which the vacancy occurs.
- 49. Forms to be used.—In reporting the choice of substitute clerks from the Civil Service register use Form C-201. In reporting the choice of substitute carriers use Form 1101. In recommending the promotion of employees in the higher positions (above \$1,200) the appointment of regular clerks at \$600, transfers to the clerical force, and joint transfers between clerks and carriers use Form C-202. In recommending the appointment of regular carriers at \$600 and transfers to the carrier force use Form D-102 (formerly 1101¼). All recommendations should be submitted in triplicate except recommendations for transfers between the clerical and carrier forces, which should be in quadruplicate. Do not use the forms above mentioned in recommending the promotion of clerks or carriers in the grades from \$600 to \$1,200, special forms being provided for that purpose (D-104 and C-204).

REINSTATEMENTS.

50. Every recommendation for reinstatement must be accompanied by a statement showing that the person whose reinstatement is sought has not two or more members of his family already in the competitive service, and must be made in triplicate on Form C-202 or Form D-102, except that recommendations for reinstatement to the position of substitute carrier should be made on Form 1101. If the person whose reinstatement is desired has two or more members of his family in the competitive service, the postmaster should apply to the First Assistant Postmaster-General for instructions.

LEAVE OF ABSENCE FOR CLERKS AND CITY CARRIERS.

- 51. Leave of absence with pay cannot be granted to officers and employees in first and secondclass post offices, except letter carriers, until they have been regularly employed in such offices for one year. After an employee has completed a year's service he should receive leave of absence with pay for fifteen days, exclusive of Sundays and holidays, during the remainder of the fiscal year ending June 30. During the following fiscal year beginning July 1, and each succeeding fiscal year, he should be granted fifteen days, exclusive of Sundays and holidays, at such time as he can be most conveniently spared.
- 52. City carriers in the service on the 1st day of July should be granted leave of absence with pay for fifteen days, exclusive of Sundays and holidays, at such time before the following June 30 as they can be best spared from their duties. Carriers entering the service after the 1st day of July should be granted, before the following June 30, one and a quarter days' leave of absence for each month elapsing between their appointment and that date.
- 53. Postmasters are not authorized to require clerks and carriers to return to work on Sundays and holidays during their vacations and should not endeavor to assign vacations so as to exclude Sundays and holidays, but should give as many of their employees as possible the full benefit of the Act of Congress providing that Sundays and holidays shall not be included in leave of absence with pay. The privilege of taking vacations that include holidays should be given to different employees in rotation so as to avoid any complaint of injustice. No additional expense should be incurred by reason of the absence of employees on vacation on Sundays and holidays, the employees remaining on duty being required to work additional time if necessary.
- 54. Clerks and carriers will be paid for Sundays or holidays occurring at the beginning or end of a period of absence without pay unless scheduled to work on such days; but not for Sundays and holidays occurring within the period of absence, whether scheduled to work on such days or not.
- 55. Postmasters may, in addition to the leave of absence with pay provided by law, grant leave of absence without pay to clerks and carriers in case of illness, disability received in the service, or other urgent necessity, such leave not to exceed thirty consecutive days, or sixty days in any one calendar year. An application for leave of absence to cover a longer period must be submitted by the postmaster to the First Assistant Postmaster-General with a clear statement of the reason therefor; but leave for more than one hundred and fifty days in one calendar year will not be granted in any case. Clerks and carriers who are ill or desire to be absent for longer periods will be dropped from the rolls without prejudice. Unnecessary absence without pay will adversely affect the employees' efficiency records.

56. In order to correct a misconception that seems to exist as to the attitude of the Department in regard to collistment and service in the national guard by employees of the postal service, the following order has been issued:

"ORDERED, That leaves of absence without pay, in addition to the leave of absence with pay authorized by law, will be granted to postal employees who are members of the national guard when called upon to perform military duty by competent authority."

The Department believes that the national guard should be encouraged in every way and that it is feasible for postmasters to arrange the duties of employees so that leaves of absence to perform military duty may be granted without detriment to the service. In cases of emergency, where the entire guard is called out and to grant leaves of absence to all of the employees of the post office who are members of the national guard would seriously embarrass the postal service, it is believed that, upon proper representations by the postmasters, commanding officers will relieve from duty those employees whose services are imperatively needed in post office work,

EFFICIENCY AND DISCIPLINE OF CLERKS AND CITY CARRIERS.

57. The practice of fining clerks and of suspending letter carriers without pay for purposes of discipline has been discontinued, except as explained below. Postmasters at offices where city delivery service has been established should keep a record of the efficiency of their clerks and carriers in accordance with the instructions issued by the Department under date of November 23, 1908, copies of which can be obtained from the Fourth Assistant Postmaster General (Division of Supplies).

58. Postmasters at offices where city delivery service has not been established should keep a record showing the dates and the exact nature of all offenses and delinquencies on the part of cierks, including violations of the regulations or office rules, breaches of discipline, conduct unbecoming an employee of the service and errors in the performance of duty. An employee's promotion should not be recommended unless his record has been good for the preceding year. Should an employee commit some offense requiring severe disciplinary action, but not warranting his removal from the service, or should his record show at any time that he has not maintained a fair degree of efficiency and faithfulness, the postmaster should recommend his reduction to a lower grade, in accordance with the following provision of the act of Congress approved March 2, 1907: The Post Office Department may reduce a clerk or carrier from a higher to a lower grade whenever his efficiency falls below a fair standard or whenever necessary for purposes of discipline."

59. If an employee should be guilty of an offense so flagrant as in the postmaster's judgment to render desirable his immediate removal from the service, he may be suspended from duty pending final action in the case. Authority for such suspension should be requested by telegram, to be followed promptly by a letter stating the facts in detail in accordance with the requirements of sections 295 and 784 of the Postal Laws and Regulations of 1902.

GOVERNMENT EMPLOYEES GUILTY OF EXTORTION.

60. "Sec. 5481. Every officer, clerk, agent, or employee of the United States, and every person representing himself to be or assuming to act as such officer, clerk, agent, or employee, who is guilty of extortion under color of his office, clerkship, agency, or employment, and every person who shall attempt any act which if performed would make him guilty of such extortion, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than one year, or by both such fine and imprisonment, except those officers or agents of the United States otherwise differently and specially provided for in the subsequent sections of this chapter." (Act of Congress approved June 28, 1906.)

COMPENSATION OF NOTARIES PUBLIC WHO ARE GOVERNMENT EMPLOYEES.

61. Under the terms of the Executive order dated November 4, 1905, no officer, clerk, or employee in the Executive service of the Government (except postmasters at offices of the fourth class), who is also a notary public, shall charge or receive any compensation whatever for performing any notarial act for an officer, clerk, or employee of the Government in his official capacity, or for any person when, in the case of such person, the act is performed during the hours of such notary's service to the Government. Disobedience of this order shall be ground for immediate dismissal from the service. The order does not apply to oaths of disinterestedness or other oaths required to be made by law, provided that the work in connection therewith is not performed during office hours.

CITY DELIVERY SERVICE.

1. Carriers are not required to deliver mail above the second floor of office buildings not equipped with elevators, nor to the different rooms or suites in apartment houses. If boxes are not provided in the front hall on the lower floor of apartment houses, arrangements should be made for some responsible person to receive the mail and distribute it to the occupants of the building.

- 2. If patrons so direct, all mail intended for them, however addressed, will be delivered in one way—by carrier, through the general delivery, or through a rented box; but if such directions are not given, mail will be delivered as addressed. Postmasters are not required to withdraw mail in course of delivery by carrier in order to deliver it to persons calling at the post office. Mail is considered to be in course of delivery as soon as it has been distributed to carriers.
- 3. As to mailing chutes and receiving boxes, see section 720 of the Supplement to the Postal Laws and Regulations.
- 4. Postmasters at offices having city delivery service are directed to instruct each of the carriers fully regarding the regulations as to the care of United States letter-box keys, and to warn them that a violation of the rules or the loss of a key will be sufficient cause for the removal of the offender.

SPECIAL DELIVERY.

5. The act of Congress approved March 2, 1907, provides "that from and after July first, nineteen hundred and seven, when in addition to the stamps required to transmit any letter or package of mall matter through the mails there shall be attached to the envelope or covering ten cents' worth of ordinary stamps of any denomination, with the words 'special delivery' or their equivalent written or printed on the envelope or covering, under such regulations as the Postmaster-General may prescribe, the said package shall be handled, transmitted and delivered in all respects as though it bore a regulation 'special delivery' stamp."

The following regulations have been issued to meet the conditions created by the above-quoted law:

- 6. Credit will not be allowed for cancellation of special delivery stamps or of ordinary stamps when affixed to mail matter for the purpose of effecting special delivery.
- 7. The compensation of postmasters for the delivery of special delivery mail with ordinary stamps affixed shall be the same as that provided for the delivery of mail matter with regular special delivery stamps attached.
- 8. The charge for special delivery of mail matter shall be 10 cents for each piece, to be prepaid by a special delivery stamp or by 10 cents' worth of ordinary stamps affixed thereto, as provided in section 135 and in paragraph 2 of amended section 762.
- 9. When ordinary postage stamps are used in lieu of a special delivery stamp to secure the immediate delivery of mail matter the words "Special Delivery," or their equivalent, must be plainly endorsed on the face of the envelope or package, and preferably close under the stamps, but not on the stamps.
- 10. Special delivery stamps will be sold by postmasters in any required amount. Such stamps can not be used in payment of postage or registry fees.
- 11. Letters intended for special delivery must be placed on the outside of letter packages as required by the regulations. Railway postal clerks will give this matter their careful attention to the end that all special delivery matter may receive the special treatment guaranteed in consideration of the extra rate paid for special delivery.
- 12. Attention is directed to the law and regulations regarding the special delivery of mail embodied in sections 762 to 795, inclusive, of the Postal Laws and Regulations of 1902, and sections 762 to 789, inclusive, of the Supplement of 1907.
- 13. United States special delivery stamps attached to articles mailed abroad and contained in mails for the United States shall be canceled in the sea post office or the United States exchange post office which opens the mails and distributes the articles therein contained. In case said stamps were canceled in the foreign mailing office, the article shall nevertheless be delivered by special messenger. Mail matter bearing foreign special delivery stamps is not entitled to special delivery from United States post offices.
- 14. The law requiring special delivery to be made within the regular letter carrier limits of a city delivery post office is construed as not restricting special delivery to narrower limits than at other than city delivery offices. Special delivery (besides being made throughout the regular letter carrier limits, however extended) should be made within one mile of a city delivery office, although the point of delivery may be outside of the regular letter carrier limits of the post office. To entitle a special delivery letter to immediate delivery at other than city delivery offices, the residence or place of business of the addressee must be within 1 mile of the post office.
- 15. The special delivery fee can be allowed only when there is an actual special delivery, or an actual attempt to effect special delivery.
- 16. Every piece of special-delivery matter received must be endorsed, after it has been recorded and before it is sent out for delivery, "Fee claimed at office of first address." Special-delivery matter which is forwarded without an attempt to make delivery should be endorsed "Forwarded; fee not claimed." The necessary rubber stamps for making the endorsements can be obtained upon application to the Fourth Assistant Postmaster-General, Division of Supplies.
- 17. For information in reference to the treatment of special delivery mail addressed to patrons of rural delivery the attention of postmasters is directed to chapter 7 of the Rural Delivery Instructions.

RURAL DELIVERY SERVICE.

ANNUAL LEAVE AND COMPUTATION OF PAY OF CARRIERS.

1. The attention of postmasters at rural delivery offices is called to the following instructions relative to rural carriers' annual leave of absence, and the manner in which substitute rural carriers' pay is computed, by which they will be governed:

2. Rural letter carriers, after twelve months' continuous service as regular carriers, are allowed annual leave, with pay, not to exceed fifteen days, exclusive of Sundays and holidays, which must be taken within the fiscal year (July 1 to June 80). Any unused portion of such leave can not be allowed during a subsequent year.

8. "Annual leave" shall be construed to apply to the fiscal year, July 1 to June 30, inclusive, and only those carriers who have had twelve months' service on the first day of July are entitled to receive fifteen days' leave of absence with pay. Carriers whose twelve months' service is completed after the first of July are entitled to a pro rata leave of absence with pay during the remainder of the fiscal year equal to one and one-quarter days for each month, but leave can not be granted for a fraction of a day. For example, a carrier appointed December 1, 1908, was not entitled to any annual leave until December 1, 1909, after which he was entitled to leave with pay at the rate of one and one-quarter days per month for the remainder of the fiscal year ending June 30, 1910, or a total of eight days, to be taken between December 1, 1909, and June 30, 1910.

4. Carriers on one tri-weekly route will be charged in multiples of two days for each working day they are absent from duty. Example: If absent Monday, Wednesday and Friday, the days on which route is to be served, a total of six days will be charged against carrier and substitute paid accordingly.

If a carrier on one tri-weekly route takes his full quota of fifteen days' leave all at one period, then he will be charged with fifteen days, and substitute paid accordingly. In reporting such leave to the Department the exact dates carrier is absent must be given.

NOTE.— In cases like the above, the fifteen days are not to be construed as consisting only of working days, but both working days and intervening days, exclusive of Sundays and holidays.

5. Carriers appearing as witnesses for the Government in the United States courts, or serving as regularly appointed members of a United States Civil Service Examining Board, will be given additional leave with pay during necessary absence occasioned by such service.

6. Service on all rural delivery routes should be suspended on New Year's Day (January 1), Washington's Birthday (February 22), Memorial or Decoration Day (May 80), Independence Day (July 4), Labor Day (the first Monday in September), and such day as the President may set apart as Thanksgiving Day in each calendar year. (Note.—This does not include December 25th, Christmas Day.)

7. In granting rural carriers leave of absence with pay, postmasters will see that the number of working days included in such annual leave does not exceed fifteen.

Sundays and holidays (exclusive of December 25th, Christmas Day, on which regular trips must be made), occurring during the annual leave will not be counted as a part of the leave period, and rural carriers shall not be granted annual leave of absence on December 25th, Christmas Day.

If on account of sickness, or other valid reason, a carrier is unable to serve his route on Christmas Day, or the day observed as Christmas, he must employ a substitute at his own expense to serve the route.

Substitute carriers serving for rural carriers who are on annual leave with pay will not be required to report at offices on Sundays and holidays and will not be paid for such days; but if it is essential during such annual leave period that any service be performed on Sundays and those holidays on which service is suspended, then it must be done by a regular carrier.

8. When a regular carrier is absent on leave with pay, his place must be filled by some bonded substitute from the same office, who will be held responsible for regular and continuous service during the time when the regular carrier is absent on annual leave.

A rural carrier absent without pay can serve as substitute for another carrier absent without pay in an emergency.

A rural carrier on leave of absence with pay shall not be employed as substitute for another rural carrier on leave of absence with pay.

9. Where there are two or more rural routes from the same office, any properly bonded substitute may serve during a carrier's annual leave; that is, the substitute for carrier on route No. 1 may serve during the annual leave of carriers on routes Nos. 2 and 3, if the latter have no substitutes available.

10. In the preparation of voucher for the payment of substitute rural carriers, the names of both the regular and substitute carriers must be written in the voucher and in postmasters' reports of service to the Department in the same manner as signed to their respective bonds and as carried on the Department roster; mere initials will not suffice.

11. When the substitute's voucher is properly prepared (buff Form R. D. 4), certify to same and forward both original and duplicate, without separating, to the paying-postmaster for your State. In the absence of the postmaster, the assistant postmaster may certify to vouchers, giving names and titles. Example:

"John W. Smith, Postmaster,

[&]quot;By William L. Jones, Ass't Postmaster."

- 12. Paying-postmasters have no authority to pay a substitute's voucher without an order from the Department in each case. It is, therefore, necessary for postmasters to report promptly the annual leave service to the Department (using Form 5602, revised), giving the precise dates on which leave is taken, which reports must agree as to the total number of dâys with the vouchers (Form R. D.4), which are to be sent at the same time to the paying-postmasters. Beports of leave granted to carriers (Form 5602), and substitute carriers' vouchers (Form R. D.4), may cover service in different months or quarters, provided the service was all rendered during the same fiscal year, but must not cover service in two fiscal years. Leave must not be reported to the Department nor vouchers sent to paying-postmasters until after carriers have returned to duty.
- 13. Postmasters must not report annual leave of absence on Form 5502%, but must use the form indicated in paragraph 12.

PAY OF REGULAR CARRIERS.

14. On and after July 1, 1907, the compensation of rural carriers will be based upon the length of routes as shown on the records of the Department, as follows:

| Length. | Per annum. | Per month. | Length. | Per annum. | Per month. |
|-------------------|---------------|---|----------------|----------------------------|---|
| 24 miles and over | | \$75.00 72.00 67.50 60.00 52.50 | 14 to 16 miles | 504 00 468.00 482.00 | \$45.00 42.00 39.00 86.00 33.00 |

- 15. A regular carrier serving the whole of any calendar month is entitled to one-twelfth of the annual salary.
- 16. A regular carrier appointed to or separated from the service during the month is entitled to one-thirtieth of one month's compensation for each day's service rendered during such month, including intervening Sundays and holidays, except for the 31st of the month, which must be excluded from the computation; provided that in February the last day in ordinary years shall be counted as three days and in leap years as two days. Use column in following tables headed "30-day."

DEDUCTIONS FROM REGULAR CARRIERS' PAY.

- 17. Suspension from duty.— When a carrier is suspended from duty without pay and a temporary carrier is appointed in his stead, the deduction from the salary of the carrier should be made on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation, according to the number of days in the particular month in which the suspension occurs. Use column in following tables headed by number of days in month in which the suspension occurred. If the carrier is absent a full calendar month, then he loses one-twelfth of his annual rate of pay.
- 18. Failure to perform service.— When a regular carrier falls to perform service and a substitute carrier is not employed to serve the route, one-thirtieth of a month's compensation for each day's absence during part of a month is to be deducted. In making such deductions the Sist of the month is to be counted as one day, and the last day of February counted as one day, and each Sunday or holiday occurring between any two days on which carrier fails to perform service shall be counted as one day. Use column in following tables headed "30-day."

PAY OF TEMPORARY CARRIERS.

19. In any and all circumstances and conditions, temporary carriers will be paid for each day's service, including intervening Sundays and holidays, performed by them on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation, according to the number of days in the particular month in which service is rendered. A temporary carrier serving the whole of any calendar month is entitled to one-twelfth of the annual salary. Use column in following tables headed by number of days in month in which the service was performed.

DEDUCTIONS FROM THE TEMPORARY CARRIERS' PAY.

20. Whenever a temporary carrier fails to perform service and a substitute is not employed to serve the route, the deductions for each day's failure to perform service shall be one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first, according to the number of days in the month in which the failure occurs. Use column in following tables headed by number of days in month in which the failure occurred.

PAY OF SUBSTITUTE AND TEMPORARY SUBSTITUTE CARRIERS.

- 21. When regular or temporary carriers are on leave without pay.—Whenever, during the absence without pay of a regular or temporary carrier, a substitute is employed, such substitute shall be paid by such regular or temporary carrier for each day's service on the basis of one-twenty-eighth, one-twenty-ninth, one-thirtieth or one thirty-first of the month's compensation, allowed the regular or temporary carrier, according to the number of days in the particular month in which the absence occurs. Use column in following tables headed by number of days in month in which service was performed. If the substitute serves the whole of any calendar month, he is entitled to and shall be paid by the carrier one-twelfth of the annual salary paid the carrier.
- 22. When carriers are on annual leave.—A substitute carrier serving a route vice the regular carrier on annual leave with pay is entitled to one-twenty-eighth, one-twenty-ninth, one-thirtieth or one-thirty-first of the month's compensation for each day's actual service performed, according to the number of days in the particular month in which the service is rendered. In these cases substitutes shall not be employed on and will not be paid for Sundays and holidays. Use column in following tables headed by number of days in month in which service was performed.

Example: For 15 days' service from May 25 to June 11, 1910, both days inclusive but not counting the two Sundays and holiday which intervene, a substitute carrier earns five-thirty-firsts for May, plus ten-thirtieths for June.

TRI-WEEKLY SERVICE.

23. The preceding instructions apply equally to a carrier on one tri-weekly route except that for each and every day he does not serve his route, whether on account of leave of absence with pay, leave of absence without pay or suspension from duty, he will be charged two days, and the substitute or temporary carrier paid, or deductions made, accordingly. (See par. 4.)

VOUCHERS.

- 24. On completion of service by carriers on the last day of each month, the postmaster will see that a correct voucher is prepared in favor of each regular or temporary carrier; that it is properly signed by the carrier and postmaster, and that it is mailed to the disbursing postmaster on the same day.
- 25. In all regular cases form R. D.-1 is to be used for each of the first two months of a quarter and form R. D.-6 for the last month of the quarter. If a carrier is separated from the service during a quarter his last voucher must be on from R. D.-6, even if it be for but part of a month. Similarly, if a regular or temporary carrier performs service during only a portion of a quarter, his last voucher must be on form R. D.-6. Form R. D.-6 is in duplicate and always must include all payments previously made to the same carrier during the same quarter.

For example: If a carrier serves at \$900 per annum during the whole months of July, August and September, form R. D.-6 should be used for payment of the September salary (\$75) and should receipt in the aggregate for \$225 for the "period from July 1st to September 30th." If a carrier at the same salary serves during July and a portion of August and resigns on August 20th, the voucher should be for \$125 and the receipt should be for the "period from July 1st to August 20th." The successor to this latter carrier, if he serves during the remainder of the quarter, should receipt on form R. D.-1 for his salary during the remainder of August (\$25) and then receipt at end of September on form R. D.-6 in the aggregate for \$100, to cover the salary for September (\$75) and the amount received for August (\$25); such receipt should read for the "period from August 21st to September 30th."

Future requisitions on the Division of Supplies for Rural Delivery Letter Carriers' vouchers should be made for a sufficient number of form R. D.-1 for use during eight months of the year and enough of form R. D.-6 for four months.

SALARY TABLES MUST BE CONSULTED.

- 26. Postmasters, before filling in vouchers covering periods less than one full month, must compute the amount due in accordance with the instructions herein contained and the salary tables printed on the following pages.
 - 27. The preceding instructions supersede all previous instructions concerning these matters.

The following tables for computing salaries of employees in the postal service, for portions of 28-day, 29-day, 30-day and 31-day months, respectively, are published for use in connection with the rules governing deductions on account of absences, and payments to substitutes from lapsed salaries, or to temporary employees who are paid from separate appropriations.

ACCOUNT OF RECEIPTS FROM BOX RENTS.

2. Section 349, Postal Laws and Regulations, as amended November 17, 1906, reads as follows:
Postmasters at all offices, even where the box equipment is furnished by them, must account to the Auditor for the Post Office Department at the end of each quarter for the box rents collected for boxes assigned for that quarter, as part of the receipts of the office, and in case of retirement from office during a quarter, the exact amount of box rents collected only will be reported. Where different postmasters serve in the same quarter, the division between them of the box rents, which are a part of the compensation of the office, will be adjusted by the Auditor, and proper credits authorized.

FORFEITED KEY DEPOSITS.

- 8. Postmasters are instructed to replace all keys the deposits on which have been forfeited, to expend from the key forfeiture funds of their post offices such amounts, not exceeding 20 cents for each key (including any charge for postage) as may be actually necessary for the purpose, and to enter a full record of every such expenditure in the Box and Key Register. Key redemption funds must not be used in replacing keys nor must any keys be replaced from forfeiture funds unless they are represented by forfeited key deposits in the custody of the postmaster. Hereafter, when deposits are forfeited, the missing keys must be replaced promptly in order that the equipment may be kept complete and all boxes be available for use.
- 4. No postmaster will be permitted to expend from the key funds of any post office any amount in payment of bills demanded for keys, unless such bills contain an itemized statement showing the number and kind of keys for which payment is demanded.

FRAUDULENT MAIL.

- 1. When mail is returned to senders under fraud orders (sec. 503, P. L. and R., 1902) there shall be plainly written or stamped on the outside thereof the words:
 - "Fraudulent: Mail to this address returned by order of Postmaster-General."

LOTTERY SCHEMES; ENDLESS CHAIN ENTERPRISES, ETC.

2. The attention of postmasters and railway postal clerks is directed to sections 499 (amended by Postmaster-General's Order No. 2923, dated February 23, 1910, April Supplement, p. 9), 573, 602, and 624, Postal Laws and Regulations, 1902, and to the following order of the Postmaster-General:

ORDER · No. 545. June 10, 1905.

The attention of postmasters and railway postal clerks is directed to section 499 of the Postal Laws and Regulations of 1902 (Sec. 1, Act of September 19, 1890), by the provisions of

Capacity 200 cubic inches and less than 500 cubic inches. Capacity 500 cubic inches and less than 900 cubic inches,

which newspapers or other publications of any kind, circulars and pamphlets, containing advertisements of lotteries, gift concerts or similar enterprises for the distribution of prizes by lot or chance, or lists of the prizes awarded in pursuance of such schemes, and all other matter relating to them, are declared to be unmailable. The terms "lottery, so-called gift concert, or similar enterprise offering prizes dependent upon lot or chance," as used in that section, isrlude "guessing" or "estimating" contests for prizes, as well as drawings and raffies of every kind, whether general or local, whether for private gain or in aid of charitable, educational or religious objects, and whether the consideration for chances be money or otherwise. Enterprises in which prizes are distributed among purchasers of merchandise in stated amounts, or among subscribers for publications, or for shares of corporate stock, through the medium of drawings or guessing contests, are lotteries within the meaning of that section. Publications, circulars, cards or pamphlets containing advertisements of such enterprises, or notices or other information of any kind relating to them, should be withdrawn from the mails and treated in accordance with sections 573, 602 and 624 of the Postal Laws and Regulations.

"Endless chain" enterprises designed for the sale or disposition of merchandise or other things of value through the circulation or distribution of "coupons," "tickets," "certificates," "introductions," and the like, are held to embrace the elements of a lottery, and also to be fraudulent. Matter of every kind relating to such enterprises should be excluded or withdrawn from the mails, and treated in accordance with sections 573, 602 and 624 of the Postal Laws and Regulations.

Where there is doubt whether the scheme advertised or referred to is a lottery, or similar enterprise, as defined by section 499, the matter in question should be submitted to the Assistant Attorney-General for the Post Office Department for advice as to its admissibility. Communications to postmasters from the Assistant Attorney-General, embracing opinions or rulings in respect of matter so submitted, are to be regarded as records of the post office and retained among its official files for purposes of reference. The substance only of such communications should be conveyed to interested persons, and in no case should exact copies be supplied to them; the ruling or opinion being intended for the guidance of the postmaster, and not for the use of those interested in the enterprise passed upon.

The Post Office Department is endeavoring to enforce the anti-lottery statutes strictly and with thoroughness. Postmasters, railway postal clerks, and all other officers and employees charged with the handling of mail matter are therefore expected to examine such matter, especially publications, with the greatest care consistent with prompt transmission and delivery, and to withdraw or exclude all such as is ascertained to relate to lotteries or like enterprises. Many postmasters have been found negligent in this regard, as well as in the enforcement of fraud orders against lotteries located in foreign countries, announcement of the issuance of which is made from time to time in the monthly Postal Guide.

FOREIGN LOTTERIES.

8. Fraud orders are standing against the following concerns and persons located in foreign countries. Matter addressed to any of these persons or concerns which is found in the mails by postmasters or railway postal clerks should be withdrawn and stamped "Fraudulent: Mail to this address returned by order of Postmaster-General" and returned to sender op forwarded to the Division of Dead Letters, according to the circumstances of the particular case.

CRIMINAL CODE - REFERENCE INDEX.

REGISTERED MAIL.

1. Title V (secs. 796 to 964, inclusive) of the Postal Laws and Regulations, the Supplement to the Postal Laws and Regulations, and the monthly Postal Guides, give detailed instructions for the conduct of the registry service, which are to be strictly observed. The following and other instructions which may be issued by the Department are likewise to be strictly observed.

INCREASE IN REGISTRY FEE AND IN LIMIT OF INDEMNITY, FIRST-CLASS DOMESTIC REGISTERED MAIL.

2. By authority of section 3927, Revised Statutes, and the acts of Congress of April 21, 1902 (chap. 563), and March 3, 1903 (chap. 1009), the Postmaster-General has fixed the fee for the registration of mail matter at ten cents for each piece, and the maximum of indemnity to be paid

for lost domestic registered mail of the first-class at fifty dollars, both effective November 1, 1909; and all regulations of the Department inconsistent with this action have been modified to conform thereto. See Order No. 2617, dated September 13, 1909, printed on pages 6 and 7 of the October, 1909, Postal Guide.

INDEMNITY FOR REGISTERED ARTICLES LOST IN THE INTERNATIONAL MAILS.

3. Indemnity will be paid for the value of any registered article, except Parcel-Post mail and except in case of "force majeure" (beyond control), not to exceed 50 francs in any one case (or its equivalent in United States money), where the registered article is addressed to a country embraced in the Universal Postal Union, and is lost in the international mails.

WHEN AFFIDAVITS MAY BE WAIVED IN ACCOUNTS AND CLAIMS RELATING TO POSTAL REVENUES AND EXPENDITURES.

- 4. Section 14 of the Postal Laws and Regulations has been amended by adding the following paragraph:
- "4. In accounts and claims relating to the postal revenues and expenditures therefrom any affidavit required by the regulations and not required by statute may be waived when it is shown to the satisfaction of the Postmaster-General and Auditor for the Post Office Department that the officer or claimant is located at a distance from any person authorized to take acknowledgments, or that for good and sufficient reason it is impracticable to furnish the affidavit."

(See also par. 3 amended sec. 899 of the P. L. and R. printed on page 84 of this Guide.)

NEW FORM OF WINDOW REGISTRATION RECEIPT.

5. A new form of window registration receipt, known as Form 1549A, designated to relieve the public from having to wait any considerable length of time in securing registration of letters and parcels, and thereby avoiding congestion at receiving windows, has been prepared for use at post offices where the conditions warrant.

6. Postmasters at offices of the first, second and third classes desiring to use this form either during rush periods or continuously should make application to the Third Assistant Postmaster-General. When such authority is given appropriate instructions for the use of the form will accompany the authority for its use.

NUMBERING OF REGISTERED MAIL, REGISTERED PACKAGE AND TAG ENVELOPES.

- 7. Section 812 of the Postal Laws and Regulations has been amended as follows, and an sections of the Postal Laws and Regulations inconsistent with the requirements of the amended section have been modified accordingly.
- "Sec. 812. Window registration receipts, their counterparts or stubs, and the articles described in them, must be consecutively numbered, beginning with No. 1 on the 1st day of July of each year, and continuing throughout the entire fiscal year, unless specially authorized to the contrary by the Third Assistant Postmaster-General.
- "2. Registered package and tag envelopes need not be consecutively numbered. Every registered package envelope containing only one piece of registered mail must bear the same number as the registration number of the piece it contains, and every registered tag envelope must bear the same number as the registration number of the piece to which it is attached. Where more than one piece is enclosed in a single registered package envelope, the number of the registered package envelope must be the same as the smallest of the consecutive numbers on the pieces it contains."

ORIGINAL NUMBERS OF REGISTERED LETTERS AND PARCELS TO BE PLACED IN UPPER LEFT-HAND CORNER OF ENVELOPE OR WRAPPER.

8. In numbering registered letters and parcels, particularly those addressed for delivery in foreign countries, postmasters will cause the original number of the letter or parcel (that is, the number shown by the window receipt issued to the sender, or the main office dispatching number given matter registered by city or rural carriers) to be placed in the upper left-hand portion of the address side of the registered piece, immediately under, or a little to the right of, the name and address of the sender.

REGISTRATION REPORTS TO BE RENDERED ANNUALLY FOR THE ENTIRE FISCAL YEAR.

9. Promptly on the 1st day of July of each year, all postmasters must send to the Third Assistant Postmaster-General, on Form 3848, a report showing the number of letters and parcels, domestic, foreign, distribution re-registered free, and official free, registered at their offices and

stations, and by city and rural carriers, if any, during the entire preceding fiscal year, that is to say, from July 1 to June 30, inclusive.

10. Registry reports of this character must not be rendered semi-annually or quarterly. (See amended sec. 898, P. L. and R., page 78 of the January, 1905, Postal Guide.)

- 11. Postmasters at rural delivery offices are required to make a separate report to the Third Assistant Postmaster-General, Division of Registered Mails, immediately after the close of each fiscal year, of the number of pieces of mail registered by rural carriers, the number of pieces of registered mail delivered by rural carriers, and the number of registered package and tag envelopes handled in transit by rural carriers during the entire fiscal year.
- 12. This report is in addition to the usual annual report required to be rendered to the Third Assistant I'ostmaster-General of the total number of letters and parcels registered at post offices—domestic, foreign, "distribution re-registered free" and "official free"—which report must also include all registered matter handled on rural routes.
- 13. Blank forms on which to make these reports will be furnished by the Department just prior to the close of each fiscal year without requisition therefor.

MATTER FOUND IN ORDINARY MAIL DROPS NOT TO BE REGISTERED UNLESS CLEARLY INTENDED FOR REGISTRATION.

- 14. Section 809, Postal Laws and Regulations, has been amended to read as follows:
- "SEC. 809. Such letters and parcels found in the post office drops for ordinary mail as are marked "Registered," or are otherwise marked so as to show beyond doubt that they are intended to be registered, provided they have sufficient postage stamps affixed, bear the name and address of the sender, and are in all other respects acceptable for registeration, should be taken from the ordinary mail at the office of origin and registered. The employee who registers a letter or parcel of the foregoing description will give a receipt to the mailing branch of the office upon taking custody of the article, and will also mail in an official envelope, to the address of the sender, a registration receipt in the usual form, with a notice cautioning him against mailing matter for registration in the ordinary mail drops.
- "2. If an article has been marked "Registered" but, because it does not fulfill all requirements for registration, is not registered, the words, "Not in the registered mail," should be written or stamped on the envelope or wrapper in order to prevent possible detention or confusion in its treatment in transit or at the office of delivery. See section 871, paragraph 6, relative to marking registered matter found in mail drops after it has been delivered.
- "3. Whenever it appears that any sender, after due notice, continues to use the post office drops for articles intended for registration, and falls to present such matter in the prescribed manner, the letters and parcels so irregularly deposited will be endorsed "Not in the registered mail," and dispatched with the ordinary mail in which it was deliberately placed by the sender. The action taken will be reported to the Third Assistant Postmaster-General."

FREE REGISTRATION OF OFFICIAL MAIL.

- 15. Official matter mailed elsewhere than at the city of Washington, D. C., is not entitled to free registration except in the following instances:
 - (a) Matter on the official business of the Post Office Department.
- (b) Matter mailed anywhere in the United States, and by anyone, relating to the Census and addressed to the Census Office or to any official thereof, when endorsed "Official Business, Census Office."

See amended paragraph 4, section 801, of the Postal Laws and Regulations, published on page 100 of this Guide.

- (c) The official mail of a United States Pension Agent.
- (d) The official mail of an officer or employee of any of the Executive Departments at Washington, D. C., whose headquarters are at Washington and whose official mail may be registered free at Washington, when such officer or employee is temporarily absent from Washington. Officers and employees of the Executive Departments, with the exceptions stated above, who are permanently employees, are not entitled to free registration, even though during a portion of the year they are employees, are not entitled to free registration, even though during a portion of the year they are employed at Washington, D. C. (See sec. 801 of the P. L. and R. and the note thereunder.) Matter registered by such officers or employees of the Executive Departments temporarily absent from Washington, D. C., should be endorsed, over their signatures, with the words "Temporarily absent from Washington, D. C.," in order that the deficiency in registry fee may not be rated up and collected from the addresses or reported to the Department for collection from the postmaster at the office of mailing.
- (e) Letters containing fractional or other currency of the United States sent by mail to the Treasurer of the United States for redemption, when mailed in accordance with the provisions of sections 836 and 837 of the Postal Laws and Regulations.
- (f) Under order of the Postmaster-General No. 555, dated May 24, 1902, letters or parcels relating to business of the United States Civil Service Commission, Washington, D. C., and addressed thereto, when presented for mailing by members of local boards of examiners of the Com

mission located permanently in the various cities. Such matter when accepted by postmasters for free registration will be placed by them under their regular official penalty envelopes or labels and registered free by postmasters in their official capacity as being matter from the postmasters to the United States Civil Service Commission, in order that the deficiency in registry fee may not be rated up and reported to the Department for collection from the postmaster at the office of mailing.

FREE REGISTRATION OF CENSUS MAIL.

16. In accordance with the provisions of the Act of Congress approved July 2, 1909, relative to the Thirteenth Census, paragraph 4 of section 801, and the third paragraph of the note under section 801, of the Postal Laws and Regulations, as amended by Order No. 2923, dated February 23. 1910, has been further amended to read as follows:

"Sec. 801, par. 4. That all mail matter, of whatever class, relating to the census and addressed to the Census Office, or to any official thereof, and endorsed 'Official business, Census Office,' shall be transmitted free * * * by registered mail if necessary, and so marked: Provided, That if any person shall make use of such endorsement to avoid the payment of * * registry fee on his or her private letter, package, or other matter in the mail, the person so offending shall be guilty of a misdemeanor and subject to a fine of three hundred dollars, to be prosecuted in any court of competent jurisdiction. (Act of July 2, 1909, Ch. 2, Sec. 29.)

" NOTE. - * * *

"See Section 513 for Act of July 2, 1909, as to the free transmission of ordinary mail relating to the census, and the indorsements necessary thereon. See sections 1562 to 1566 as to prosecution for offenses."

SPECIAL OFFICIAL REGISTRATION ENVELOPES AND LABELS.

17. Arrangements have been made for the preparation and dispatch of official registered mail under cover of specially-printed registration envelopes or labels at offices other than Washington, D. C., in the same manner as is permitted from that office under section 820 of the Postal Laws and Regulations. The use of these specially-printed envelopes or labels precludes the necessity of using registered package or tag envelopes in the preparation or dispatch of this mall from post offices, as is usually required by sections 818 and 819 of the Postal Laws and Regulations. Official matter presented for registration under cover of these specially-printed envelopes or labels should be dispatched intact as received without being enclosed in registered package envelopes or having tag envelopes attached thereto.

18. In delivering registered mail enclosed in these envelopes or having these labels attached, the envelopes or labels must not be separated from the matter, but must be delivered inject as addressed.

19. The several Executive Departments, bureaus thereof, and independent Government institutions at Washington, D. C., have provided uniform official registration envelopes and labels for use both at Washington, D. C., and at places outside of Washington where official matter is registered.

20. When official matter is mailed elsewhere than at Washington, D. C., the use of these envelopes and labels does not permit the free registration of the mail with which they are used except in those cases specially provided for and specifically mentioned on pages 99 and 100 of this Postal Guide. No return receipts will be furnished for mail dispatched under these official envelopes or labels unless the sender endorses the articles "Receipt desired" or with words of similar import.

21. Official mail presented for registration without cover of these specially-printed envelopes or labels must be enclosed in registered package envelopes or have registered tag envelopes attached thereto (as may be proper), as prescribed in sections 818 and 819 of the Postal Laws and Regulations, except in those cases where specific authority has been, or may hereafter be, given for the omission of registered package or tag envelopes in the preparation of registered mail for dispatch.

22. Postmasters are reminded that during the winter months, October 1st to May 1st, the articles permissible in mails for the post offices in Alaska mentioned below are restricted to:

(a) Letters (in their usual and ordinary form); post-cards, singly-wrapped newspapers and periodicals from office of publication, addressed to public libraries, to newspaper publishers and to individual subscribers; transient newspapers and third-class matter of all kinds, except books, trade catalogues, circulars, and patterns and samples of merchandise.

(b) The articles excluded are newspapers and periodicals sent to dealers for purposes of trade (in bulk or otherwise); sample copies of newspapers and periodicals; books; trade catalogues; circulars and patterns and samples of merchandise, and fourth-class matter (merchandise).

REGISTERED MAIL FOR UNITED STATES NAVAL VESSELS.

- 23. All mail matter originating in the United States for transmission to officers or members of the crews of vessels of war of the United States stationed abroad, and all matter originating with officers or members of the crews of such vessels, and designed for transmission to persons in the United States, shall be admitted to the sealed sacks forwarded to such vessels from post offices in the United States, or from such vessels to such post offices, and be subjected to the United States classification, conditions and rates of postage.

- 29. Special instructions for the guidance of Navy Mail Clerks and Assistant Navy Mail Clerks on board United States naval vessels have been printed. A copy of these instructions should be in possession of each exchange office dispatching registered mail to, and receiving such mail from. United States naval vessels.

INSTRUCTIONS FOR POST OFFICE BRANCHES AND STATIONS.

30. Upon being duly advised of the establishment of a numbered station of his office, the postmaster should, if the necessary supplies are not already on hand, make requisition upon the Fourth Assistant Postmaster-General, Division of Supplies, for one registry post-marking stamp showing the number of the station, one wooden canceling stamp, two books of Form 02 (receipts for matter dispatched from station to main office), 15 copies of Form 3873, and 15 copies of Form 3873N; and he should supply to the station, from the stock in his main office, one

window registration book (Form 1549B), 150 registry return receipts (Form 1548), 50 No. 87 and 50 No. 89 registered package envelopes, and 50 No. 92-A registered tag envelopes.

- 31. (See par. 4 of amended sec. 897 of the Postal Laws and Regulations.)
- 32. Postmasters should wait a reasonable time for the Department to send postmarking and canceling stamps for new branches or stations before making requisition for them.
- 33. If registered packages or inner sacks are to be dispatched to the main office from a station or a branch in iron-lock pouches, requisition should also be made, as above stated, for a transit book (Form 1553½), on which to witness out of the station or branch the registered packages or inner sacks as provided in sections 824, 893 and 905 of the Postal Laws and Regulations.
- 34. Any postmaster needing other supplies for the stations or branches of his office will obtain them in the same manner as for his main office, except as provided in the amendment to section 897, Postal Laws and Regulations; and for the proper conduct of registry business at all stations and branches he will be held responsible.
- 35. Cancellation and postmarking of registered matter.—Postmasters to whose offices stations or branches may be attached will see that the superintendents or clerks in charge thereof are instructed to properly cancel all stamps attached to registered matter, and that every registered letter or parcel bears on the address side the date of its registration and the name of the station or branch where it is registered.
- 36. Receipts issued from window registration books used at post office stations or branches must be marked or stamped to show the name or number of such stations.

INDEPENDENT BRANCH POST OFFICES AND INDEPENDENT STATIONS — TREATMENT OF REGISTERED MAIL.

- 37. Registered package envelopes enclosing matter directed for delivery at any branch post office, independent branch post office, or independent station, must be addressed to the branch post office (independent or otherwise) or independent station, followed by the name of the county and State in which such branch post office or independent station is located. The name of the post office to which such branch post office or independent station is attached need not appear, except in cases where an independent station which is not a branch post office is designated by a letter only, when postmasters will add upon the registered package envelope the name of the post office to which the lettered station is attached.
- 38. Independent branch post offices and independent stations will receive and dispatch registered mail direct, and be guided in so doing, as well as in the delivery of such matter, by the postal laws and regulations governing postmasters.
- 39. Registered package envelopes addressed to any independent branch post office or independent stations when received at the main office or at any branch office or station other than the one addressed, will be treated as transit matter; but all such envelopes addressed to any branch post office or any station which has not been designated as independent for the receipt and dispatch of registered mail will be opened at the main office and the contents dispatched to the branch post office or station addressed, accompanied with a main-office-to-station bill.
- 40. For lists of independent branch post offices and independent stations, corrected to June 1, 1910, see pages 131 to 134 of this Guide.

INSTRUCTIONS FOR THE CONDUCT OF REGISTRY BUSINESS IN THE RURAL DELIVERY SERVICE.

41. Instructions for the conduct of registry business in the Rural Delivery Service are found in the Book of Instructions furnished to postmasters from whose offices rural routes emanate or at whose offices rural carriers deliver or receive registered mail. Postmasters who need and have not these instructions may obtain them upon application to the Fourth Assistant Postmaster-General, Division of Rural Delivery.

CARRIERS FORBIDDEN TO ADDRESS OR SEAL ENVELOPES.

42. City and rural carriers are forbidden to address matter tendered for registration, place contents in envelopes or seal them. However, a rural carrier is not prevented from acting as agent

of patrons, without remuneration, to inclose money-orders, procured for the remitters, in addressed envelopes furnished by senders for the purpose, and seal and present the same for registration at the office or station to which the rural carrier is attached.

REGISTERED MAIL ENDORSED FOR DELIVERY TO ADDRESSEE IN PERSON.

- 43. Registered mail endorsed for delivery to the addressee in person must be delivered to no one but him, not even upon his written order; and if it cannot be so delivered, it must be returned, after the expiration of the proper period, to the sender. It should be noted that the word "Personal" is not to be construed to restrict delivery to the addressee in person, but only such endorsements as indicate a demand to "deliver to the addressee in person."
- 44. No control which another person may have over the addressee as parent or guardian, or in any other capacity, alters or lessens the requirement for a strict observance of this regulation. In such cases, if delivery is forbidden by the person having an authorized control over the addressee's mail, the registered articles endorsed for delivery to the addressee in person must be returned to the sender, so marked, and a demand for the article or for its delivery to other than the addressee, made by the person having such control, must be disregarded.
- 45. Senders who desire to make such endorsement should be advised whenever occasion arises to place it upon the address side of the article in order that it may be readily observed at the office of delivery.
- 46. The envelope or wrapper of registered matter should be examined before delivery to see if a restrictive endorsement appears thereon. The explanation often made that such endorsement was not noticed is not an acceptable excuse.
- 47. Directions to deliver only to the addressee cannot be observed when registered mail is addressed to the President or Vice-President of the United States, heads of Departments or Bureaus of the Government, Senators or Representatives in Congress, or to the diplomatic representatives of foreign governments, and postmasters must therefore decline to accept for registration mail matter so addressed, when marked "Deliver only to the addressee," or with words of similar import. (See amended par. 3, sec. 858, P. L. and R.)

REGISTRY RETURN RECEIPT.

- 48. The attention of all postmasters is directed to the card form of registry return receipt (No. 1548) which is furnished to accompany registered articles sent to domestic destinations whenever the sender requests such a receipt.
- 49. Delivering postmasters will, in every case, request the person who receipts for the registered article described on the card to write or stamp thereon the date of delivery. When the date is not inserted in accordance with such request, it must be written or stamped on the card by the postmaster, clerk or carrier. The date of dispatch of the registered article has been purposely omitted from the card, but in cases where patrons specially request its insertion it may be impressed upon the upper left-hand corner of the receipt side of the card with a postmarking or rubber stamp.
- 50. When registered mail is signed for by an authorized agent of the addressee the name of the addressee as well as that of the agent should appear upon the card in the spaces provided therefor.

DEFICIENCIES IN REGISTRY FEES, ALSO POSTAGE ON SHORT-PAID DOMESTIC REGISTERED MATTER, TO BE COLLECTED ON DELIVERY.

- 51. Section 873 of the Postal Laws and Regulations has been amended as follows:
- "Sec. 873. When a domestic registered letter or parcel is received for delivery to the addressee or restoration to the sender, and the postage and registry fee thereon have not been fully prepaid, the postmaster, before delivering the matter, will collect the entire deficiency in postage or registry fee, or both, which may be due, from the addressee or sender, as may be proper, and report the irregularity of the mailing postmaster in dispatching the piece without full prepayment of both postage and registry fee, to the Third Assistant Postmaster-General. (See sec. 961 as to foreign registered matter.)
- "(2) To ascertain the amount due on a short-paid registered letter or parcel, the postmaster will add the amount of the registry fee, 10 cents, to the amount required for postage, and deduct from this total the actual amount in stamps affixed. The difference will be the deficiency to be collected.
- "(3) Should a registered letter or parcel reach the office of destination without any postage stamps affixed thereto, the registry fee of 10 cents and double the rate of postage originally due must be collected upon delivery. Double rate of postage will only be charged on registered matter reaching its destination with no evidence of any prepayment whatever. (See secs. 412 and 618 as to double rates where no postage is paid, and sec. 772 as to rating of postage due on short-paid special delivery matter.)
- "(4) The amount of the entire deficiency must be plainly marked on the letter or parcel—
 'Due —— cents'—and postage-due stamps to cover such deficiency must be attached to the envelope or wrapper and canceled before delivery. (See secs. 621 and 622.)

- "(5) When postage-due stamps have already been affixed to registered matter which is required to be forwarded, the matter must be accompanied with a postage-due bill for the amount due, as directed in section 632, and the postmaster at the final office of destination will collect the amount of the deficiency and return the due-bill to the postmaster who issued it, accompanied by the amount of uncanceled postage-due stamps named thereon, as required by section 623.
- "(6) When the addressee refuses to pay the entire amount of the deficiency, the letter or purcel must be so marked, and disposed of as a refused piece, either by being returned to the sender, or, when refused by sender, by being sent to the Fourth Assistant Postmaster-General (Division of Dead Letters), as directed in section 886. Before returning short-paid registered mail to the sender, because of the refusal of the addressee to pay the amount of the deficiency, the postmaster at the office of address will communicate with the sender through the mailing postmaster (using Form 3856% for the purpose), advising that the piece has falled of delivery because of the refusal of the addressee to pay the amount of deficiency necessary to be collected, and requesting that the amount needed be sent in serviceable postage stamps, to be affixed to the letter or parcel by the delivering postmaster, to permit delivery. If the amount of deficiency required is not received within thirty days or such other period as may be stated in a return request upon the envelope or wrapper, the piece must be properly endorsed and disposed of as 'refused.' This instruction to communicate with the sender through the mailing postmaster does not apply to fully prepaid registered matter which is unqualifiedly refused, nor to short-paid registered matter of the first class which bears a request to return within such a limited period that the collection of the deficiency can not be made during the time specified in the request; such fully prepaid and such short-paid registered matter of the first class which is refused by the addressee should be properly endorsed and immediately returned to the sender, and if refused by the sender it must be sent to the Fourth Assistant Postmaster-General (Division of Dead Letters), in accordance with the requirements of section 886. (See sec. 672, amended sec. 675, and sec. 887.)
- "(7) Other than first-class registered matter must not be forwarded or returned to sender without prepayment of additional postage, and if any registered matter upon which forwarding or return postage only is chargeable has been inadvertently forwarded or returned without prepayment thereof, the delivering postmaster will collect the amount of postage due from the addressee or the sender as may be proper. In cases of this kind no additional registry fee is required. (See sec. 871 as to new registry fee required on forwarded or returned matter which has been once properly delivered; also pars. 4 and 8, sec. 886.)
- "(8) Postmasters and postal employees must exercise special vigilance to detect short-paid registered matter received for delivery, and collect the deficiency due.
- "(9) In cases where postmasters improperly accept registered matter addressed to Government officials without the prepayment of any registry fee, the deficiency in registry fee will be collected by the Department from the dispatching postmaster as a penalty for his neglect; and in all other cases not specifically provided for herein where for any cause short-paid registered mail is delivered by postmasters without collecting the entire deficiency due, such uncollected deficiency will be collected by the Department from the dispatching or the delivering postmaster as the evidence in each case may justify. (See sec. 801 as to free registration; also secs. 373 and 615.)
- "(10) Reports of the receipt of short-paid registered matter must be made weekly to the Third Assistant Postmaster-General (Division of Registered Mails), and, unless authorized to the contrary by that official, the report must show the number and weight of the letter or parcel, the date of mailing, the registered package envelope number, the office and station of origin in alphabetical order, the name of the reporting office, the amount of postage stamps affixed, and the amount of the deficiency collected upon delivery. A specially printed blank form for this purpose will be furnished, upon requisition therefor, by the Fourth Assistant Postmaster-General (Division of Supplies)."

NEW FORM OF REGISTRY NOTICE (FORM 3849) FOR THE USE OF CITY AND RURAL CARRIERS.

- 52. A new form of registry rotice (Form 3849) for the use of city and rural carriers has been prepared, and a supply of same is now on hand in the office of the Fourth Assistant Postmaster-General (Division of Supplies), subject to requisition.
- 53. This form is specially designed for use by city and rural carriers, and must be prepared and left by them at the addressee's residence, place of business, or mail box when a registered article is not delivered and another attempt to deliver is to be made.
- 54. These notices are to be filled in showing the carrier's district or route number, the name of the post office (or station) with which the carrier is connected, the hour and the date of service, the number or numbers of the registered letters or parcels, the name of the addressee, the hour (and date, when different from the date of service) when next trial of delivery will be made, and the signature of the carrier.
- 55. This form (No. 3849) will hereafter be used by carriers on rural routes in lieu of Form 1525, but must not be used at post offices in lieu of Form 1525 or Form 3849-A when notices are prepared to be mailed to addressees under cover of official envelopes or placed in the addressee's call or lock box.

56. Therefore postmasters at all offices having either city or rural carriers are hereby authorized to use this carrier registry notice (Form 3849) and instructed to make requisition for a limited supply thereof on the Fourth Assistant Postmaster-General (Division of Supplies), in their next regular requisition. No more of these forms should be ordered in the initial supply than will cover the needs of any post office for a longer period than three months.

FORMS NOS. 3855 AND 3856 1/2.

WHEN POSTAGE IS TO BE CHARGED FOR THE SERVICE PERFORMED IN SENDING SAME.

- 57. In accordance with the requirements of sections 860, 870 and 872 of the Postal Laws and Regulations two cents should be charged in all cases where Form 3855 (blank application to be filled in by sender for forwarding, delivery, or return of registered matter after dispatch) is sent for the purpose of performing, for the public, some service in connection with the registered article other than that contemplated by the original address on the registered piece. This will include requests to forward, to return, or to deliver registered articles to other than the original addressees. The two cents in postage stamps collected from the sender will be affixed to Form 3855 and canceled, and that form mailed, under cover of an official penalty envelope, to the postmaster at the office where the registered article is held.
- 58. In accordance with the requirements of sections 860, 870 and 872 of the Postal Laws and Regulations, postmasters will charge the public two cents postage for the return of a Form 38561/4 "Circular - Impossible to Deliver," (postmasters' form-letter notifying originating office that certain registered matter can not be delivered because of reasons stated, and requesting that sender be so informed, in order that he may advise what disposition should be made of it. See sec. 887 of the P. L. and R.). which may have been sent to them by postmasters at offices of delivery for the purpose of securing instructions for the disposition of undelivered registered articles. Two cents in postage stamps collected from the sender will be affixed to Form 38561/2 and canceled, and the Form mailed under cover of an official penalty envelope to the postmaster at the office where the registered article is held. If the sender of such a registered article refuses to pay the two cents in postage stamps for the return of Form 3856% or does not care to give instructions for the article to be forwarded, returned, or delivered to some persons other than the original addressee, the circular will not be returned. This circular, Form 3856 1/2, of course, should not be sent where there is insufficient time for its return before the expiration of the 30-day period, or such other period as may be mentioned in a return request; and when the circular is not received back at the post office where the registered article is held, within thirty days from the date the article was received, or such other period, not less than three nor more than ninety days, as may be stated in a return request on the envelope or wrapper, and the article has not in the meantime been delivered, it will be disposed of in the manner prescribed by the regulations for the disposition of undelivered registered mail. (See sec. 886, P. L. and R.)

NAME OF COUNTY—WHEN IT MAY BE OMITTED FROM REGISTERED ENVELOPES AND JACKETS.

59. The provision of amended paragraph 2 of section \$18 of the Postal Laws and Regulations, that "the name of the county should be included in the address on the registered package envelope except when for one of the larger offices," is construed to permit the omission of the name of the county in which the post office addressed is located, on registered package envelopes and registered package jackets in the following cases only:

When the registered package enevelopes, and registered package jackets are:

- (a) Exchanged between stations and main office.
- (b) Addressed for delivery in the same county in which the dispatching office is located.
- (0) Known to be addressed for direct delivery from the same railway post office on which the dispatching office is located, or for direct delivery from another railway post office immediately connecting therewith.
- (d) Dispatched in through registered pouches, inner registered sacks, registered package jackets, registered package sack jackets, or iron-lock pouches, and addressed to the same office as the pouches, sacks or jackets.
- (e) Addressed to any of the following named post offices, irrespective of the manner of dispatch or delivery.

ALL POSTMASTERS TO USE REGISTERED PACKAGE JACKETS WHEN CONDITIONS JUSTIFY.

- 60. All postmasters are authorized to use registered package jackets in the dispatch of five or more separate registered packages addressed to the same post office or intended for distribution by the same post office, railway post office, or transfer clerk, when at least one record and handling in transit of the packages enclosed will thereby be saved.
- 61. Supplies of registered package jacket envelopes and manifold registry dispatch books (Form 3853), the latter to be used in recording and billing the matter enclosed in the jackets, will be furnished to postmasters needing them on their requisition therefor upon the Fourth Assistant Postmaster-General (Division of Supplies).
- 62. Registered packages dispatched in jackets need not be recorded in the transit book, as the record of such packages in the manifold registry dispatch book (Form 3853) is sufficient.
- 63. The provisions of sections 824 and 916 of the Postal Laws and Regulations should be strictly observed as far as applicable in the dispatch of registered packages in jackets. Further detailed instructions governing the use of registered package jackets will be found in section 939 ½ of the Supplement to the Postal Laws and Regulations, all of which should be carefully read and observed; and if any question arises under this authorization, postmasters should immediately communicate with the Third Assistant Postmaster-General for instructions.

TAG ENVELOPES NOT TO BE ADDRESSED WHEN ATTACHED TO REGISTERED MAIL ADDRESSED TO DOMESTIC DESTINATIONS.

- 64. Section 819 of the Postal Laws and Regulations has been amended by striking out from the first line of paragraph 2 thereof the word "Addressed."
- Registered tag envelopes should be prepared and attached as heretofore except that they need not be addrssed, unless attached to registered mail addressed to foreign countries, possessions of the United States, or for delivery on board United States Naval Vessels.
- 65. The supply of tag envelope No. 92, listed on page 54 of the "List of Postal Supplies" published by the Fourth Assistant Postmaster-General (Division of Supplies), is exhausted. Therefore postmasters will be furnished only the No. 92-A tag envelope.
- 66. The No. 92-A tag envelope is listed on page 54 of the "List of Postal Supplies," and its use makes it unnecessary for postmasters to write on the tag envelope the post office and State of destination of any registered article addressed for delivery at a domestic destination, as the name of the post office and State appear on the wrapper of the parcel in the address placed thereon by the sender. Where the sender of a registered article addressed to a domestic destination and to which one of these No. 92-A tag envelopes is attached has not placed in the address on the wrapper of the parcel the name of the county of destination, the postmaster preparing the article for dispatch must add the name of the county in which the destination is located to the wrapper of the parcel, in those cases where the name of the county is required to facilitate its distribution. (See

instructions on pages 105 and 106 of this Postal Guide under the caption "Name of County — when it may be omitted from registered envelopes and jackets.")

67. When the No. 92-A tag envelope is used in dispatching registered mail addressed to foreign countries, possessions of the United States, or for delivery on board United States Naval Vessels, postmasters must address the tags, across their face and over the printing thereon, to the proper United States exchange office, as required by amended section 944 of the Postal Laws and Regulations.

MISDIRECTED AND UNADDRESSED REGISTERED PACKAGES TO BE OPENED AND PROPER DISTRIBUTION MADE OF CONTENTS.

- 68. Section 876 of the Postal Laws and Regulations has been amended to read as follows:
- "(a) When a misdirected or unaddressed registered package (except one containing postage stamps, stamped envelopes or postal cards, which should be treated as required by section 878) is received at a post office, it will be opened in the presence of two witnesses, where practicable, who will write a full description of the contents, with notation as to disposition, on the registered package envelope, over their signatures, and file same.
- "(b) The contents of such registered package envelopes will then be disposed of in the manner prescribed by sections 875 and 877, as to treatment of missent, misdirected and unaddressed registered letters or parcels.
- "(c) A package plainly addressed to a post office in operation must not be delayed simply because it is not postmarked, or because some simple irregularity is noted in connection with it. Registered packages or inner sacks in transit or addressed to another post office must not be opened, except as provided in these regulations, or by special order of the Third Assistant Postmaster General."

DAMAGED REGISTERED PACKAGES - TREATMENT OF BY R. P. O. CLERKS.

- 69. Amended section 1556 has been further amended to read as follows:
- "(a) Where railway postal clerks receive registered pouches or sacks in bad condition, or bearing damaged or defective locks, their receipts must show such fact, and such pouch or sack must be taken into the first office on the route which exchanges registered pouches or inner sacks, at which a hand-to-hand delivery can be made, where it will be treated as directed in section 922. Care must be taken that none of its contents is lost. Postal clerks must keep a record of the facts in such cases for future reference.
- "(b) When a railway postal clerk or transfer clerk discovers a registered package in a damaged condition while in his possession he must endorse such fact on the package and accompanying receipt. The damaged package must be endorsed "Re-enveloped by (name of R. P. O. clerk, etc.)," and enclosed in a registered package jacket bearing the same number, postmark, office of origin and address, and the postmark of the R. P. O. or transfer clerk jacketing the same. A statement of the facts must be made in the proper record. If a clerk is not provided with a supply of registered package jackets he will make proper endorsement and deliver the package to the post office at the terminus of his run or to a connecting line or transfer clerk to be re-enveloped. Damaged packages too large for enclosure in registered package jackets will be delivered to the post office at the terminus of the clerk's run to be re-wrapped and treated as prescribed by section 879. (See anended sec. 843.)
- "(c) Misdirected and unaddressed registered packages when received by railway postal clerks will be delivered to the post office at the terminus of the postal clerk's run for treatment by the postmaster in accordance with amended section 876."

USE OF MANIFOLD REGISTRY DISPATCH BOOK (FORM 3853) AUTHORIZED IN DISPATCHES OF REGISTERED MAIL AVERAGING FIVE OR MORE PIECES.

- 70. Postmasters at post offices where the average number of pieces of registered mail dispatched as hand pieces or in iron-locked pouches in any dispatch amounts to five or more are authorized to use the manifold registry dispatch book (Form 3853) in making such dispatches, in lieu of transit books (Forms 1553 or 1553½) and registered-package receipts (Forms 1556). In dispatches where the average is below five, transit books and registered-package receipts will be used, unless special authority is or has been given to the contrary.
- 71. The intructions printed on the first page of Form 3853 state how the bills should be used. The form is now prepared so that it may be used either in duplicate, triplicate or quadruplicate, as the conditions may demand. When it is used in lieu of transit books and registered package receipts in iron-locked pouch dispatches, it will be noted that a return addressed penalty envelope must be sent with the registered mail in order that the signed coupon may be returned to the dispatching office.
- 72. If further information is desired, or if the use of Form 3853 is deemed necessary under special conditions not herein mentioned, request therefor should be made of the Third Assistant Postmaster-General (Division of Registered Malls).
 - 73. This authority has also been extended to employees in the Railway Mail Service.

SEPARATE REGISTERED PACKAGE ENVELOPES TO BE USED TO COVER FIRST-CLASS REGISTERED MAIL.

- 74. Postmasters will discontinue enclosing registered matter of the second, third or fourth class in the same registered package envelope with matter of the first class.
- 75. All registered package envelopes covering mail of the second, third or fourth class must be endorsed "Parcel matter" on the outside.
- 76. Those portions of the Postal Laws and Regulations which are inconsistent herewith have been modified accordingly.

BULK BILLING OF REGISTERED MAIL OF THE SECOND, THIRD AND FOURTH CLASSES.

77. Postmasters and railway postal clerks making dispatches of registered mail in through pouches, inner sacks, lead-scaled and paper jackets and by hand-to-hand delivery are authorized to bill in bulk, domestic matter of the second, third and fourth classes and articles for or from foreign countries classed as "Printed Matter," "Commercial papers," and "Samples of merchandise," handled in the domestic service, in lieu of descriptive entries on the bills, as heretofore.

78. All domestic matter of the first class, and letters, single post cards and articles prepaid at the letter rate of postage for or from foreign countries, will continue to be billed as at present. R. P. E.'s containing matter of the second, third and fourth classes must be endorsed "parcel matter" to indicate the class of matter enclosed, and will be billed in bulk with other matter of those classes.

For example: If there are twenty pieces (five first-class and fifteen second, third and fourth class) to be dispatched in a through pouch, inner sack or lead-sealed jacket, the five first-class pieces will be described on the bill by R. P. E. number, office of origin, date of postmark and destination, and the fifteen pieces of the second, third and fourth classes will be billed as one entry, thus: "fifteen parcels," without other specific description.

- 79. Matter received in bulk must be counted and verified by the entry on the bill.
- 80. Postmasters and railway postal clerks will continue to make a descriptive record of all classes of registered mail when re-dispatching same under cover of iron-locked pouches.
- 81. Postmasters receiving second, third and fourth class matter billed in bulk, for delivery at their offices, will record and deliver it in the usual manner. Registered special delivery matter of whatever class must be given a descriptive entry, and handled in the same manner as first-class matter.
- 82. Those portions of the Postal Laws and Regulations which are inconsistent herewith have been modified accordingly.

DISPOSITION OF USED REGISTERED PACKAGE AND TAG ENVELOPES AND REGISTERED PACKAGE JACKETS.

- 83. Amended section 896 of the Postal Laws and Regulations is further amended to read as follows:
- "SEC. 896. Registered package envelopes, paper wrappers with registered package envelopes pasted thereon, registered tag envelopes and registered package paper jackets, emptied of their contents, which have been found intact, and which bear no endorsements indicating 'bad order' or irregularity of any kind, must be retained on file for sixty days from the last day of the month in which received, and then disposed of as waste paper.
- "2. Registered package coverings of all kinds bearing endorsements indicating 'bad order' or irregularity, and those covering registered matter about which complaint or inquiry has been made, must be kept on file for one year, and then disposed of as above directed.
- "3. Used package envelopes and package jackets, before being disposed of, should be carefully examined to see that they are without enclosures and should be so mutilated as to prevent their use again."

DISCONTINUANCE OF RETURN OF REGISTRY POUCH-BILL COUPONS.

84. Under Orders Nos. 2399 and 2699 of the Postmaster-General, dated June 26, and October 23, 1909, the return of registry pouch-bill coupons has been discontinued in all cases except where discrepancies or other irregularities are noted thereon, and except when manifold bills are used in dispatches of registered mail in iron-locked pouches, in which cases the coupons must be returned.

REGISTRY SHORTAGE SLIP - FORM NO. 3808.

- 85. A new form, No. 3808, notice of failure to make regular dispatch of through registered pouch or inner registered sack, has been issued for use by postmasters in compliannee with the first paragraph of section 1555 of the Postal Laws and Regulations, and in accordance with instructions printed on the form.
- 86. All postmasters having regular exchanges of through registered pouches or inner registered sacks should at once make requisition on the Fourth Assistant Postmaster-General, Division of Supplies, for small supplies of this form (from 25 to 100 copies for each post office, according to probable need) if they are not already supplied; and further requisition should be made accordingly when needed.

LEAD-SEALED SACK JACKETS AND SACK ENVELOPES.

87. Lead-sealed sack jackets and sack envelopes are specially authorized, and only in those cases where it is impracticable to dispatch registered mail under cover of inner sacks or ordinary pouches closed with rotary locks. The rules governing the use of registered package paper jackets also apply to lead-sealed sack jackets wherever practicable. Special instructions for the use of lead-sealed sack jackets will accompany the authority given for their use.

TAGS FOR LABELING LEAD-SEALED SACK JACKETS AND SACK ENVELOPES.

88. All postmasters authorized to use lead-scaled sack jackets are also authorized to use lead-scaled sack envelopes;

89. The Fourth Assistant Postmaster-General, Division of Supplies, has a supply of specially printed tags, Form 3814, for use in labeling lead-scaled sack jackets, and Form 3821, for use in labeling lead-scaled sack envelopes, which will be furnished to postmasters authorized to use them.

90. Only such postmasters as have received authority to dispatch registered mail in lead-scaled sack jackets and sack envelopes should make requisition for these tags.

REGISTERED PACKAGE AND SACK JACKETS ADDRESSED TO POST OFFICES HAVING SEPARATE STATIONS FOR HANDLING TRANSIT REGISTERED MATTER.

- 91. At several post offices which receive and dispatch a large amount of registered mail in transit, separate stations have been established for handling transit registered matter and for the opening of all through registered pouches and inner registered sacks not specially labeled to be opened only at the main office. At such stations registered mail for the main office is handled practically the same as matter for other post offices; and in order to avoid unnecessary labor at those stations and to expedite the registered mail affected, the following instructions are issued:
- (a) Registered package jackets made up for these post offices should be marked on the outside by the office or R. P. O. making them up, to show whether transit packages are enclosed, in order that it may be ascertained at the office of address whether the jackets should be opened at the station where first received, or sent unopened to the main office.
- (b) Therefore, when all of the packages enclosed in a jacket for one of the post offices mentioned are addressed to the same office as the jacket, the latter should be marked "City" by the office making it up. When all or any of the packages enclosed in the jacket sent to such an office are not addressed thereto, but are to be redispatched therefrom, the jacket should be marked "Dis.," even if some of the packages enclosed are addressed to the same office as the jacket.
- (c) When there are five or more city packages and also five or more distribution packages to be sent to one of the offices mentioned, separate jackets (marked "City" and "Dis.," respectively) may be made up; but if there be not enough matter for the make-up of the two jackets, all matter, both city and distribution, must be enclosed in one jacket, appropriately marked as required above.
- (d) The foregoing instructions apply to the preparation of registered package jackets for all offices now having separate stations for handling transit registered mail, or at which such stations may bereafter be established. At the offices named in the following list transit registered mail is now handled at separate stations:

Cleveland, Ohio. Council Bluffs, Iowa. Los Angeles, Cal., Dec. 13 to 31, inclusive, each year. Philadelphia, Pa.

Saint Joseph, Mo. Saint Louis, Mo.

(e) Post offices which make up registered pouches or sacks for any office named in the list given above, including therein both city and distribution matter, should, when there are five or more flat city packages for enclosure, place them in a jacket addressed to the proper office and marked "City," which jacket should be dispatched in the regular manner.

DISPATCH OF REGISTERED MAIL ADDRESSED FOR DELIVERY IN FOREIGN COUNTRIES PROPER TO BE SENT TO THE NEW YORK, N. Y., EXCHANGE OFFICE.

- 92. To permit a more expeditious handling of registered mail addressed to foreign countries and the Canal Zone, dispatched via the New York, N. Y., exchange office, where practicable, such registered mail should be dispatched in a single enclosure, either a paper jacket, lead-sealed sack envelope or jacket, inner registered sack, or through registered pouch, according to the quantity or bulk of the matter to be dispatched and facilities afforded, addressed or labeled to the "Foreign Branch, New York, N. Y."
- 93. In these dispatches paper jackets may be used to enclose two or more pieces, instead of five or more as is customary.
- 94. Lead-sealed sack envelopes or jackets must not be used except where such envelopes or jackets may be enclosed with other registered mail in pouches or sacks closed with rotary locks and addressed to New York, N. Y. (main office).
- 95. To save extra recording and handling in transit, paper jackets, and pouches and sacks closed with rotary locks, containing matter for the Foreign Branch, New York, N. Y., should, if

practicable, be dispatched with registered mail enclosed in through registered pouches or inner registered sacks labeled to New York, N. Y., (main office).

96. Registered mail addressed for delivery in Canada, Cuba, or Mexico, should not be included in the special dispatches herein authorized addressed to Foreign Branch, New York, N. Y.

AUTHORIZATION FOR REGISTERED STATE POUCHES, SACKS AND JACKETS.

- 97. When the quantity or bulk of registered mail addressed for delivery in any State or Territory justifies, authority is hereby given postmasters and railway postal clerks (in railway post offices and terminal railway post offices) to dispatch such mail in pouches and sacks closed with rotary locks and in lead-sealed and paper jackets, addressed simply to a State or Territory by name only (for example, "Alabama"), in accordance with the following limitations and instructions:
- (a) The making up of State pouches, sacks and jackets must not be commenced by any post-master or postal clerk until he has received schemes and direction to do so from the proper officer of the Railway Mail Service.
- (b) The preparation and treatment of State pouches, sacks and jackets will be in accordance with the rules and regulations governing through registered pouches, sacks and jackets addressed to post offices, railway post offices, and terminal railway post offices, as far as applicable. State pouches, sacks and jackets will be opened, checked, bills for contents signed, and contents distributed by the employees of the Railway Mail Service authorized to take such action. The State pieces will be handled in transit in the same manner as through pouches, sacks and jackets, and must not be opened except by those specificalty authorized.
- (c) This authority in no way contemplates any exceptional treatment of registered mail other than its dispatch in pouches, sacks or jackets labeled direct to States or Territories, and must not be construed to permit exceptional dispatch of registered mail in iron-locked pouches or the making up of lead-sealed sack jackets or sack envelopes, except as has already been or may hereafter be specifically authorized by the Third Assistant Postmaster-General.
- (d) Postmasters and railway postal clerks authorized to make regular dispatches of through pouches or inner sacks labeled to post offices, railway post offices, or terminal railway post offices will continue to do so, and are enjoined to report all cases in which the dispatch of State pouches, sacks or jackets so depletes the quantity of registered mail involved in their regular dispatches as to render the latter no longer necessary or advisable, in order that appropriate action may be taken for the discontinuance of the regular exchanges or dispatches affected.
- (e) Not-regular dispatches of inner sacks and jackets will also be continued whenever the quantity or bulk of registered mail for any post office, railway post office, or terminal railway post office warrants.
- (f) Not-regular dispatches addressed to post offices may be billed and enclosed in the proper State pouch or sack, and one or more State sacks or jackets may be billed and enclosed in a State pouch, sack or jacket addressed to the same State, when at least one record and handling in transit is saved thereby.
- (g) Rotary locks, registered pouches and sacks used in these dispatches should be disposed of in accordance with the instructions heretofore published for disposition of such locks, pouches and sacks in not-regular dispatches.
- (h) The orders heretofore published for bulk billing of second, third and fourth class registered matter dispatched in pouches, sacks or jackets are to be observed in making dispatches of such classes of mail in State pouches, sacks and jackets,

IMPROPER USE OF LEAD SEALS IN LIEU OF ROTARY LOCKS.

- 98. Reports received at the Department indicate that lead seals are being used by post-masters and by employees of the Railway Mail Service in closing dispatches of registered mail when it is practicable to use rotary locks.
- 99. Attention is therefore directed to the last paragraph of instructions under the heading "Not-Regular R. P. O. Inner Registered Sacks," printed on page 9 of the November, 1909, Postal Guide, as follows:
- "Lead-sealed sack jackets should not be used by postmasters or in the Railway Mail Service for the dispatch of registered mail in any case where it may be sent under cover of sacks or poaches closed with rotary locks."
- 100. The quantity or bulk of registered mail sufficient to justify a sack jacket is also sufficient to justify a not-regular inner registered sack. Lead scals should therefore not be used by postmasters or employees of the Railway Mail Service in closing dispatches of registered mail, except when such dispatches are addressed to post offices, railway post office trains, or terminal railway post offices, which are not in possession of rotary-lock keys, or where rotary locks are not available.
- 101. These instructions apply equally well to the dispatch of registered mail in State pouches, sacks and jackets, when it is known that the railway mail employees designated to open the State pouches, sacks and jackets and make distribution of their contents are in pos-

session of rotary-lock keys. This information, when not already furnished, may be obtained by first getting from the Superintendent of the Railway Mail Service for the Division in which the dispatching post office is located, or from the local Chief Clerk of the Railway Mail Service at other than Division headquarters, the names of the railway post offices with train numbers, and the terminal railway post offices, designated to open the State pieces, and then consulting the lists of authorized rotary-lock dispatches in the current July and latest monthly Postal Guides to see whether those thus designated have rotary-lock keys.

102. Every improper use of the lead seals in closing dispatches of registered mail should be reported to the Third Assistant Postmaster-General (Division of Registered Mails).

103. The Second Assistant Postmaster-General (Division of Equipment) has advised this office, under date of May 24, 1910, that he has now in stock 14,400 rotary locks ready for issue upon requisition. Requisition should be made for as many of these locks as may be needed to preclude the use of lead seals so far as practicable.

WITHDRAWAL OF R. M. S. ROTARY LOCKS (BLUE LOCKS).

ONE STYLE OF ROTARY LOCK TO BE USED IN DISPATCHES OF REGISTERED MAIL CLOSED WITH ROTARY LOCKS FOR DOMESTIC DESTINATIONS.

- 104. The Railway Mail Service rotary lock (blue lock) having been withdrawn from service, all dispatches of through registered pouches and inner registered sacks, regular and not-regular, between post offices, railway post offices and terminal railway post offices will be closed with the rotary locks which have been used exclusively in the exchange of registered mail between postmasters.
- 105. All authorizations for R. P. O. through registered pouches and R. P. O. inner registered sacks given with the understanding that the dispatches were to be closed with R. M. S. rotary locks are therefore amended accordingly.

SCHEMES FOR THE DISPATCH OF REGISTERED MAIL.

- 106. Attention is invited to a general order of the Railway Mail Service, which provides as follows:
- (a) "Schemes for the dispatch of registered matter by post offices conducting through registered pouch or inner registered sack exchanges will be prepared to show dispatch under cover of such registered pouches and sacks, and also, as hand pieces by postal clerks, whenever such latter treatment will advance delivery. . . . This applies to transit or distribution matter as well as to mail addressed for delivery by offices conducting exchanges of through registered pouches or inner registered sacks.
- (b) "Division superintendents of the Railway Mail Service are directed to give the above prompt attention and cause all necessary revision and correction to be made in registry schemes to secure the most expeditious dispatch consistent with security."
- (c) The term "hand pieces" as herein used applies to all registered matter dispatched outside of registered pouches or sacks, whether by hand delivery to postal clerks or in iron-lock pouches labeled to a railway post office.
- (d) Postmasters who are not dispatching registered matter for all destinations by every available railway post office, in accordance with the provisions of the order quoted above, should promptly bring the matter to the attention of the proper officer of the Railway Mail Service, in order that every possible improvement in the facilities for the dispatch of registered mail may be effected.
- (c) Whenever an exchange of through registered pouches or inner registered sacks is reduced in frequency or entirely discontinued, the postmaster at each of the offices affected should ascertain from the proper officer of the Railway Mail Service what changes, as a result of such reduction or discontinuance, should be made in the dispatch of registered mails from his office.
- (f) In this connection, attention is invited to section 832 of the Postal Laws and Regulations, which requires postmasters to carefully examine their registry schemes and report needed revisions to the division superintendent of the Railway Mail Service.

ORDINARY POUCHES CLOSED WITH ROTARY LOCKS MAY BE USED IN DIS-PATCH OF REGISTERED MAIL.

107. Postmasters and railway postal clerks dispatching registered mail in through pouches and inner sacks are authorized to use ordinary pouches closed with rotary locks whenever the supply of registry pouches and sacks on hand is insufficient.

108. Postmasters and railway postal clerks receiving registered mail in ordinary pouches closed with rotary locks need not return the ordinary pouches, which, if not needed for use, should be treated as surplus mail bags, in accordance with section 1352 of the Postal Laws and Regulations.

109. Rotary locks used in closing dispatches of registered mail in ordinary pouches will be disposed of in accordance with the Postal Laws and Regulations, and the special instructions issued by the Third Assistant Postmaster-General:

(a) Authorizing not-regular dispatches of inner registered sacks by postmasters and by railway postal clerks.

(b) For the conduct of the R. P. O. through pouch and inner sack service.

Such portions of the Postal Laws and Regulations as are inconsistent herewith have been modified accordingly.

DISPOSITION OF ROTARY LOCKS USED IN CLOSING DISPATCHES OF REGISTERED MAIL IN ORDINARY POUCHES.

- 110. In connection with the foregoing article the following additional instructions are given for the disposition of rotary locks used in closing dispatches of registered mail in ordinary pouches, when not needed for use:
- (a) When received from post offices or terminal railway post offices, the rotary locks should be returned to the post offices or terminal R. P. Os making the dispatches.
- (b) When received from railway post offices other than terminal railway post offices, the rotary locks should be sent to the postmaster at the supply office (when known) for the R. P. O. making the dispatches. See the lists of through pouch and inner sack exchanges with supply offices printed on pages 136 to 199 of this Guide, and additions thereto, and corrections thereof, in the latest Monthly Postal Guide.
- (c) When received from railway post offices other than terminal railway post offices where no supply office has been designated for the dispatching R. P. O. or where the supply office is unknown, the rotary locks should be sent to the postmaster at the nearest terminal post office of the R. P. O. making the dispatches.
- (d) Railway postal clerks will receive their supplies of rotary locks from the postmasters at the terminal offices of their runs, or the supply offices, when such have been designated.
- (e) In disposing of rotary locks which are used in closing dispatches of registered mail in ordinary pouches, the locks should be dispatched as registered mail, and when not returned in a direct registered pouch, sack or jacket, should be locked, and a tag or label attached thereto, showing their proper destination as herein specified. The sack-jacket tag, Form 3814, or sack-envelope tag, Form 3821, may be used for this purpose, if available; if not, a registered tag envelope may be used. In either case the tag or tag envelope should be endorsed with the number of locks returned, "...... returned rotary locks."
- (f) Returned rotary locks must not be registered in the window registration book. The tags or tag envelopes used in labeling these rotary locks need not be numbered, as the endorsement shows they are used as labels for returned equipment. If returned in iron-locked pouches, the dispatching record and the registered package receipt should merely state the total number of returned rotary locks and their destination. If returned in a registered pouch, sack, or jacket, they should be recorded on the pouch bill by total number only.
- (g) If more than one lock is to be returned at one time to one post office or terminal railway post office, all the locks so returned, as far as practicable, should be fastened together under one tag or tag envelope.

DISCONTINUANCE OF REGISTERED PACKAGE AND TAG ENVELOPES IN THE PREPARATION OF REGISTERED MAIL DISPATCHED DIRECT IN THROUGH POUCHES, INNER SACKS AND JACKETS.

111. Postmasters at offices making direct dispatches of registered mail to other post offices in through pouches, inner sacks or jackets are authorized to omit registered package and tag envelopes from registered mail originating at their offices and addressed for delivery at the office to which the pouch, sack or jacket is addressed. The omission of registered package and tag envelopes is also authorized from registered mail addressed to and received from foreign countries (including the Philippine Islands, the Canal Zone and Naval Mail) when dispatched in direct registered pouches, sacks or jackets to or from United States Exchange post offices. Registered package and tag envelopes must continue to be used with all "transit" pieces enclosed in such dispatches.

112. First-class registered articles dispatched without R. P. E.'s should be arranged in the order of the entries on the bill, tied in a package, and the package wrapped in manila paper.

DISCONTINUANCE OF BACKSTAMPING REGISTERED PACKAGE AND TAG EN-

113. Section 843 of the Postal Laws and Regulations has been further amended as follows: "Sec. 843. When a postmaster or a railway postal clerk receives a registered package or jacket, he must carefully examine it, and, if in bad condition, must note thereon, and on the records, a statement of the facts over his signature or office stamp. No 'Record of Transit' need be made on registered package, tag envelopes or jackets except at the office of delivery and when received in bad condition or missent. The absence of endorsement will be deemed a certification that the article was in good condition.

"2. If registered tag envelopes are torn off in transit they must be securely reattached to the parcels from which they became separated. (See sec. 819)."

NOT-REGULAR DISPATCHES OF THROUGH REGISTERED POUCHES.

114. All post offices, railway post offices and terminal railway post offices which are now or may hereafter be authorized to dispatch through registered pouches are authorized to make

not-regular dispatches of registered mail in through pouches to post offices, railway post office trains, or terminal railway post offices shown in the lists published in the current July or subsequent monthly issues of the Postal Guide as having exchanges or dispatches of through registered pouches, whenever the quantity or bulk of registered matter proper for enclosure justifies such dispatch, and when the regular dispatches of registered mail in through pouches are insufficiently frequent for prompt and proper disposition of the registered mail.

115. Not-regular dispatches of through registered pouches should never be made unless the dispatching postmaster or postal clerk knows that a hand-to-hand receipt may be obtained over the entire route of transmission from his office to the office addressed. This information when not known should be obtained from the Superintendent of the Railway Mail Service for the division in which the dispatching post office, railway post office or terminal railway post office is located, or the local chief clerk of the Railway Mail Service at other than the division headquarters.

116. Not-regular dispatches of through registered pouches are to be governed by the Postal Laws and Regulations relative to regular dispatches (secs, 910 to 925, inclusive) and, as far as applicable, by the instructions for not-regular dispatches of inner registered sacks.

117. The pouches used in making not-regular dispatches (whether specially designed for registered mail or not) are not to be returned, except when the quantity or bulk of registered mail involved justifies a not-regular dispatch of through pouches to the original post office, railway post-office train or terminal railway post office of dispatch. The rotary locks used in closing not-regular dispatches of registered mail are to be promptly disposed of in accordance with the special instructions for their return on page 112 of this Postal Guide. See also instructions governing the non-return of empty pouches and sacks and the return of card slide labels, on pages 114 and 115 of this Postal Guide.

118. Postmasters are enjoined to report to the Department all cases in which this general authorization for the dispatch of not-regular through registered pouches so depletes the quantity of registered matter involved in their regular dispatches as to render the latter no longer necessary or advisable, in order that appropriate action may be taken for the discontinuance of the regular exchanges or dispatches affected.

NOT-REGULAR DISPATCHES OF INNER REGISTERED SACKS.

- 119. Not-regular dispatches of inner registered sacks, under rotary locks, may be made in accordance with the following instructions:
 - (a) To or from any post office of the first or second class.
- (b) To or from any post office, railway post office train, or terminal railway post office, which has been or may hereafter be authorized to make regular dispatches of registered mail in through pouches or inner sacks as shown in the lists appearing in this and subsequent Postal Guides.
- (c) To or from any of the following-named post offices of the third and fourth classes, and independent branch offices and stations:

Lebanon, Mo. Sleepy Eye, Minn. Aspen, Colo. Berlin, Md. Liano, Texas. Station C (Independent) of Los Angeles, Cal. Bridgewater, Conn. Lonsdale Independent Branch of Pawtucket, R. I. Tanana, Alaska. Casseiton, N. Dak. Momence, Ill. Thibodaux, La. Circle, Alaska. Naco, Ariz. Tracy, Minn. Cold Spring, N. Y. Covington, La. O'Neill, Nebr. Vacaville, Cal. Palouse, Wash. West Lynn Independent Sta-Eagle, Alaska. East Hampton, Conn. Prince Bay, N. Y. tion of Lynn, Mass. Quincy Independent Branch of Winnfield, La. Fairfield, Conn. Boston, Mass. Winona, Miss. Hot Springs, Alaska. Lancaster, Wis. Rawhide, Nev.

(d) To the following named post offices of the third and fourth classes, and Independent Branch offices, which are supplied with keys for opening the locks but not with equipment for making such dispatches except as they may receive it in dispatches addressed to them:

Park City, Utah. Auburndale Independent Branch Fort Yukon, Alaska. of Boston, Mass. Gurdon, Ark. Rampart, Alaska. Russellville, Ark. Calistoga, Cal. Lander, Wyo. Casper, Wyo. Marysvale, Utah. Venice, Cal. Chena, Alaska. Newton Independent Branch West Newton Independent Clarksville, Ark. of Boston, Mass. Branch of Boston, Mass. Cloverdale, Cal. Newton Center Independent Branch of Boston, Mass. Cody, Wyo.

120. Not-regular dispatches of inner registered sacks are not to be made unless the quantity or bulk of registered mail proper for enclosure is sufficient to justify use of the equipment, and are not to be made when the use of registered package paper jackets will answer the same purpose.

121. Not-regular dispatches of inner registered sacks are to be governed by the Postal Laws and Regulations relative to regular dispatches (secs. 910 to 929, inclusive), except as herein otherwise provided, or as modified by other Orders or instructions.

122. All pouch bills accompanying matter sent in not-regular dispatches of inner registered sacks, and all labels used for such dispatches, must bear the words "Not-regular," either written or stamped, for the information of the postal employees handling the sacks in transit or checking their contents at the offices of address.

123. Printed labels for not-regular dispatches of inner registered sacks will not be furnished by the Department for the present; but blank labels, of canary-colored cardboard, will be furnished by the Fourth Assistant Postmaster-General, Division of Supplies, upon proper requisition.

124. Registered matter for distribution at an office to which a sack is addressed may be included in a not-regular dispatch of inner registered sacks when the dispatching postmaster is assured by consulting the current registry scheme of his office that the delivery of the matter will be advanced thereby, or when he has obtained instructions from the division superintendent of the Railway Mail Service directing that such registered matter may be so enclosed; otherwise matter enclosed should be restricted to that addressed to the same office as the sack.

125. The fact that a postmaster has a regular exchange of through registered pouches or inner registered sacks with a certain office does not necessarily prevent him from making a not-regular dispatch of inner registered sacks to that office between the hours of dispatch of the regular pouches or sacks, if the quantity or bulk of the matter involved justifies the not-regular between the regular dispatches. On the contrary, postmasters are expected to avail themselves of the privilege of dispatching not-regular inner registered sacks whenever the quantity or bulk of matter to be dispatched warrants the use of the not-regular inner sack.

126. When a not-regular inner sack is addressed to a post office having separate stations for handling transit registered mail, containing only matter for delivery at the office addressed, the word 'City" should be plainly written or stamped on the labels; and when the quantity or bulk of matter to be dispatched to any such post office having separate registry transfer stations is sufficient to require two or more not-regular inner sacks, separation of the "City" and "Distribution" matter should be made, provided no additional equipment is required thereby; and the not-regular "City" sack, or sacks, should be appropriately labeled. (See page 109 of this Guide for list of offices having separate registry transfer stations.)

127. Postmasters who make not-regular dispatches of inner registered sacks should carefully keep a memorandum record of the rotary locks to be returned to them, and advise the Third Assistant Postmaster-General (Division of Registered Mails) when such locks are not returned within a reasonable length of time, giving dates and other particulars.

128. This general authorization for the dispatch of not-regular inner registered sacks will preclude the necessity of requests for special authorizations of additional temporary exchanges of inner registered sacks during any holiday season or other rush period, between postmasters already or hereafter authorized to exchange or dispatch through registered pouches or inner registered sacks. However, when additional or temporary exchanges of inner registered sacks are considered necessary in cases where either office or both offices involved have no authorized exchange or dispatch of inner registered sacks or through registered pouches, special authority must be asked and received therefor before the same are put into operation.

129. Postmasters and employees of the Railway Mail Service are enjoined to report all cases in which the dispatch of not-regular inner registered sacks so depletes the quantity of registered matter involved in their regular dispatches as to render the latter no longer necessary or advisable, in order that appropriate action may be taken for the discontinuance of the regular exchanges or dispatches affected.

130. Ordinary pouches may be used in not-regular dispatches of registered mail when closed with rotary locks, whenever the supply of specially designed registry sacks on hand is insufficient; but when ordinary pouches are used for inner sack dispatches they must not be filled so that they cannot be inclosed in a No. 2 iron-locked pouch.

131. The pouches or sacks used in making not-regular dispatches (whether specially designed for registered mail or not) are not to be returned except when the quantity or bulk of registered mail involved justifies a not-regular dispatch of inner sacks to the original post office, railway post office train or terminal railway post office of dispatch. The rotary locks used in closing not-regular dispatches of registered mail are to be promptly disposed of in accordance with the special instructions for their return. See instructions governing the non-return of empty pouches and sacks on pages 114 and 115 of this Guide.

132. Any postmaster who believes that his office should be authorized to make not-regular dispatches of inner registered sacks should address the Third Assistant Postmaster-General, Division of Registered Mails, stating facts and reasons.

113. All previous instructions governing not-regular dispatches of inner registered sacks, inconsistent with these instructions, are amended accordingly.

POUCHES AND SACKS'USED IN NOT-REGULAR DISPATCHES OF REGISTERED MAIL NOT TO BE RETURNED EMPTY.

134. Pouches and sacks (whether specially designed for registered mail or not), used in making not-regular dispatches of registered mail (through registered pouches or inner registered sacks) are not to be returned empty to the dispatching post office, railway post office or terminal

railway post office. Such pouches and sacks may be returned only when the quantity or bulk of registered mail involved justifies a not-regular dispatch of such mail to the original post office, railway post office or terminal railway post office of dispatch.

135. The pouches and sacks received with not-regular dispatches of registered mail, if not needed for use, will be treated as surplus mail bags in accordance with amended section 1352 of the Postal Laws and Regulations. Card slide labels received with all not-regular dispatches, unless used for return dispatches, are to be promptly sent by ordinary mail to the post office, R. P. O. train, or Terminal R. P. O. of original dispatch, under cover of official penalty envelopes.

136. In this connection attention is directed to Order No. 2700 of the Postmaster-General, dated October 23, 1909, printed on pages 111 and 112 of this Postal Guide, authorizing the use of ordinary pouches closed with rotary locks in the dispatch of registered mail whenever the supply of specially designed registry pouches and sacks on hand is insufficient.

137. The rotary locks used in closing not-regular dispatches of registered mail are to be promptly disposed of in accordance with the instructions printed on page 112 of this Postal Guide, under the heading, "Disposition of rotary locks used in closing dispatches of registered mail in ordinary pouches." The sack-jacket tag, Form 3814, or the sack-envelope tag, Form 3821, may be used as a label in returning rotary locks, if available; otherwise the registered tag envelope should be used for this purpose.

138. The instructions for not-regular dispatches of inner registered sacks printed on pages 71 to 73 of the July, 1909, Postal Guide, are amended accordingly.

SENDERS' RETURN RECEIPTS RECEIVED WITH REGISTERED MATTER FROM FOREIGN COUNTRIES.

139. In returning signed senders' registry return receipts accompanying registered pieces from the foreign countries embraced in the Universal Postal Union, postmasters will return them, by ordinary mail, inclosed in official penalty envelopes, addressed direct to the postmasters at the foreign offices of origin of the letters or parcels.

140. In cases where postmasters are unable to determine at what foreign offices the letters or parcels were mailed, the penalty envelopes containing the return receipts should be addressed to postmasters at the United States exchange offices from which the registered pieces were dispatched to the interior United States offices of destination.

141. If a sender's registry return receipt does not accompany a piece of foreign origin, and the piece is not marked "Avis de reception" or with the letters "A. R." (which means that a return receipt is demanded by the sender) or with words to that effect, it may be assumed that no sender's registry return receipt is required.

142. In any cases where postmasters at United States exchange offices receive registered matter of foreign origin unaccompanied by foreign return receipt blanks, but for which it is apparent, either from indorsements upon the pieces themselves, or from notations on the registry lists, that the senders desire receipts, they will supply the United States form of foreign registry receipts (Form 3870) before dispatching the matter to interior United States offices of destination, and the irregularity should be made the subject of a bulletin of verification. In any case of this kind where it is apparent to the postmaster at the interior office of delivery that a return receipt is desired by the sender of a registered piece of foreign origin, and no return receipt blank of any kind accompanies the piece, the postmaster at office of delivery will supply a sender's return receipt, using foreign registry return receipt blank (Form 3870) if he has any in his possession, or in case he has no foreign return receipt blanks, using the domestic sender's return receipt (Form 1548) for the purpose, noting thereon the fact that no receipt accompanied the piece when received at his office, and in addition report the omission of the receipt to the Third Assistant Postmaster-General.

143. Postmasters are enjoined to invariably accord these foreign return receipts prompt and proper treatment.

144. Senders' return receipts returned from any of the foreign countries embraced in the Universal Postal Union will likewise be transmitted by ordinary mail, direct to the United States offices of origin of the registered pieces.

MAIL MATTER RECEIVED FROM FOREIGN COUNTRIES MARKED TO INDI-CATE CONTENTS ARE SUPPOSED TO BE LIABLE TO CUSTOMS DUTIES.

145. Postmasters should read the "Joint regulations governing the treatment of dutlable and supposed dutlable articles received in the mails from foreign countries" published in the Supplement to the Postal Laws and Regulations, and comply strictly with the provisions thereof. All mails matter, registered and unregistered, received from any foreign country shall be carefully examined before delivery, to ascertain whether it is marked "Supposed liable to custom duties," or with words to indicate that the contents are supposed to be liable to customs duties, or is accompanied with customs mall entries, and when so marked or so accompanied it shall be treated in accordance with the joint regulations named; and whenever it is shown that the failure of any postmaster to treat dutiable matter properly has resulted in the loss of customs revenue, he will be held liable under his official bond for the amount of the loss so sustained.

LIST OF THE MORE IMPORTANT OFFICES IN THE UNITED STATES AT WHICH CUSTOMS OFFICERS ARE STATIONED.

MAIL OF FOREIGN ORIGIN CONTAINING WRITTEN MATTER OR MONEY ONLY.

147. Postmasters are instructed to deliver to the addressees, without submission to customs officials, any sealed letters or parcels of foreign origin, either ordinary or registered, which, when opened by the addressees in the presence of the postmaster, and after receipt therefor has been given in the case of registered pieces, are found to contain written communications or money only. In all such cases the postmasters at offices of delivery should state their action on the coupon attached to the package before forwarding the coupon to the Auditor for the Treasury Department, Washington, D. C.

148. All other mail matter marked "Supposed liable to customs duty," received from foreign countries must be treated strictly in accordance with the provisions of the joint regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries, printed on pages 131 to 142, inclusive, of the Supplement to the Postal Laws and Regulations, copy of which has been furnished all postmasters.

SUPPOSED DUTIABLE PACKAGES OF FOREIGN ORIGIN AT OFFICES OF DELIVERY WHERE CUSTOMS OFFICERS ARE NOT LOCATED.

149. In many instances postmasters fail to note the names of the post offices to which they have sent foreign mail matter for inspection by customs officials, on the labels (Form B) accompanying sealed pieces, both ordinary and registered, "Supposed liable to customs duty," before forwarding the labels to the Auditor for the Treasury Department.

150. Dutiable mail matter is to be sent to postmasters at places where customs officials are located in accordance with the Joint Regulations, and not direct to the customs officials themselves. Postmasters are instructed to carefully read section 12 of the Joint Regulations printed on pages 133 and 134, of the Supplement to the Postal Laws and Regulations, and indicate on the label the name of the post office to which mail matter of foreign origin supposed to be liable to customs duty has been sent for submission by the postmaster at the office indicated to customs officials, promptly transmitting the coupon to the Auditor for the Treasury Department, Washington, D. C. A list of the important places in the United States at which customs officials are stationed will be found on pages 116 and 117 of this Postal Guide.

SUPPOSED LIABLE-TO-CUSTOMS-DUTY MAIL ORIGINATING ON BOARD UNITED STATES NAVAL VESSELS.

151. Complaint has been made by the Treasury Department that mail originating on board United States unval vessels and containing matter supposed to be liable to United States customs duty, frequently reaches the addressees without previously having been submitted to a customs official.

Navy mail clerks and postmasters are therefore enjoined to strictly observe the following instructions concerning the treatment of such mail, both ordinary and registered:

(a) Navy mail clerks will endorse all matter mailed on board United States naval vessels, which they have reason to believe may possibly contain matter subject to United States customs duty, with the words "Supposed liable to customs duty" before dispatching such mail.

(b) Unscaled pieces, registered and unregistered, received from United States naval vessels and marked "Supposed liable to customs duty" will be treated as follows:

(c) Unsealed articles, both registered and ordinary (except registered articles enclosed in registered package envelopes), will be examined by customs officials at the original exchange office of receipt.

(d) If unsealed registered and unregistered pieces are accompanied by mail entries when received at the final office of delivery, showing that customs duty has been assessed on their contents prior to their receipt at the post office of delivery, they will be delivered to the addressees upon payment of the duty assessed. Such pieces will also be delivered to the addressees without submission to a customs official if they are endorsed to indicate that they have previously been examined by a customs officer and passed free of duty.

(e) If the pieces have not been appraised by a customs official, they will be submitted to the customs officer located in the city of delivery, for appraisement, if there be one. If there is no customs officer in that city, the pieces will be forwarded, under official registration, to the postmaster at the city where the nearest customs officer is located, for submission to such official. If the contents of the pieces are found to be dutiable, the customs official will issue mail entries and return the pieces, with the entries, through the postmaster at the city in which the customs officer is located, to the postmaster at the post office of delivery, who will collect the customs

charges and transmit them, with the mail entries, by registered mail, to the customs officer who issued the entries.

- (f) Sealed parcels, registered and unregistered, received from United States naval vessels and marked "Supposed liable to customs duty" will be treated as follows:
- (1) The addressees will be notified to appear and open the pieces in the presence of a customs officer or, if there be none in the city, in the presence of the postmaster or his authorized representative.
- (2) The pieces opened, the addressee will be required to at once hand the same to the customs officer, if there be one, for examination, and, if dutiable, the issuance of a mail entry and the collection of proper charges, after which the pieces will be delivered to the addressees. Scaled registered pieces must not be opened by the addressees or their authorized representatives until proper receipt therefor has been given.
- (3) If there is no customs officer in the city in which the post office of delivery is located, the sealed pieces, after being opened by the addressees or their authorized representatives, will be forwarded, under official registration, to the postmaster at the city where the nearest customs officer is located, for submission to such official. If the contents of the pieces are found to be dutiable, the customs official will issue mail entries and return the pieces, with the entries, through the postmaster at the city in which the customs officer is located, to the postmaster at the post office of delivery, who will collect the customs charges and transmit them, with the mail entries, by registered mail, to the customs official who issued the entries.
- (4) Postmasters will accord the same treatment to any ordinary or registered pieces originating on board United States naval vessels which they have reason to believe may contain matter subject to United States customs duty, even though through inadvertence the navy mail clerks may have failed to endorse the matter "Supposed liable to customs duty." (See pars. 8, 11, 12, 13, 14, 23, 24 and 35 of the Joint Regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries.)

The list of cities at which customs officials are located will be found on pages 116 and 117 of this Postal Guide.

ARTICLES ADDRESSED FOR DELIVERY IN ELLICE, GILBERT AND SANTA CRUZ ISLANDS, AUSTRALIA, NOT TO BE REGISTERED.

152. Articles intended for delivery in the Ellice, Gilbert and Santa Cruz Islands, Australia, must not be accepted for transmission in the registered mails, as there are no post or receiving offices or persons in those islands who can be held responsible for the delivery of registered articles.

REGISTERED MAIL FOR DELIVERY IN FOREIGN COUNTRIES AND THE POSSESSIONS OF THE UNITED STATES.

The following general instructions are issued for the guidance of postmasters in billing and dispatching registered mall addressed to foreign countries and the possessions of the United States.

153. Registry bills. — Gray card or sheet registry bills (Form 1550 or 1551) must be sent to United States Exchange Offices with registered mail addressed for delivery in all foreign countries and also with that addressed for delivery in Canal Zone, Philippine Islands, and Shanghai, China.

154. Registry return receipts. — Whenever the sender requests a return receipt for a registered article addressed for delivery in Hawaii. Porto Rico, Guam, Canal Zone, Philippine Islands, Shanghai in China, Pago Pago and Tau in Samoa, and on board United States naval vessels, the domestic form of receipt (Form 1548) should be prepared at the mailing office and dispatched with such mail. Whenever the sender requests a return receipt for a registered article addressed to a foreign destination other than Shanghai in China, such receipt will be supplied at the Tnited States Exchange Office of dispatch, unless the mailing office has been specially authorized to prepare same.

155. Registered package envelopes containing registered matter addressed for delivery in Canada, the Canal Zone, Cuba, Mexico, Philippine Islands, Republic of Panama, and on board United States naval vessels, should be endorsed, respectively, "Canada," "Canal Zone," "Cuba," "Mexico,". "Philippines," "Panama," and "Naval Mail." Registered package envelopes containing registered matter addressed for delivery in any foreign country not herein named must be endorsed "Foreign."

156. Registered pieces addressed to foreign destinations must be enclosed in registered package envelopes addressed to the proper United States exchange post office.

157. Hawaii, Porto Rico, Guam, Pago Pago and Tau, Samoa.—Registered pieces addressed for delivery in these possessions listed in the July, or subsequent issues of the Postal Guide, should be sent under cover of registered package addressed direct to the post offices for which the pieces are intended.

158. Postmasters in the Territory of Hawaii will bill and dispatch to Honolulu, Hawaii, as the proper exchange office, all registered matter mailed at their offices, addressed to foreign countries.

159. Trans-Atlantic, Canal Zone and West Indian destinations (except Cuba and Porto Rice), and destinations in Central and South America.— As a rule registered pieces for Trans-Atlantic destinations, the Canal Zone, South America, and for the west coast of Central America should be billed and transmitted to New York, N. Y., as the proper exchange office. Registered matter for Costa Rica, Guatemala, British Honduras, Republic of Honduras, and the east coast of Nicaragua, should be billed and dispatched to New Orleans, La.

160. As an exception to the foregoing instructions, registered mail for the Canal Zone may be billed and enclosed in registered package envelopes addressed to the postmaster at New Orleans, La., for dispatch via steamers sailing from New Orleans, when it can be ascertained from the published schedule of steamship sailings that expedition will be gained thereby; otherwise the matter should be billed to New York, N. Y., as indicated above.

161. Registered matter sent to San Francisco, Cal., for dispatch to destinations in Central and South America should consist only of registered articles for those countries mailed immediately before the sailing of steamers from San Francisco, and in the immediate vicinity of San Francisco.

162. Newfoundland. — Registered matter (except parcel-post pieces) from the States of Alaska, Idaho, Minnesota, Montana, Northern Peninsula of Michigan, North Dakota, Oregon, South Dakota, Washington and Wisconsin, addressed for delivery in Newfoundland and the French islands of Saint Pierre and Miquelon should be sent to Sault Sainte Marie, Mich., as the proper exchange office. Registered matter (except parcel-post pieces) from all other States or Territories addressed for delivery in Newfoundland and the French islands of Saint Pierre and Miquelon should be sent to Boston, Mass., as the proper exchange office.

Registered parcel-post matter from any State or Territory addressed for delivery in Newfoundland and the French islands of Saint Pierre and Miquelon should be sent to either New York, N. Y., or Philadelphia, Pa., as the proper exchange office.

163. Northern Manchuria. — Postmasters will bill and dispatch to New York, N. Y., as the proper exchange office, unless specially addressed to be forwarded otherwise, all registered articles for delivery at the following places in Northern Manchuria: Achikhe (Ajcho), Anda (Anta), Boukhedou (Puhato), Ekho (Eho), Jaomyne (Jaomen), Imianpo (Imienpo), Khailar (Hailar), Khailine (Hailin), Khandockhetsy, Kharbine (Harbin), Kouantchentsi, Mandchouria, Miandoukhe (Mientuho), Mouline (Mulin), Outsimi (Wuchimi), Pogranitchnaia, Taolaitchjoou (Taolaichao), Tchjalaenor (Dalainor), Tchalantoun (Chalantun), Tsitsikar.

164. China, (including the U. S. Postal Agency, Shanghai, China), Japan and Philippine Islands.—Registered matter addressed for delivery in these countries should be billed and dispatched to either San Francisco, Cal., Seattle, Wash., or Tacoma, Wash., as the proper exchange office, according to the location of the office where the registered matter is mailed. For instance, if the office of origin of the registered matter is nearer Seattle, Wash., such matter should be sent to Seattle for dispatch to destination; if the office of origin is nearer San Francisco, Cal., it should be sent to that office for dispatch to destination.

165. These instructions apply only to those postmasters who are not furnished the monthly steamer schedules published by the Department, or who are not otherwise advised as to the exact dates of sailings of mail steamers from San Francisco, Cal., Seattle, and Tacoma, Wash. Postmasters provided with such official information will carefully compute the time required for the transmission of registered matter from their offices to the exchange offices of San Francisco, Seattle, and Tacoma, and dispatch the matter to the one of those offices which can be first reached and from which a steamer carrying mail for the destinations of the registered matter first sails.

166. The postmasters at Seattle, San Francisco, or any other exchange offices on the Pacific Coast receiving registered matter too late for dispatch by steamer sailing from their respective ports will promptly forward it to the exchange office which offers the first available dispatch.

167. Parcel-post registered mail.—In dispatching parcel post registered mail postmasters will be careful not to dispatch it to any United States exchange office which is not authorized to exchange parcel post matter with the country of destination of the registered piece.

168. As a general rule parcel post registered pieces should be given the same dispatch as ordinary parcel post matter, instructions concerning the dispatch of which are published from time to time by the Second Assistant Postmaster-General.

160. Specially addressed registered mail.—The foregoing instructions do not apply to "specially addressed" registered mail. Directions given by the sender in the address of registered matter, as to the route by which it shall be sent, must be compiled with whenever practicable, but should not be followed in cases of specially addressed mail for the Philippine Islands unless postage on such matter has been paid at the proper Postal Union rate. (See amended sec. 944 and sec. 945 of the P. L. and R.)

170. These general instructions may be modified by special instructions published from time to time by the Department. When special instructions of the character referred to are published they should be carefully observed. (See "General Foreign Separating Scheme" on page 213 and "International Parcel Post Scheme," pages 220 and 221 of this Postal Guide.)

POSTMASTERS AT OTHER THAN UNITED STATES EXCHANGE OFFICES NOT TO CORRESPOND WITH POSTMASTERS OR POSTAL OFFICIALS IN THE PHILIPPINE ISLANDS.

171. When the sender of a registered piece addressed to an office in the Philippine Islands desires to have it delivered to other than the addressee or the addressee's authorized representative at the office of original address, or forwarded to the addressee at another office, or to have it returned, he should file written application therefor, in duplicate, with the postmaster at the office where the registered piece was mailed. The postmaster will then add, over his signature, the words "I verify the signature of the sender to this application," postmark the application, and promptly forward it, with full particulars of dispatch of the registered matter in question, to the postmaster at the United States exchange office to which the same was originally sent for dispatch to the Philippines. On receipt of the application, the postmaster at the exchange office will take appropriate action, under special instructions from the Third Assistant Postmaster-General already given, to secure compliance with the sender's request. Careful attention is directed to sections 860, 869. 870, 872, 886 and 952 of the Postal Laws and Regulations, the provisions of which must be strictly complied with in so far as they are applicable in this connection.

REGISTRY EXCHANGES WITH CANADA AND CUBA.

172. When registered matter addressed to Canadian destinations is presented for registration, the senders must be requested to add to the address on each registered piece the name of the Canadian Province and the County or District in which the post office of address is situated.

173. Postmasters dispatching registered matter addressed for delivery in Canada or Cuba will ascertain, by comparison of the addresses with the column headings of the table, the name of the exchange office to which the matter should be sent. They will then address registered package envelopes and bill such registered matter to that United States exchange post office listed in the appropriate column opposite the name of the State in which the postmaster's own office is located. (See exceptions at foot of table.)

174. Postmasters in the States followed by index figures will carefully note the corresponding numbered paragraphs at the end of the Scheme, as therein are contained important exceptions to the dispatches indicated in the table. The instructions applicable to all postmasters in the paragraphs immediately following the numbered paragraphs should also be carefully noted.

175. Postmasters at border exchange offices and all postmasters having occasion to dispatch registered matter addressed for delivery in British Columbia or the Yukon District of Canada will carefully read the notes immediately following the numbered paragraphs at the end of the scheme.

SCHEME FOR THE DISPATCH OF REGISTERED MATTER TO MEXICO.

178. Postmasters, before accepting matter for registration addressed to Mexican destinations, must request that the name of the Mexican State in which the post office of address is situated be added to the address on the envelope or wrapper.

Directions given in the address on registered matter as to the route by which it shall be sent must, whenever practicable, be complied with. Such correspondence is called "Specially addressed correspondence." Postmasters should consult the steamer schedules published by the Post office Department, when available, for full information.

The instructions printed in the current Postal Guides relative to parcel-post matter should be noted in connection with the registration and dispatch of parcel-post registered pieces addressed to foreign countries. Registered parcel-post pieces should not be dispatched to an exchange office which has not been authorized to exchange parcel-post matter with the country to which the parcel may be addressed.

All postmasters, when dispatching registered matter for Mexican destinations, will bill and inclose it in registered package envelopes addressed to that United States exchange office which will give such registered matter the greatest expedition. Registered matter for Mexico must be inclosed in registered package envelopes separate from those used for other registered matter, and such registered package envelopes must be plainly marked "Mexico."

United States postmasters at border registry exchange offices will make up local registered mails for Mexico so as to give the quickest dispatch from the standpoint of their respective offices.

179. The following scheme will serve as a guide to postmasters in dispatching registered matter to the Republic of Mexico, and shows the different Mexican States, territories or districts, and the post offices excepted from general dispatch of each, with the proper United States exchange office for each Mexican State, territory or district and for the offices excepted therefrom. (Carefully read foot-notes following this scheme):

Explanation of following scheme: Column 1 contains the names of the Mexican States and Territories alphabetically arranged: Column 2 contains the names of States and Territories of the United States; Column 3 shows to what United States Exchange Office registered mail for the Mexican States and Territories mentioned in Column 1, originating in the States and Territories named in column 2, should be sent.

FOREIGN MAILS.

POSTAGE RATES ON ARTICLES FOR CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA AND THE UNITED STATES POSTAL AGENCY AT SHANGHAI.

- 1. Articles addressed for delivery in Canada, Cuba, Mexico and Republic of Panama are subject to the same postage rates and conditions which would apply to them if they were addressed for delivery in the United States: Except that:
- (a) Letters and postal cards must be dispatched to Canada and Mexico if prepaid one full rate of postage and to Cuba and Panama even if they do not bear postage stamps. Other articles for Cuba and Panama will be dispatched if prepaid at least in part.
 - (b) Packages of "prints" may weigh not to exceed four pounds, six ounces.
- (c) "Samples" and "commercial papers" (see secs. $\overline{3}3$ and 34) may be sent subject to the postage rates and conditions applicable to similar articles in mails for foreign countries generally (see sec. 10).
- (d) Plants, seeds, etc., mailed to Canada are subject to the postage rate of one cent an ounce.
- (e) Articles other than letters in their usual and ordinary form are excluded from the mails, unless they are so wrapped that their contents can be easily examined by postmasters and customs officers. Any article enclosed in an envelope, as the word "envelope" is generally used, without regard to its size, is considered to be "in the usual and ordinary form" of a letter. But unscaled packages may contain, in scaled receptacles, articles which cannot be safely transmitted in unscaled receptacles; provided, the contents of the closed receptacles are plainly visible or are precisely stated on the covers of the closed receptacles and that the package is so wrapped that the outer cover can be easily opened.
 - 2. Unmailable. The following articles are unmailable under any conditions, vis.:
- All sealed packages, which, from their form and general appearance, evidently <u>are not letters</u>; publications which violate the copyright laws of the country of destination; poisons, explosive or inflammable substances; live or dead (not dried) animals, insects (except bees) and reptiles; fruits and vegetables which quickly decompose, and substances which exhale a bad odor, lottery tickets or circulars; all obscene or immoral articles, articles which may destroy or damage the mails, or injure the persons handling them (see also secs. 39-84, "Prohibited articles"); and to Cuba and the Republic of Panama, liquids and fatty substances, except samples thereof.
- 3. The domestic postage rates and conditions of Canada, Cuba, Mexico and the Republic of Panama apply to articles mailed in those countries addressed for delivery in the United States. Consequently articles (except sealed packages which are not letters) mailed in any one of those countries which are entitled to pass in the domestic mails of that country free of postage, are likewise entitled to transmission free of postage to the United States.
- 4. Prepayment of postage upon any article mailed in the United States can be effected only by means of United States postage stamps.
- 5. Postage due: Postage due upon articles exchanged with these countries insufficiently prepaid, is collectible upon delivery at the single rate.

SECOND-CLASS MATTER FOR CANADA.

6. The postage rate applicable in the United States to "second-class matter" addressed for delivery in Canada is 1 cent for each 4 ounces or fraction of 4 ounces, calculated on the weight of each package and prepaid by means of postage stamps affixed; except that the postage rate to publishers and news agents applicable to legitimate daily newspapers issued as frequently as six times a week addressed to bona fide subscribers in Canada, is 1 cent a pound or fraction of a pound, to be paid at the office of mailing as second-class matter.

UNITED STATES POSTAL AGENCY AT SHANGHAI, CHINA.

- 7. (a) Articles of every kind that are admitted to the domestic mails of the United States may be sent by mail for delivery in the city of Shanghai at the postage rate and under the conditions which apply to similar articles addressed for delivery in the United States. But articles for other places in China are subject to postal union rates and conditions, unless sent by "parcelpost" (see secs. 101 and 102 on page 222).
- (b) All letters and packages included in mails made up in the United States for the United States postal agency at Shanghai and received at that agency, which contain, or in the opinion

of the postal agent may contain, articles liable to Chinese customs duties, are submitted to customs officials specially authorized to perform that duty by the Imperial Chinese customs service, who determine the dutiable character of the articles and levy the proper customs charges upon such as they find to be dutiable; which charges the United States postal agent collects upon the delivery of the articles, and transmits the amounts so collected to the Chinese customs official designated to receive and receipt for the same.

(o) Articles which the addressees refuse to receive on account of the customs charges will be returned to this country the same as other undeliverable articles, and the Chinese customs official who appraised such articles will be promptly advised of the refusal of the addressees to pay the charges, and of the return of the articles to the United States.

RATES OF POSTAGE ON ARTICLES FOR FOREIGN COUNTRIES OTHER THAN CANADA, CUBA, MEXICO, THE REPUBLIC OF PANAMA AND THE UNITED STATES POSTAL AGENCY AT SHANGHAI.

8. Articles for or from foreign countries (except Canada, Mexico, Cuba and the Republic of Panama) are not designated "First-class matter," "Second-class matter," etc.; but are classified as "Letters," "Post cards," "Printed matter," "Commercial papers," and "Samples of merchandise."

POSTAGE RATES.

9. For letters, 5 cents for the first ounce, or fraction of an ounce, and 3 cents for each additional ounce, or fraction of an ounce. Stamps or forms of prepayment, whether current or obsolete, canceled or uncanceled, as well as printed articles constituting the representative sign of monetary value, and articles in typewriting or imitation of typewriting, are subject to postage at the letter rate. Monetary value is held by the International Bureau of the Universal Postal Union to attach to bonds, bank notes, commercial bills of exchange, etc., which have been fully executed by the makers:

For postal cards, 2 cents, each, for single; and 4 cents, each, for double cards;

For printed matter, of all kinds, 1 cent for each 2 ounces or fraction of 2 ounces (see sec. 32);

For commercial papers, 5 cents for the first 10 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces (see sec. 33);

For samples, 2 cents for the first 4 ounces or less, and 1 cent for each additional 2 ounces or fraction of 2 ounces (see sec. 34);

Registration fee, in addition to postage, 10 cents.

- 10. Letters for England, Ireland, Scotland, Wales and Newfoundland, 2 cents per ounce, and letters for Germany dispatched only by steamers which land the mails at German ports, 2 cents per ounce. Letters for Germany paid at the Postal Union rate will be dispatched by the fastest steamers and forwarded via Great Britain or France.
- 11. Letters and post cards must be dispatched even if no postage whatever is prepaid. Other articles must be prepaid at least in part. In all cases double the amount of the deficient postage is collectible of the addressee upon delivery.

GENERAL INFORMATION, REGULATIONS AND SUGGESTIONS.

- 12. Prepayment. Postage can be prepaid upon articles (other than the reply-half of double postal cards) only by means of postage stamps of the country in which the articles are mailed. Articles mailed at the United States postal agency at Shanghal, China, are treated as if mailed in the United States; consequently, postage must be prepaid by means of United States postage stamps. For all countries, except Canada, Cuba, Mexico and Republic of Panama, newspapers, magazines and periodicals, whether "transient" or for regular subscribers, are required to be prepaid with postage stamps at the rate applicable to "printed matter" for those countries.
- 13. Ehort-payment.— (a) The dispatching exchange office of the country which dispatches to another country an article which is unpaid or short-paid, is required to mark upon its cover the capital letter "T," and in the case of an unpaid letter, to indicate the number of rates, when more than one, to which the letter is liable by reason of its weight; also, in case of a short paid article, to indicate (in French currency) the amount of postage due, calculated at double the deficiency, EXCEPT in the case of an article which has become insufficiently prepaid in consequence of redirection, then to mark it with the actual deficiency only.
- (b) The exchange office of the country of destination which first receives the article stamps the article "Due —— cents" or "U. S. Charge to collect —— cents," which amount must be collected by the postmaster who delivers the article, affixing thereto postage-due stamps of the same value.

- (c) A naught (0) alongside of postage stamps indicates that such stamps were not valid for the prepayment of postage in the country in which the articles so marked were mailed.
 - (d) Charges for postage-due are in addition to any customs charges.
- (e) In the case of unpaid or short-paid articles returned to senders as undeliverable, the senders are chargeable with the amount which would have been collected of the addressees, if the articles had been delivered.
- 14. Rating of short-paid articles.— The ascertainment and rating of deficient postage on correspondence for and from foreign countries, and the placing on the correspondence of the proper indications of such deficiency, is the work of the exchange post offices and not of the mailing or delivering post offices, unless the latter are also exchange post offices.
- 15. International reply coupons.—A "reply coupon" may be purchased (price 6 cents) at post offices, which upon presentation at a post office in any of the countries which have qualified under the Rome Postal Convention, will entitle the person presenting the coupon to receive (without charge) a postage stamp of that country equivalent in value to a 5-cent United States postage stamp. By this arrangement a person in the United States can furnish his correspondent with a postage stamp with which to prapay postage on a reply to his letter. A list of the countries in which reply coupons are valid, may be found on page 38.
- 16. Matter mailed at sea.— Save in the instances hereafter given, postage prepaid upon articles mailed on board vessels on the high seas must be by means of postage stamps of the country under whose flag the vessel sails. Postage on articles mailed in a sea post office on board a transatiantic steamer, other than a White Star steamer, on a voyage from the United States can be prepaid only by means of United States postage stamps, notwithstanding the steamer may sail under a foreign flag. Postage on articles mailed on the high seas in a sea post office on board of a transatiantic White Star steamer on a voyage to or from the United States can be prepaid only by British postage stamps. Articles addressed for delivery in the United States or its possessions mailed on the high seas on board vessels of United States register bringing to the United States a mail made up in a foreign country, and articles handed to the officers of such vessels to be mailed on shore, are subject to the United States domestic postage rates and conditions. Postage upon articles mailed on board a steamer while the steamer is in a port of any country can be prepaid only by means of postage stamps of that country. Letters conveyed in vessels not regularly employed in carrying the mails (commonly called "ship letters") are subject to double rates of domestic postage (4 cents per ounce) on delivery.
- 17. Bureau of American republics Mail admitted free.— Mail matter originating at the Bureau of American Republics, bearing the card of that Bureau, and weighing not over four pounds six ounces (two kilograms), the limit of weight prescribed for packages of "prints" by the Universal Postal Convention, are admitted to the mails free of postage, when addressed to the countries forming the International Union of American Republics, viz.: Argentine Republic, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, Guatemala, Haiti, Honduras, Mexico, Nicaragua, Paraguay, Peru, Salvador, San Domingo, United States, Uruguay, Venezuela.
- 18. Matter entitled to admission to the international mails free of postage.—The following articles are entitled to transmission in international mails free of postage, viz.: Official correspondence exchanged between Postal Administrations, between these Administrations and the International Bureau and between the exchange offices of different countries; as well as correspondence concerning prisoners of war, and for or from them without regard to the locality of the prisoners or the manner in which the correspondence is transmitted. Postage upon all other articles can be prepaid only by means of postage stamps. The reply-half of a double postal card bearing a postage stamp of the country which issued the double card is to be considered as prepaid.
- 19. Postmarking.— All mail matter addressed to foreign countries is required to bear a legible impression of the date-stamp of the mailing post office; and matter received from foreign countries must bear a similar stamp (on the back of letters and on the front of postal cards), of the delivering post office. Postmasters should cause care to be taken not to deface by their own postmark, nor cover with postage-due stamps, any postmark already on an article.
- 20. Senders should be cautioned that in order to insure prompt and safe transmission to destination of articles addressed to foreign countries, they should (1) make the address legible and complete, giving the name of the country as well as that of the town or post office. Articles addressed to "London" may be sent either to England or Canada. (2) Avoid using filmsy paper for envelopes, as they are liable to be torn or destroyed in the long transits. (3) Avoid using sealing-wax on the covers, as letters so sealed often adhere to each other, and the addresses of some of the articles are destroyed by the tearing of the covers in the attempt to separate the articles. (4) See that postage stamps affixed to the covers of articles of printed matter do not adhere also to the articles themselves, thus virtually sealing the packages and thereby subjecting them to additional postage, at the letter rate, on delivery.
- 21. Withdrawals and change of address.—The sender of any article addressed for delivery in a foreign country may cause it to be withdrawn from the postal service, or have its address changed, as long as the article has not been delivered to the addressee, provided the legislation of the country of destination of the article allows such withdrawal or alteration.
- ·(a) To affect either of these ends if the article has been actually dispatched from the United States the sender must apply at the post office at which the article was mailed, where he must

identify himself and deposit with the postmaster a sum sufficient to cover all expenses to be incurred—as prescribed in section 579, Postal Laws and Regulations, edition of 1902, for withdrawing letters from the domestic mails; and, in addition, the sender must furnish a facsimile of the address of the article, and must pay (by means of postage stamps affixed to his application, and canceled by the postmaster) the amount chargeable on a single-rate registered letter, viz.: 13 cents. When these formalities have been complied with, the postmaster at the mailing office of the letter in question is required to forward the application, accompanied by the facsimile of the address, under registration, to "The Second Assistant Postmaster-General (Division of Foreign Mails), Washington, D. C.," who will request the foreign Postal Administration interested, to comply with the sender's directions. Postmasters are not authorized to return or change the address of articles for or from foreign countries; but they may, upon request, forward an article to the same addressee at another post office. Requests to return to sender or to change address should be referred to the Department, and the articles should be held until instructions concerning them are received; such requests from private citizens should be replied to by postmasters with the information that they cannot be compiled with.

- (b) If the article has not been dispatched from the United States, it may, if unregistered, be returned to the sender upon compliance by him with the requirements of section 579 above mentioned; or if registered, upon compliance with the requirements of section 872, Postal Laws and Regulations.
- (c) This Department has been officially advised that the legislation of Great Britain, and the British Colonies (except Cape Colony, Orange River Colony, Southern Rhodesia, Antigua, Bahamas, Barbados, Ceylon, Gold Coast, British Guiana, Jamaica, Zanzibar, and the Australasian Colonies), including Canada and British India; also Halti, the Dominican Republic, Colombia (Republic of), and the French Establishments in Oceanica, does not allow senders of articles to withdraw them from the malls, or to change their address; consequently, senders cannot prevent the delivery to the original addressees of articles sent by mail from the United States to any of those countries, nor from those countries and colonies to the United States.
- 22. Registration.— Any article of mailable matter, except those addressed under initials, or with the address written with a pencil, may be registered, subject to prepayment of the postage upon the article according to its nature, in addition to the registration fee.
- 23. Reforwarding .- Mail matter of all kinds, of foreign origin (including such matter from Canada, Mexico, Cuba, and the Republic of Panama), received in the United States, must be reforwarded from the United States post offices of original destination to any other United States post office and - in the case of articles other than parcel-post packages - to any foreign country, without charge of additional postage therefor; or, if a registered article, without charge of an additional registry fee. Postage-due, if any, must be collected by the postmaster who delivers the article to the addressee or to the sender. (2) Such matter, however, as has been addressed, in the first instance, to a post office in the country of mailing, is chargeable (but need not be prepaid), on redirection, with the same postage, less the sum prepaid, as would have been charged had it been addressed originally to the post office of ultimate delivery, but, if registered, without additional registry fee. And the same conditions apply to articles exchanged between two countries which have adopted in their reciprocal relations a lower rate than the ordinary Union rate, buf which on being forwarded enter the service of another country, the rate for which is the ordinary Union rate. (3) Any article returned to sender for rectification or completion of its address, is not considered when mailed with a corrected or completed address as reforwarded matter, but as newly mailed, and consequently becomes liable to a new charge of postage. (4) Upon any unpaid or short-paid article returned as undeliverable, the sender will be required to pay the sum which would have been collectible of the addressee if the article had been delivered.

24. Optional and compulsory prepayment.— The prepayment of postage on ordinary letters and postal cards is optional with the senders; but on registered articles full prepayment is compulsory. Postage on all other articles must be at least partially prepaid.

25. Merchandise.—Articles, including electrotypes and cuts for advertising purposes, not specially enumerated in Postal Conventions or in the United States Postal Laws and Regulations as transmissible in the mails to foreign countries, or which are not homogeneous with those therein enumerated, are not entitled to be sent in the regular mails to countries other than those named in the next following paragraph, at the reduced rates of postage fixed for articles other than letters, but may be transmitted at letter rates of postage, fully prepaid, provided they are not absolutely excluded from the mails by the provisions of Postal Conventions, or by the laws and regulations. Articles of merchandise may also be sent by parcels post to the countries named in the table on pages 220 and 221. Such articles are forwarded at the sender's risk as regards treatment under the customs regulations of the country to which they are sent. Their right of entry into a foreign country is determined by the officials of that country. They may be confiscated, returned as unmailable, or subjected to fines in addition to customs duties.

26. Packages containing articles of merchandise may be sent to Canada, Cuba, Mexico, and the Republic of Panama, and the city of Shanghai, China, at the postage rate and subject to the conditions applicable to "fourth-class matter" in the domestic mails.

- 27. Pairs of articles such as gloves, shoes, socks, etc., but not such as suspenders or drawers are not transmissible by mail to foreign countries at the postage rates and conditions applicable to "samples of merchandise," but one article of a pair may be so transmitted.
- 28. Empty foreign mail sacks.— All postmasters, agents and employees of this Department are prohibited unless otherwise specially instructed from using any bags belonging to a foreign country, and are required to collect and forward, from time to time, all such bags found in the service to the nearest United States exchange post office, whence they are to be returned, empty, to the country to which they belong.
- 29. Undeliverable matter.—All packages of printed matter (as well as letters and postal cards) received from foreign countries which, from any cause, prove to be undeliverable, must be sent to the Dead Letter Office; except that "Request" and "Card" Matter received from Canada, Cuba, Mexico, and the Republic of Panama must be returned to senders without charge. (Unpaid letters, and short-paid other articles destined for Canada, or Mexico, must be sent to the Division of Dead Letters.)

INFORMATION AS TO "POSTAL CARDS," "PRINTS," "COMMERCIAL PAPERS," "SAMPLES OF MERCHANDISE," AND "COMPOSITE PACKAGES."

- 30. (a) Postal cards must bear at the head of the front the title "Postal Card," or its equivalent. They must be made of cardboard or thick paper, and must not be enclosed in an envelope. Private postal cards need not bear that title. They must not be larger than 5.5 by 3.5 inches, nor smaller than 4 by 2.3-4 inches. Postage stamps should be placed in the upper right-hand corner of the address side. The right-hand half of the address side is reserved for the address, postmarks, etc.; the left-hand half may be used to contain a message, or a picture on very thin paper may be pasted there; also a label not exceeding 2 inches by three-quarters of an inch in size may be pasted there. On the back of the card a picture on very thin paper may be pasted. With the exception of postage stamps, the labels and the pictures on very thin paper mentioned above, nothing may be attached to a postal card. Each half of a (double) reply-postal card must conform to the foregoing conditions. The two halves must be folded one on the other, and must not be closed in any manner. If the reply-half of a foreign double postal card is not addressed to the country which issued the card, it must be treated as an unpaid postal card unless it bears United States postage stamps; it cannot be registered by the original sender of the card. For the postage rate, see sec. 9.
- 31. Postal cards bearing manuscript additions which do not conform to the conditions prescribed for them as stated above must be treated as letters; but cards which conform to the conditions for printed matter are mailable as such.
- (b) Each half of a double post-card is a complete post-card; but, in the event of the reply-half of a double post-card issued by any country being sent by mail to an addressee in a country other than that which issued the card, it is required to be treated as an unpaid letter unless a United States postage stamp is affixed thereto, and postage collected of the addressee accordingly.
- (c) The prepayment of the "reply-half" by means of the postage stamp of the country which issued the card is valid only if the two parts of the double card are received from the country of origin adhering to each other.
- (d) An unscaled package containing only unaddressed illustrated postal cards without postage stamps should be treated as a "print."
- (e) Post-cards (so-called), consisting of wood, leather, or any material other than paper or card-board, are subject to treatment as letters.
- (f) Single private mailing cards may be sent to foreign countries at the postage rate applicable to the official postal cards, provided they conform to the conditions prescribed for private mailing cards in the domestic mails of the United States.
- (g) Any card of foreign origin which, from its title in any language, appears to be a post-card, and conforms—as to size, quality and weight—with the requirements for post-cards in our domestic mails, is admissible to the mails (domestic or international) as a post-card when prepaid by means of United States postage stamps. The foregoing applies to the reply-half of a double foreign postal card mailed in the United States, addressed for delivery in a country other than the country which issued the double card; but if the reply-half is addressed for delivery in the country which issued the double card, it is mailable without the addition of United States postage stamps. "Postal cards" and "post-cards" must consist of paper or cardboard.
- 32. (a) Prints of all kinds are subject to the following conditions: Must be either placed under band, upon a roller, between boards, in a case open at one side or at both ends, or in an unclosed envelope; or simply folded in such a manner as not to conceal the nature of the packet; or lastly, tied by a string easy to unfasten. Address cards and all printed matter presenting the form and consistency of an unfolded card may be forwarded without band, envelope, fastening or fold. The maximum weight of any package of printed matter is fixed at 2 kilograms (4 pounds, 6 ounces), except second-class matter and single volumes of printed books for Canada, Cuba, Mexico, the Republic of Panama or Salvador. The maximum size is fixed at 45

centimeters (18 inches), in any one direction; except that rolls of printed matter which do not exceed 75 centimeters (30 inches) in length and 10 centimeters (4 inches) in diameter may be forwarded by mail. For the postage rate, see sec. 9.

- (b) Stamps and other forms of prepayment, whether canceled or not; prints constituting the sign of monetary value, articles the text of which has been altered after printing except as indicated below, are not mailable at the postage rate applicable to "prints."
- (c) Facsimile copies of manuscript or typewriting—if sent as prints—must be mailed at post office windows in not less than twenty (20) perfectly identical copies.
 - (d) Additions (by hand or other means) may be made to "prints" as follows:
- On the outside of the package or on the print itself, the name, business and residence of the sender, and date of dispatch; to correct errors, cross out certain parts and make prominent, by means of marks, certain parts of the text; to add the "copy" to the "proof," and to make changes in and additions to the proof on separate sheets if necessary; to add to visiting cards as well as to Christmas and New Year cards the title and address of the sender, as well as congratulations, thanks, condolences or other forms of courtesy expressed in five (5) words at most; to erase certain parts and make prominent by means of marks, certain parts of the text; to add to cards of invitation and notices of meetings, the name of the person invited, the date, object and place of meeting; to add to books, sheet music, periodicals, photographs and engravings, a dedication, as well as to attach the bill or invoice; to add to clippings from periodicals, the title, date, number and address of the periodical; to insert figures in price-lists, offers for advertisements. stock quotations, trade circulars and prospectuses, as well as the name of the traveler, the date, and name of the locality through which he expects to pass, on notices of that kind; to indicate on booksellers' order bulletins, the works desired or offered, and to cross out or underscore the whole or any part; to add on notices relating to the movements of vessels, the dates of sailings and arrivals, as well as the names of the vessels; to add to notices of shipment, the date of the shipment; and to paint fashion plates, maps, etc. But no manuscript additions other than those indicated above are allowed upon prints.
- (e) Prints must be wrapped so that the contents may be easily examined without damaging the cover. But cards need not be inclosed unless they are embellished by means of mica, ground glass or a similar substance.
- (f) A package of newspapers or periodicals for transmission in international mails, except to the places mentioned in sections 1 and 8 at the rate of 1 cent per 2 ounces or fraction thereof is restricted to a single (outside) address. Newspapers or periodicals addressed to several different subscribers must not be enclosed in the same package with postage stamps affixed only to the outside wrapper of the package. But several periodicals or other articles of printed matter, without separate address, may be enclosed in the same package.
- (g) Cards bearing the title "postal card" or its equivalent are admissible to the mails at the postage rate applicable to "prints," provided they conform to the general conditions prescribed herein for "prints" and are prepaid at the rate for "prints." If they do not conform to those conditions, they must be treated as postal cards.
- (h) The following are considered as prints, and admitted as such at the reduced postage applicable to "prints," viz.: Newspapers and periodical works, printed books stitched or bound, pamphlets, sheets of music, visiting cards, address cards, proofs of printing with or without the manuscripts relating thereto, papers with raised points for the use of the blind, engravings, photographs and albums containing photographs, pictures, drawings, plans, maps, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved, lithographed or autographed, and in general, all impressions or reproductions obtained upon paper, parchment or cardboard, by means of printing, engraving, lithographing and autographing, or any other mechanical process easy to recognize, except the copying-press and the typewriter.
- (i) Valentines, unframed Christmas and Easter cards, and other cards of a similar character, bassing between friends in small quantities as tokens of esteem, are transmissible in mails dispatished to foreign countries (except Canada, Mexico, Cuba, the Republic of Panama, and Shanghai, to which United States domestic postage rates apply), at the rate and under the conditions applicable to "printed matter" in Postal Union mails; notwithstanding they are composed partly of silk or satin, and are hand-painted and of elaborate design and finish. But such cards regularly framed whether with wood, metal or other material usually used for picture frames, are not entitled to transmission as "printed matter," and should not be admitted to said mails at less than the letter rate of postage fully prepaid; nor should articles intended for use (such as cushions, etc.), which bear an Easter or Christmas greeting, but cannot be considered in any sense "cards," be treated as printed matter in said mails.
- (j) Facsimile copies of manuscript or typewriting obtained by a mechanical process (polygraphy, chromography, etc.) are assimilated to prints; but in order to pass at the reduced postage, they must be mailed at the post office windows, and in the minimum number of twenty perfectly identical copies.
- 83. (a) Commercial papers must be under band or in an open envelope. The maximum weight of commercial papers is fixed at 2 kilograms (4 pounds, 6 ounces), and the maximum size at 45 centimeters (18 inches), except when put up in rolls, the dimensions of which do not exceed

75 centimeters (80 inches) in length and 10 centimeters (4 inches) in diameter. For the postage rate, see sec. 13. In dispatching packages of commercial papers post offices and railway post offices must enclose them invariably in the pouches containing letters.

- 34. (1) Samples of merchandise must conform to the following conditions: must be placed in bags, boxes or removable envelopes in such a manner as to admit of easy inspection. Packages of samples must not exceed 350 grams (12 ounces) in weight, or the following dimensions: 30 centimeters (12 inches) in length, 20 centimeters (8 inches) in breadth, and 10 centimeters (4 inches) in depth; except that when in the form of a roll, a package of samples may measure not to exceed 30 centimeters (12 inches) in length, and 15 centimeters (6 inches) in diameter. For the postage rate, see sec. 9. Articles sent for sale, in execution of an order, or as gifts, however small the quantity may be, are not admissible at the sample rate and conditions.
- (2) Articles of glass, liquids, oils, fatty substances, dry powders, as well as live bees, are admitted to the mails as "amples" provided they are packed in the following manner:

Each bottle must be placed in a wooden box filled with spongy material sufficient to absorb the liquid in case the bottle should be broken. Finally, the box itself must be enclosed in a case of metal or wood with a screw top, or of strong and thick leather. If wooden blocks perforated to contain several vials or wooden mailing cases are used, measuring at least one-tenth of an inch in the thinnest part, lined with sufficient absorbing material and furnished with a lid, the blocks need not be enclosed in a second case.
- (c) Fatty substances, such as olntments, soft-soaps, resins, etc., must be enclosed in an inner cover (box, linen bag, parchment, etc.), which must be placed in a second box of wood, metal or strong, thick leather.

- (e) Live bees must be enclosed in boxes which avoid all danger and permit examination of the contents.
- (3) Single keys, fresh-cut flowers (but not live plants), tubes of serum and pathological objects rendered inoffensive by their mode of preparation and packing; specimens of natural history, such as dried or preserved animals and plants, geological specimens, etc., are admitted to the mails at the postage rate and under the conditions applicable to "samples," provided they are not sent for a commercial purpose and that their packing conforms to the general conditions prescribed for samples.

Magazines containing advertisements are also exempt; and
- (c) In the Colony of the Cape of Good Hope the duty on similar articles is 25 per cent. ad valorem or 2 pence per pound.
- (d) In New Zealand handbills, circulars, programs, playbills, printed posters, trade catalogues, price-lists and fashion plates, printed advertising matter, also paper bags and wrapping paper or wrappers of all kinds, printed or lithographed, and printed or lithographed envelopes or labels, are chargeable with customs duty at the rate of 3 pence per pound on receipt through the post as well as a surtax of 3-5 pence per pound if not produced in British dominions. Duty is not payable on trade catalogues or price-lists of the goods of firms or persons having no established business in New Zealand. Calendars and show cards of all kinds are liable to a duty of 25 per cent, ad valorem and to a surtax of 12½ per cent. ad valorem if not produced in British dominions.
- 87. Customs duties cannot be prepaid by the senders of dutiable articles; they will be collected of addressees if the articles are delivered.
- 88. For the treatment to be given dutiable articles received in the mails from foreign countries, see the joint regulations on pages 131 to 142 of the Supplement of 1907 to the Postal Laws and Regulations.
- 89. Inquiries about United States customs duties should be addressed to "The Secretary of the Treasury, Washington, D. C."
 - 90. The Secretary of the Treasury has advised this Department as follows, viz.:
- (a) "Newspapers and periodicals (the term 'periodicals' embraces only unbound or papercovered publications issued within six months of the time of entry, containing current literature of the day and issued regularly at stated periods, as weekly, monthly or quarterly); books imported for the use of the United States or the Library of Congress; books which shall have been printed more than twenty years at the date of importation; books imported for use or by order of any society or institution incorporated or established solely for religious, philosophical, educational, scientific or literary purposes, or for the encouragement of the fine arts; books and pamphlets printed exclusively in languages other than English; books and music, in raised print, used exclusively by the blind; books used abroad not less than one year by persons or families from foreign countries; engravings, photographs, etchings, maps and charts imported for the use of the United States or the Library of Congress; engravings, photographs, etchings, maps, charts and music which shall have been printed more than twenty years at the date of importation; maps, music, engravings, etchings, lithographic prints and charts specially imported for the use or by the order of any society or institution incorporated or established solely for religious, philosophical, educational, scientific or literary purposes or for the encouragement of the fine arts; hydrographic charts, and publications issued for their subscribers or exchanges by scientific and literary associations or academies, or publications of individuals for gratuitous private circulation, and public documents issued by foreign governments, are not subject to United States customs duties. With the above exceptions, all articles of printed matter contained in the mails received from foreign countries are subject to the regular duty of 25 per cent. ad valorem.
- (b) "Books imported in the mails, whether dutiable or non-dutiable, are not subject to seizure, but all other dutiable mail matter is liable to seizure."
 - (c) "Samples" imported in quantities and intended to be sold by jobbers are dutiable.
- (d) There is no provision of law which would authorize the free entry of samples generally: but, in case the appraising officer finds that so-called samples have no commercial value, they are admitted free of duty, otherwise not. A sample may be defined to be a specimen of an article or class of goods having no market or commercial value itself, and not subject to sale, but through the medium of which it is intended to sell the goods it represents.
- (e) Samples of tea from countries of production, up to 2 pounds; and from other countries up to 12 ounces, are admitted free of duty.

- (f) The importation by mail of all dutiable articles except books, is prohibited, and seisure should follow in each instance, and release allowed in the case of the first offense upon payment of a fine equal to the duty; and in case of subsequent offenses, upon the payment of the appraised value, which is the foreign value with the duty added. In the case of importations of printed matter, however, in each instance, whether the first or second offense, release may follow upon payment of the duty only.
- (g) Sample copies of musical publications imported by dealers or agents of foreign publications, are held to be not exempt from United States customs duties.
- (h) The importation of less than 3,000 cigars or cigarettes in a single package is prohibited. Cigarettes must be put up in packages of 10, 20, 50 or 100.

COUNTRIES IN THE UNIVERSAL POSTAL UNION.

[The transmission of coin, gold, silver, precious stones, jewelry, etc., is prohibited in the regular mails for the countries marked thus *.]

91. In addition to the United States and its island possessions and the countries and colonies named in section 522, Postal Laws and Regulations, the following are included in the Universal Postal Union:

*Aden (including Perim), British Colony.

Bechuanaland, British Protectorate of, including Francistown, Gaberones, Kanye, Lake Ngami, Lobatsi, Macloutsie Mochudi, Mahalapye Siding, Molopolole, Palachwe, Ramoutoa, Shoshong and Tati River.

British East Africa, Protectorate, including Uganda.

British Colonies in the West Indies, viz.: the Grenadines and Cayman Islands.

British New Guinea,

Cuba.

Ethiopia.

German post offices at Amoy, Canton and Weihsien Shankaikwan, Tschinkiang, Tongku, Tien-Tsin, Chefoo, Pekin, Itchang (China).

Southern Nigeria, British Protectorate of, including Akassa, Asaba, Benin, Bonny, Brass, Burutu, Calabar (new and old), Forcados, Onitsha, Opobo, and Warree. Territory of the Caroline Islands, the Mariana Islands (except Guam), the Pelao Islands, in the Pacific Ocean, and German establishments in Morocco; Casablanca, Larrache, Marrakesch, Mazagan, Mogador, Rabat, Saffi and Tangier,

Japanese post offices at Chefoo, Soo-Chow, Hangchow, Shashi, Amoy, Hangkow, Pekin, Foo-Chow, Sungchin, Nanking and Newchang (China), and in Korea.

Panama, Republic of.

Russian post offices at Shanghai, Chefoo, Hankow, Kalgan, Kouldja, Ourga, Pekin, Tien-Tsin, Tougoutchak.

*Somaliland, British Protectorate of.

Postal establishments of Spain in Morocco (El-Ksar-el Kebir, Fez, Marrakesch and Mequines).

- 92. The following are considered as belonging to the Universal Postal Union:
- (s) The German post offices established at Pekin and Tsinanfu (China), as subordinate to the Postal Administration of Germany.
- (b) The post offices which the administration of the British Colony of Hong-Kong maintains at Lin Kung Island, Wei-hai-wei (China).
- (c) The Norwegian post office at Advent Bay on the West coast of Spitzbergen, as subordinate to the Postal Administration of Norway.
- (d) The post offices which the Administration of Japan maintains in China, Manchuria and the Island of Saghalien.
- 93. Postal Union rates and conditions apply to British India offices in various native States within the limits of Hindostan. To Kashmir, Ladak (Little Thibet), and Cabul (Afghanistan), in Italian mail, the same rates apply, but prepayment is compulsory, and only to the British Indian Frontier.

94. Correspondence for the Tunisian and Tripolitan ports of Sousse, Monastir, Mehdle, Sfax, Djerba and Tripoli, sent via France, is assimilated in all respects to correspondence for France. That for other portions of Tripoli, sent by the same route, is liable to the same rates of postage, but prepayment is obligatory and valid only to the port of debarkation, and registration is not possible. Correspondence for Goulette, near Tunis, and for Sousse in Tunis, sent via Italy, is assimilated in all respects to that for Tunis sent by the same route.

95. The Virgin Isles, belonging to Great Britain, comprise Tortola Anegada, Virgin Gorda, Jost Van Dyke, Guano Isle, Beef and Thatch Islands, Prickly Pear, Camanas, Coopers, Sait, Saint Peters, etc.

96. The Grenadines, or Grenadiles, consisting of Bequai, Caricou, Union and several smaller islands, belonging partly to Saint Vincent and partly to Grenada, W. I., colonies of Great Britain, are embraced in the Postal Union, the postage rates and conditions of which therefore apply.

97 Correspondence for Russia should have the name of the place of destination added in either English, French or German. If for the smaller towns in Russia, they should bear, as a part of

their address, the name of the province or government in which the towns are situated; otherwise, the Russian post office declines to undertake delivery of the correspondence.

98. Articles intended for Lourenzo Marquez, the capital of the Province of Mozambique, should be so addressed, and not to "Delagoa Bay" as that address is often confused with "Algoa Bay"—a port of the Cape Colony.

99. All classes of correspondence are now admitted to the mails for New Hebrides, Banks, Solomon and Shortland Islands, but registered correspondence cannot be accepted for Santa Cruz, Gilbert and Ellice Islands.

100. There are three Tripolis in countries bordering on the Mediterranean, namely, one in Syria, one in Greece and one in Northern Africa. In the case of an article for either of the three the name of the country should be stated in the address, and in case of an article intended for Tripoli in Northern Africa its destination should be stated as "Tripoli-in-Barbary," North Africa.

Sokaton (Suchiatun), Taikozan (Takushan), Tetsurei (Tiehling), Yendai (Yentai), Yugakujio (Hsiungyocheng), are mailable subject to the rate and conditions applicable to parcels for Japan.

103. Parcels for Austria. The Parcel-Post Convention with Austria applies to the following Provinces: Lower Austria, Upper Austria, Salzburg, Styria (Steiermark), Carinthia (Kaernthen), Carniola (Krain), Trieste and Istria (Kuestenland), Tyrol and Vorariberg, Bohemia (Boehmen), Moravia (Maehren), Silesia (Schlesien), Galicia (Galizien), Bukowina and Dalmatia (Dalmatien), and also to the principality of Liechtenstein.

Parcel post packages are not mailable to Hungary (i. e., Hungary, Croatia, Slavonia), nor to Bosnia-Herzegovina.

THE PARCEL POST.

104. Admissible and prohibited articles, inclosures, etc.—Any article admissible to the domestic mails of the United States may be sent, in unsealed packages, by Parcel Post to the places indicated in the foregoing table, except the following, which are prohibited from transmission: Publications which violate the copyright laws of the country of destination; poisons, and explosive or inflammable substances; fatty substances; liquids and substances which easily liquefy; confections (first preserved with sugar [not hard candy]) and pastes (except to France and Great Britain); live or dead animals except live bees and dead insects and reptiles when thoroughly dried; fruits and vegetables which easily decompose, and substances which exhale a bad odor; lottery tickets or advertisements, or circulars relative to lotteries; all obscene or immoral articles; articles which in any way may damage or destroy the mails or injure the persons handling them. The presence, in an unsealed parcel, of sealed receptacles containing mailable articles which cannot be safely transmitted in unsealed receptacles, should not render the parcel unmailable, provided the contents of the sealed receptacles are plainly visible, or are unmistakably indicated by the method of packing or by a precise statement on the covers. But such sealed receptacles shall not be admitted to the Parcel Post unless inclosed in an outside cover open to inspection. Any article absolutely prohibited admission to the regular mails for any country (see pages 207-211) is also inadmissible to Parcel-Post mails for that country; but no article is excluded from Parcel Post mails solely because it is dutiable in the country of destination. Playing cards, coin, gold, silver, jewelry and precious articles are not admissible to Parcel Post mails for France. Celluloid by Parcel Post to Austria and Germany is subject to the following regulations: Crude celluloid is permitted, if the package consists of a box of solid wood, well mortised. Articles of celluloid must be packed in covers of strong pasteboard. All packages, as well as the declarations thereof, must be provided with a white label bearing in conspicuous black letters the word "Celluloid."

105. Letters must not accompany parcels.—A communication of the nature of personal correspondence must not accompany or be written on any parcel. If such written matter be found it will be placed in the mails if separable, and if inseparably attached the entire parcel must be rejected. If, however, any such parcels are forwarded the country of destination will collect upon the accompanying communication or communications double the letter rate of postage prescribed by the Universal Postal Convention.

106. Parcels must not contain separately addressed packages.— A parcel must not contain packages addressed to persons other than the person named in the outside address of the parcel itself. If such enclosed packages be detected they must be sent forward singly charged with new and distinct parcel-postal rates.

107. No responsibility for loss.—The Department is not responsible for the loss of or damage to any parcel.

108. Supplies and needed information.—Postmasters' requisitions for the necessary blank forms and other supplies should be addressed to the Fourth Assistant Postmaster-General, Division of Supplies. Requests for information concerning the international Parcel Post service should be addressed to the Second Assistant Postmaster-General, Division of Foreign Mails.

109.Post offices to inform public.—Post offices are expected to assist the public to an understanding of the Parcel Post and the advantages it affords.

PARCELS FOR FOREIGN COUNTRIES.

- 110. How to mail parcels.—A parcel must not be posted in a letter-box, but must be taken into the post office and handed to the postmaster or other postal official in charge.
- 111. Address, etc.— Every parcel should bear a complete and legible address, not written in pencil, and be marked conspicuously "Parcel-Post," and bear the name and address of the sender in such manner as not to be mistaken for the address of the parcel.
- 112. Packing.— Every parcel must be securely and substantially packed; but in such a way that it can be opened without damaging its cover, in order that its contents may be easily examined by postmasters and customs officials. Boxes with lids screwed or nailed on may be used, and bags closed by means of sewing, provided they are presented at the post office open for inspection and then closed by the senders, except that parcels for Italy must be accepted for mailing, even prescribed. Parcels not properly wrapped must not be accepted for mailing.
- 113. Postage.— Postage on every parcel must be fully prepaid at the rate applicable thereto as indicated in the foregoing table. Bear in mind that the rate on parcels is so much per pound or fraction of a pound.
- 114. Registration.— The sender of a parcel addressed to any of the places indicated in the foregoing table, except Barbados, Dutch Guiana, France, Great Britain, The Netherlands and Uruguay may have the parcel registered by paying a registration fee of 10 cents, and will receive the "return receipt" without additional charge therefor, provided he demands a return receipt when he mails the parcel.
- 115. Return receipts for unregistered parcels.— The sender of an unregistered parcel addressed to Bahamas, Barbados, British Honduras, Dutch Gulana, or Jamaica may obtain a "return receipt" for the parcel by prepaying by means of postage stamps a fee of five cents in addition to the ordinary postage. In such cases the words "return receipt demanded" must be plainly written on the corner of the parcel.
- 116. Dimensions.—A parcel must not exceed the dimensions indicated in the foregoing table for the country to which the parcel is addressed. A parcel not more than 3 feet 6 inches in length may measure as much as 2 feet 6 inches in girth, or around its thickest part. A shorter parcel may be thicker; thus, if it measures no more than 3 feet in length it may measure as much as 3 feet in girth or around its thickest part.
- 117. The most convenient mode of measuring is by means of a tape line 6 feet long. So much of the tape as is not used in measuring the length is the measure of the maximum girth permissible.
- 118. The remarks in the two preceding paragraphs do not apply to parcels for Colombia, or Mexico, the length of which in any case must not exceed 2 feet no matter how small the parcel may be in girth; and the girth of which must not exceed 4 feet no matter how short the parcel may be.
- 119. Weight and value.—A parcel must not exceed the prescribed limit of weight or value indicated in the foregoing table.
- 120. Certificates of mailing.—The office of mailing may fill out and date-stamp a "Certificate of Mailing" (Form No. 4401) and hand the same to the sender if requested.
- 121. Customs declarations.—A "customs declaration" (Form No. 4402) properly filled out must be securely attached to every parcel; but so attached that it does not seal or close the parcel so that it cannot be easily, opened without damaging the cover. The contents must be accurately described. General terms such as "merchandise," or "samples," will not answer. It is not sufficient that the tag be tied to the parcel and allowed to hang loose. In addition to being tied by means of a cord passed through the eyelet, the tag should be bound to the parcel so that it lies flat thereon, and cannot be used as a handle to lift the parcel while in transit. Two copies of the "Declaration" must be forwarded with each parcel destined for Dutch Guiana, Salvador and The Netherlands and Uruguay and three copies with each parcel destined for Venezuela, while two copies of the special declaration "Form No. 2 Bis.", (4402½) showing in addition to the usual entries the gross weight of the parcel and net weight of the contents, must be attached to each parcel for France. One copy may be pasted to the parcel but the other copy must be affixed in such a manner that it can be readily removed at the exchange office where the mail is prepared for dispatch to France.
- 122. Customs duties.— Customs duties cannot be prepaid; they will be collected of addressees when the parcels are delivered.
- 123. If a parcel is received at an exchange post office prepaid at the parcel rate, but unaccompanied by a "customs declaration," it will be sent to the Division of Dead Letters unless it bears a clear indication of the origin of the parcel so that the exchange office can call on the sender through the mailing office to furnish the required "customs declaration."
- 124. Parcel-post packages not fully prepaid inadvertently forwarded.— If an unregistered parcel for a foreign country is received at a United States exchange post office with postage not prepaid in full, the exchange office should request the mailing office to transmit to the exchange office the postage stamps necessary to complete the prepayment. Failure to complete the prepayment will prevent the dispatch of the parcel from the United States.
- 125. If a registered parcel is received at a United States exchange post office with postage not prepaid in full postage stamps to cover the deficiency should be affixed; pursuant to the provisions of section 959 of the Postal Laws and Regulations.

126. Parcel-post packages not mailable to all places.—Packages are transmissible by a Parcel-Post to the places indicated in the foregoing table only. Parcels addressed to any other place must not be accepted for mailing or dispatched from the United States if they are mailed.

PARCELS FROM FOREIGN COUNTRIES.

127. Customs duties.— Dutiable or supposed dutiable articles received by Parcel-Post are subject to the treatment prescribed by the "Joint regulations governing the treatment of dutiable and supposed dutiable articles received in the mails from foreign countries" printed on pages 5 to 14 of the Postal Guide for the month of March, 1907.

128. Postage charges on delivery.—A postage charge of 5 cents must be collected upon the delivery to the addressee, either at the post office or his residence, of each parcel from Australia, Austria, Belgium, Bermuda, Bolivia, British Guiana, Chile, Denmark, Dutch Guiana, Ecuador, France, Germany, Great Britain, Guatemala, Honduras (Republic of), Hong Kong, Italy, Japan, Netherlands, Newfoundland, New Zealand, Nicaragua, Norway, Peru, Sweden, Trinidad, Uruguay, Venezuela or the Windward Islands. Parcels must be forwarded from one United States post office to another, without additional charge.

129. Parcels from places other than those named in the preceding paragraph must be subjected on delivery to a charge of 1 cent for each 4 ounces or fraction of 4 ounces; except that the minimum charge on any parcel is 5 cents, and that the maximum charge on a parcel from the Danish West Indies is 10 cents.

130. Postage-due stamps to the amount of the proper charge on the parcel must be affixed thereto and canceled before delivery. (See sec. 616, P. L. and R.)

131. Return and redirection.— Parcels which can not be delivered must be marked to show the cause of non-delivery, such as "unclaimed," "refused," etc., and returned from the post office of destination to the United States exchange office from which they were received, at the expiration of 90 days from the date of their receipt at the office of destination in the case of parcels from Colombia and Uruguay; and at the expiration of 30 days in the case of parcels from Australia, Belgium, Bermuda, Bolivia, British Guiana, Chile, Costa Rica, Danish West Indies, Dutch Guiana, Ecuador, Guatemala, Hong Kong, Italy, Japan, Mexico, Netherlands, Newfoundland, New Zealand, Nicaragua, Peru, Republic of Honduras, Salvador, Sweden, Trinidad, Venezuela and the Windward islands.

132. The United States exchange office will return such parcels to the foreign exchange office which dispatched them to this country, and for such return the sender will be required to pay on each parcel a sum equal to the postage originally prepaid thereon.

133. In the case of undeliverable parcels from Austria, Banamas, Barbados, Brazil, British Honduras, Denmark, France, Germany, Great Britian, Jamaica, Léeward Islands, Norway, Sweden, the postmaster at the post office of destination will notify the Second Assistant Postmaster-General that the parcels remain undelivered—giving a full description of said parcels (including the name and address of addressee, name and address of sender, date and place of mailing, and any other information that will serve to indentify the parcel on the records of the foreign despatching exchange office)—and hold the parcels subject to the instructions of the Department.

134. Senders of parcels for or from Australia, Bahamas, Barbados, Belgium, Bermuda, Brazil, British Gulana, British Honduras, Hong Kong, Italy. Jamaica, Leeward Islands, Newfoundland, New Zealand, Trinidad and the Windward Islands who request their parcels to be returned must transmit with their requests the amount necessary to prepay postage afresh at the rate of 12 cents per pound or fraction of a pound. Parcels returned at the sender's request incur a supplementary charge, which may be collected in advance or on delivery, in the case of parcels from France and Great Britain.

135. Parcels for or from Austria, Australia, Belgium, Bermuda, Denmark, Dutch Guiana, France, Germany, Italy, Japan, The Netherlands, Norway, Sweden or Uruguay, which contain "prohibited" articles of which exceed the limits of size, weight or value, need not necessarily be returned to the country or origin; but at the demand of customs officials may be disposed of in accordance with the customs regulations of the country of destination.

136. Undeliverable parcels returned to United States.—An undeliverable parcel returned to the United States, upon which the return postage has not been prepaid, is subject on delivery to the sender to a postage charge equal to the amount of postage originally prepaid on the parcel; which amount should be marked on the parcel by the United States exchange post office which receives it back from abroad, and collected by the post office which delivers it to the sender — the necessary postage-due stamps being affixed and canceled as directed in section 129.

137. Notices to addressees of registered parcels.— The post office of destination must promptly notify the addressee of the arrival of a registered parcel.

PARCEL-POST PACKAGES FOR MEXICO - LIMITS OF WEIGHT.

138.
