POST OFFICES AND BRANCH POST OFFICES, WITH STATIONS.

ARRANGED BY STATES

JUNE 1, 1910.

[For Supplement containing changes to July 1, 1910, see Index.

Money-order offices are indicated by an asterisk (*). International money-order offices by a dagger (†). Summer offices by a double dagger (‡). Winter offices by parallels (||). Figures after the offices indicate the number of rural routes emanating therefrom.

All stations issue and cash money-orders, register letters and parcels, and sell postal supplies. Lettered and named stations, in addition, receive, deliver and dispatch mail matter.

Independent stations, indicated thus (Ind.), receive and dispatch registered mail in the same manner as post offices, and are the only stations to which postmasters address registered package envelopes.

Money orders must be drawn only on the main office, not upon branch offices or stations, but may be cashed at either the main office, branch office or any station of such office.

County seats, (ch) are shown in the list of post offices arranged by states and counties.
